

SALEMITE MAY BE CANDIDATE

Report Indicates Possibility of Percy Cupper's Running for Governor

Percy A. Cupper, well known throughout the state as an engineer and as former state engineer, is planning to enter the race for the republican nomination for governor at the primaries next spring, according to general report here.

Mr. Cupper has made no announcement and on being questioned, has declined either to confirm or deny the report, saying that "it's too early to talk politics."

What prospect the local engineer has of nomination, in view of the political situation in the state as it stands today, is difficult to determine. It is true that he is well and favorably known everywhere in the state, and especially in the irrigated portions where he has assisted the settlers in numerous ways, both while state engineer and a member of the desert land board, and later as an engineer in private practice.

It was while Mr. Cupper was state engineer that the present irrigation law was framed and enacted, and under it many projects have made marked progress although some, developed under unfavorable conditions, are in financial difficulties.

Since retiring from official life incident to a change in state administration six years ago, Mr. Cupper has been in touch with many of the irrigation projects, in connection with water rights adjudication and other matters.

Mr. Cupper is associated with other groups which are statewide, in such way as to make it certain that his campaign would be carried on actively throughout the state, in case he decided to run.

The situation with respect to the governorship as generally viewed at present, finds Governor Patterson in a favorable position. The only opponent plainly visible is Senator J. E. Bennett of Multnomah county, who is popular with large groups of voters in that populous center because of his strenuous fight on the telephone rates question and other issues at the last session of the legislature. Elsewhere he is not so well known.

Prospects for a close race are seen by many if the race develops into a three cornered contest with Mr. Cupper or some other "dark horse" making a strong showing; but that depends on the dozen or so other potential candidates staying out, which isn't likely. It is generally believed that the more candidates there are, the better will be the chances of the incumbent for renomination.

BORDER INSPECTOR NOW EXONERATED

(Continued from Page 1.) before Cooper confessed and was understood to have given the prosecutor "vital information" after 48 hours of grilling, Cooper made the following statement:

"Four of us went over to Canada at 9 o'clock on Monday night and purchased 35 cases of liquor, paying \$1,268 in cash for it. We ran it across the river and were pulling into the mouth of the river Rogue when the customs boat gave chase.

"Eugster threw ten cases of liquor into the path of the guard boat and they fired ten shots over our heads.

"We were losing ground in the chase when we struck a log under the bridge near the mouth of the river. The boat started to leak so we beached it. We started along the shore on foot and ran into Cox. It was then that Eugster was shot after Cox ordered us to halt. After Eugster fell, Cox shouted to us to stop or he would shoot us too."

IDAHO LIEUTENANT GOVERNOR KIDNAPED

(Continued from Page 1.)

tains near Greer, the lieutenant governor added. In an isolated spot some distance from the road the robbers tied up the three victims to a tree. Leaving one of the number on guard they drove off in Tribbey's car.

"After about four hours the men returned," Kinne continued. "They threatened us with death if we moved within four hours and then all left."

"In about fifteen minutes Tribbey cut himself loose and freed the rest of us and we walked into Greer, only a short distance away."

The bandits were described as being aged between 18 and 25 years and "very desperate men." All carried pistols.

Hobby at Pierce Platted By Beams Kinne said he gathered from their conversation that they were on route to Pierce, a small town in that district, to commit a robbery, and their reason for stopping him was to get an automobile rather than money. They took \$200 from Tribbey and \$14 from Kinne, however.

Kinne, brought to a hospital here tonight, was reported to be seriously but not dangerously injured.

Ernest Robinson, a representative of the state department of law enforcement, Ely W. Bowdoin, a Clearwater county deputy sheriff, and Tribbey were in charge of three separate parties. Yearly all of the male population

Candidate?

Percy A. Cupper, former state engineer, who according to well founded report is considering running his hat into the gubernatorial ring.

of three counties, including Boy Scouts, farmers and lumberjacks and law enforcement officers, were members of the posse.

A pack of bloodhounds, taken to Lewiston by airplane from Yakima, Wash., were thrown into the hunt by Sheriff Harry Dent of Nez Perce county.

By nightfall the entire central Idaho region for a radius of 200 miles was being guarded and officers said they were sure the bandits would be caught.

REBELLION BREAKS OUT IN CONGRESS

(Continued from Page 1.)

democrats peppered him with questions on tariff until the Indiana senator took the floor. Watson links Hoover Wants Wide Revision

The democrats interrogated the republican leader and the recommendation of President Hoover for "limited" tariff revision. Watson finally replied to Senator Robinson, of Arkansas, the minority leader, that he did not understand the president to mean the tariff changes should be confined solely to agricultural schedules.

