Woman Took Lydia E. Pinkham's Vegetable Compound

Denver, Colo.—"I have taken six bottles of Lydia E. Pinkham's Vegetable Compound and will take more. I am taking it as a tonic to help me through the Change of Life and I am telling many of my friends to take it as I found nothing before this to help me. I had feelings at night that I could not sleep and for two years I could not go down town because I was afraid of falling. My mother took the Vegetable Compound years ago with good results and now I am taking it during the Change of Life and recommending it."—Mrs. T. A. Bizzell, 3011 Adams Street, Denver, Colorado.

MY MADONNA

You painted no Madonnas,
On chapel walls in Rome;
But with a touch divine,
You lived one in your home.

You wrote no lofty poems
That critics counted art;
But with a nobler vision
You lived them in your heart.

You carved no shapeless marble
To some high soul-design;
But with a finer sculpture,
You shaped this soul of mine.

You built no great cathedrals
That centuries applaud;
But with a grace exquisite,
Your life cathedral God.

Had I the gift of Raphael,
Or Michelangelo,
Oh, what a rare Madonna,
My mother's life would show.

—Thos. W. Fessenden.

APPRECIATION TOLD BY GERMAN PRESS

BERLIN, May 20.—(AP)—The entire German press as well as the German foreign office tonight gratefully acknowledged their thanks for the promptitude of French assistance in aiding the dirigible Graf Zeppelin during the airship's perilous journey and emergency landing in France yesterday.

More had been accomplished towards a Franco-German rapprochement by the mishap to the Zeppelin and the efficient assistance which it called forth from the French, than by years of diplomatic negotiations, it was widely remarked.

Dr. Eckener was given full credit for his remarkable presence of mind and circumspection in maneuvering the airship. But the ready French helpfulness has filled the mind of the man in the street and brought echoes from official circles.

The Diplomatische Politische Korrespondenz, which reflects foreign office views, today unstintingly praised "the French humane spirit and broadmindedness and the French government's quickness of decision and ready response."

NEW WAY TO COOK VEGETABLES

Four Famous Cooking Experts Discover New Method

Four well-known cooking experts recently conducted a unique food-tasting test in the kitchen of one of the experts in New York City. Numerous vegetables were cooked: 1. With liberal water without sugar. 2. With little water and no sugar. 3. Liberal water with sugar. 4. Little water plus sugar. In every case when the sugar was taken, liberal water without sugar lost, and in every case little water plus sugar won.

This discovery shows how to make vegetables so tasty and appealing that both children and adults will ask for more. Just try this new recipe and then experiment for yourself and see what a marvelous difference the addition of sugar to cooking vegetables makes.

BANANAS WITH CRANBERRIES—Cook 2 cups cranberries and 1/4 cup water about 2 minutes. Add 1 cup sugar and stir until dissolved. Arrange 6 small or 3 large bananas that have been scraped and cut in half in a greased baking dish. Pour the cranberry mixture around them and bake in a moderate oven (375° F.) 20 minutes until the bananas are tender.

Famous cooks and eminent scientists agree that sugar is the great flavor of healthful foods. For weariness eat sugar. The Sugar Institute.