Meanwhile word came over from the house republican leaders that they would consent to no recess this summer except for three day periods, unless the senate first fixed a definite time to vote on the tariff bill.

Republican Leaders Greatly Concerned Senate democrats have declined to agree to a definite time for a vote on the tariff, although assuring cooperation in speedy disposition. Tonight the harassed republican leaders of the senate were seeking to work out an arrangement with the house permitting a vacation until August, if the census-reapportionment and farm relief bills are first enacted and a vote taken on the Hoover recommendation of suspension of the national origins immigration quota basis.

Despite the gloomy outlook, some republican leaders were sanguine enough to hold to plans for a recess beginning next week and carrying through for about six weeks. They believed the house would reject the export de-benture proposal and that the senate would approve the compromise farm bill by the end of the week.

The Borah-Watson discussion revealed definitely the opposition of the republican independents to the house tariff measure and threw a new fear into the administration hearts in the senate. The house has overriden President Hoover on the de-benture plan in the farm bill.

Woodburn Bible School Elects, New Officers

WOODBURN, June 12—The Board of Directors of the Week-day bible school met and elected officers Monday evening.

The school closed its third successful year at the close of the public schools with a record of nearly 100 per cent in attendance. The Board elected as their officers for the next school year, Mrs. Eugene Mosher, president; A. E. Austin, vice president; Lotie Livesay, secretary; C. J. Esby, treasurer. The different committees appointed to serve throughout the year were finance, A. E. Austin, C. H. Esby, H. L. Gill and Mr. Ashland; place and equipment, S. R. Kallak, Mae Stewart and Lucille Pendleton; course of study, Mrs. Gertrude Belcher, Nellie Muir, Gladys Freeberg, teachers, C. J. Esby, Laura Livesay and Nellie Muir; publicity, H. L. Gill, Mr. and Mrs. W. E. Norman who are leaving the city soon have had an active part in the carrying on of this worthy project and their absence will be greatly noticed when the school opens in the fall.

Engagement Of Prince Denied

LONDON, June 12—(AP)—Rumors that the Princess Ingrid, daughter of the Swedish crown prince, was engaged or about to be betrothed to the Prince of Wales were strongly denied tonight by an unnamed "high court official" to whom the Daily Mail ascribed the statement that there was not a word of truth in any of those suggestions linking the princess with members of the British royal family.

ROOT-WEEVIL CAN BE HANDLED, VIEW

College Gives Advice On Its Control; Recipe for Bait Used

Information recently released to growers by the department of entomology of Oregon Agricultural college draws their attention to the activities of the small strawberry root weevil. This weevil is now rapidly changing to the adult stage and it is advised to bait at once against it. To be effective, the bait must be applied before egg laying begins.

An apple or bran bait may be used. The formula which has been found to be effective against these insects follows:

- Bran 5 pounds.
- Sugar, one pound.
- Calcium arsenate, 1/4 pound.
- Water, 2 qts.

Dissolve the sugar in the water and then thoroughly mix with the bran until the bran is uniformly moistened. The powdered calcium arsenate is then thoroughly mixed with the moist bran.

The application is then made by placing one tablespoonful to each hill directly on the crown of the plant.

There are several species of weevils which attack the strawberry plant and it is not yet time to bait for the medium and large weevils, since these have not yet changed to the adult stage. Growers should be sure of the type of insect to be combated and if the identification specimens may be sent to the college for identification.

Business Women To Stake Picnic At Fairgrounds

The business and Professional Women's club will hold a "picnic picnic" this evening at the state fairgrounds, the event to get under way at 6:30 o'clock. Stunts, a southern plantation dinner and a white elephant grab bag are included in the program arrangements.

The committee in charge consists of Miss Carlotta Crowley, Miss Phoebe McDermis, Miss Ruth Moore, Miss Helen Brethaupt, Mrs. Maude Pressnell, Dr. Mary Purvine, Miss Amy Martin, Miss Jessie Martin, Mrs. Hector Adams, Miss Hazel Price, and Miss May Cleveland. The club will hold annual election Tuesday, June 25. Miss Grace L. Taylor is chairman of the nominating committee.

Archie Graham Accident Victim Is Operated On

Archie Graham, 20-year-old transient from Detroit, Mich., the upper part of whose body was paralyzed Tuesday afternoon when he dived into a foot and a half of water, was operated upon late Wednesday afternoon in an effort to straighten a vertebra which was wrenched, causing the paralysis. Small hope is held for his recovery, according to attendants from the Deaconess hospital where he is. Although unconscious, he scarcely spoke yesterday. Graham came here Sunday with a companion whose home is in Untonville, Ill., the boys hitchhiking their way to California where each has an uncle.

Deeds To City Aviation Field Now Recorded

Deeds to three tracts purchased by the city of Salem for its municipal airport, were filed in the county recorder's office Wednesday. It was announced by Miss Edith Burch, acting city recorder. The tracts were purchased from T. W. Holman, J. R. Linn and the state. They total 214 acres, and cost the city \$22,661.

WOODBURN Women Inspect Work Of The Foshay Dairy

WOODBURN, June 12—The Woodburn Women's club accepted the invitation of O. Vogt to visit the Foshay Dairy Inc. Monday evening.

Only part of the ladies who had promised to go to the dairy went, as many were at the rose festival. Under the guidance of Mr. Vogt they were conducted throughout the dairy and watched the process of putting up the milk from the time the milking was over until it was put into the trucks for delivery. Mr. Vogt gave a thorough explanation of all the machinery used in the process of bottling the milk and answered the numerous questions of the curious onlookers. The process of sterilization was thoroughly explained and the group had an opportunity to witness the operation of the machine which filled and capped the bottles. After they were shown through the dairy they were served delicious refreshments and J. E. Blinkhorn, Marion county dairy and food inspector, gave an interesting talk on pure milk. He said that a great deal of care had to be given to keep the milk free from harmful bacteria and disease-spreading germs. Some of the most terrible of epidemics have been started by impure milk. Mr. Blinkhorn gave an explanation of pure milk and said that in order for milk to be thoroughly pasteurized must be heated to 142 degrees and left at that temperature for 30 minutes. He also explained the chart that registered automatically the temperature of the milk and how long it took to get it to the correct temperature and remain the required time. All dairies have to have the cows examined for tuberculosis and the men have to have physical examinations. The major requirements for a good dairy are the sanitary and sterilization conditions. Ventilation and light are also important. After the talk the ladies were shown through the barns and explained the methods of feeding and watering the immense herd.

MOTHERS ARE LEARNING USES OF MAGNESIA

From the beginning of expectancy until baby is weaned. That's the time Phillips Milk of Magnesia performs the greatest service for many women.

It relieves the expectant mother's nausea, heartburn, "morning sickness," inclination to vomit; helps her digestion. Its mild but effective laxative action assures regular bowel movement.

Phillips Milk of Magnesia is better than lime water for neutralizing cow's milk for infant feeding. A teaspoonful of it does the work of a half pint of lime water. It is mild laxative; harmless, almost tasteless.

All drug stores have Phillips Milk of Magnesia in generous 25c and 50c bottles. Always insist on the genuine, endorsed by physicians for 50 years.

"Milk of Magnesia" has been the U. S. Registered Trade Mark of the Chas. H. Phillips Chemical Co., and its predecessor, Chas. H. Phillips, since 1875.

FREE: to young mothers and prospective mothers; "Useful Information," an invaluable little book on the health of mother and child. Write the Phillips Co., 117 Hudson St., New York, N. Y. It will be sent absolutely free of charge. Adv.

His action followed waiving of preliminary hearings in recorder's court by those held and announcement by Tom J. Jimison, defense attorney, that he would bring habeas corpus proceedings in Mecklenburg superior court for the release of all thirteen of those still held are charged with murder and the rest with felonious assault.

Mason said he found no reason to hold the prisoners he released after examination of them late today.

The prisoners are all strikers from the Lory mill or outside leaders who came to Gastonia to aid in the strike. Adherolt was fatally wounded last Friday in a clash with strikers when he, with three patrolmen, went to the headquarters of the National Textile Workers' union to investigate reports of fighting and rioting there. He died the next day. The three patrolmen were wounded. Two of them are in hospitals, but are said to be recovering.

Twenty-eight Marion county teachers appeared Wednesday to write in the four-day teachers' examinations which are being held at

47 STRIKERS HELD FOR POLICE DEATH

GASTONIA, N. C., June 12—(AP)—The list of prisoners held in connection with the slaying of C. F. Adherolt, Gastonia chief of police in a clash with strikers dwindled tonight to 47, when George B. Mason, city solicitor, withdrew warrants charging 24 men with assault with intent to kill and released them.

His action followed waiving of preliminary hearings in recorder's court by those held and announcement by Tom J. Jimison, defense attorney, that he would bring habeas corpus proceedings in Mecklenburg superior court for the release of all thirteen of those still held are charged with murder and the rest with felonious assault.

22 AUTO PARTIES AT CAMP TUESDAY

Twenty-two cars were registered in the city auto camp Tuesday night. This is the largest number that has been on the grounds this season. There has been no difficulty in keeping all the cabins full, Manager Poissal said, and lately the tent-houses have been increasingly popular. There has been no ground camping to speak of as yet.

With the close of school many families will feel free to answer the call of the open road, and it is expected that the camp will fill every night. Most of the cabins have been cleaned and repainted during the winter, and the grounds are in excellent condition.

Luper To Serve Upon Committee

Rhea Luper, state engineer, has been asked by Elwood Meade, commissioner of reclamation, to serve on a committee to conduct an economic survey of the Oregon irrigation project. The committee will hold a conference at Billings, Montana, June 18. Mr. Luper said he would attend the conference.

Strawberry Festival Under Way in West Salem Now

WEST SALEM, June 12—The strawberry festival given by the West Salem Community club started Wednesday with ideal June weather as an added attraction.

Publishers of the West Salem "Star", have installed a linotype machine and plan to make the "Star" a larger and better paper.

Attends Commencement Mrs. I. W. Thomas went to Monmouth on Tuesday to attend the commencement exercises at the state normal school. Her son, Lyle Thomas, who is a 1929 graduate, returned home with her. On their way home they stopped at the picnic given by the Oak Point school.

Mrs. M. A. White received word Tuesday that her grandson, Arthur Mills, had submitted to an operation on his foot. He is getting along as well as is possible. Mr. Mills is in a Eugene hospital where he was taken following an accident which occurred some time ago when an auto collided with a motorcycle which he was riding.

Make Water Connections

The city water department made water connections Tuesday at the Baker tract in Cascade Drive. The Bakers expect to start building a home there soon. This is a beautiful home site overlooking the city.

Classes Meet The primary class of the L. D. S. church met on Tuesday afternoon with Mrs. Spencer Greene at her home on Rosemont avenue. All officers and teachers were present.

A group of West Salem people attended the graduating exercises at the Oak Point school Monday evening. Attending were: Mrs. W. A. Thomas and daughter, Mrs. Mabel Thomas, Miss Evelyn Thomas, and Delbert Moore. Lyle Thomas and Miss Mabel Thomas who are both graduates of the normal school at Monmouth this year, have done practice teaching at the Oak Point school.

George Steward made a business trip to Dallas on Tuesday.

Students Prefer Cats Over Kings

High school students, and especially sophomores, prefer cats to kings. So declares Miss Mabel P. Robertson, head of the history department, in her annual report to the city superintendent. Sophomores, particularly have a tendency to avoid history and elect a science, usually biology, her report states, which fact gives ground for the cats vs. kings.

Few of the American history students have an adequate background for this course, and to solve this problem, Miss Robertson recommends that two years of history be required for graduation. Thus one European history course, civics or comparative governments would help give the needed foundation.

BIG SERVICE CLUB PICNIC IS PLANNED

The Salem Rotary club will invite the other service clubs of the city to participate in a joint picnic sometime this summer, similar to the successful affair staged two years ago, it was voted at the Wednesday Rotary luncheon.

Chief "Little Bison", Sioux Indian, was the speaker of the day. Introduced by Supervisor O. H. Lipps of the Chemawa Indian school, the Indian brought to the Rotarians a word picture of conditions among the "vanishing race" at present, and urged that after being educated, the young Indians be given a chance to engage in commercial and industrial work.

The Indians before the white man came, had a better civilization than the white man enjoys today, the speaker said; they had no police officers, no prisons, no insane asylums and no cripples.

WOMEN'S CLUB HAS AUMSVILLE MEET

AUMSVILLE, June 12—The Women's club met Thursday at the Hien's home. Present were Mrs. E. T. Peirce, Salem; Mrs. John Ransom, Shelburn; Mrs. E. Towle, Mrs. George Claxton, Mrs. T. J. McClelland, West Stayton; Mrs. Millie Martin, Mrs. Margaret Martin, Mrs. Lee Hieberger, Mrs. Fisher, guest of honor.

Mr. and Mrs. G. Monkers and Mr. and Mrs. W. Lamb of Portland came Thursday for a visit at the C. F. Hien home.

PRINTING That Pleases

THE Statesman Publishing Company operates the largest printing establishment in the state outside of Portland. Presses large and small and workmen skilled in the trades daily produce commercial printing of high quality.

Whether it is a book or catalog or bulletin, the Statesman can print it for you. And if you want ordinary commercial forms: letterheads, envelopes, office blanks, you may depend upon getting work of quality at reasonable price at the Statesman office.

SINCE 1851 The Statesman has led the Salem field in the line of commercial printing. Never has it been better able to serve than at the present time.

Estimates cheerfully furnished. Work delivered when promised.
