

COUNCIL HOLDS UP ON CONDUIT

Woodburn Group Accepts the Resignation of W. F. Norman

WOODBURN, June 19.—The Woodburn city council held a regular meeting in the city water office Tuesday night.

The session was short, there being very little business to be transacted. The regular routine of business was followed and the report of recorder and treasurer was referred to the finance committee for approval.

A letter was read requesting the city to send the health center officer to a meeting in Portland in July but it was passed up, the matter resting entirely in the hands of the officer to decide whether or not he should go. The resignation of W. F. Norman was accepted and it was voted that Councilman Epsy and Attorney McCord draw up a resolution showing the appreciation of Norman's work on the city council.

To Replace Old Pipes

City Water Superintendent Soule requested action on the part of the city as to whether or not they wanted him to go ahead with the replacement of old water pipes.

The city moved to do this under the supervision of Soule. They decided it was a favorable season to work and that it would help the unemployed citizens to get work.

It was reported that the trees on the Southern Pacific property at Cleveland and Front were trimmed so as to make the property look better and so that the obstruction on that intersection was obliterated.

MURDER CLUE SAID TO POINT TO SNOOK

COLUMBUS, O., June 19.—(AP)—A report from C. H. Long, a chemist, that blood stains were found on the door jamb of the automobile and on gloves of Dr. James H. Snook, held for investigation in the slaying of Theora Hix, 24, Ohio state co-ed., and the release of the other man held, Marion T. Meyers, marked developments today in the investigation.

Long's report made to County Prosecutor John J. Chester, Jr., said it had not been determined yet whether the blood was human or animal.

Dr. Snook, deposed Monday as a professor of veterinary medicine at Ohio State university, had told police that he injured his hand while repairing his automobile, last Wednesday, the day before Miss Hix was hammered and knifed to death and her body left on a rifle range near this city.

Shortly after Meyers was released from jail, President George W. Rightmire of Ohio State university announced that he had recommended that he be dismissed from the staff of the department of horticulture for "alleged moral delinquency."

Both Snook and Meyers had admitted they had been intimate with the girl. Investigators learned that Snook had Miss Hix had shared a room in an apartment house here for several months.

DESCENDANTS WILL HOLD ANNUAL MEET

WOODBURN, June 19.—The descendants of Joseph Cary Geer will hold their annual reunion next Sunday at the A. A. Geer farm in the Waldo Hills.

This will be the eighth annual reunion of this old pioneer family and relatives will be there from the country and states around this vicinity. "Uncle" Cal Geer, the only member of the family left that crosses the plains to Oregon in '48, will be there and all members of the family are asked to come even if they did not receive an invitation so that they will be invited in the future. Basket dinner will be served at noon.

REGENTS GO TO BEND

MEDFORD, Ore., June 19.—(AP)—The board of regents of the Oregon State College left today for Bend, Ore.

Lindy And His Bride Back From Honeymoon Trip to View \$150,000 Contest

MITCHEL FIELD, N. Y., June 19.—(AP)—Col. and Mrs. Charles A. Lindbergh came out of their honeymoon seclusion today, the place of their return to public life being, fittingly, an aviation field.

The famous flier and his wife spent the morning here to witness the first tests in the \$150,000 competition being held by the Daniel Guggenheim fund for the promotion of aeronautics in the hope of discovering a "fool proof" airplane.

Before the testing of the first entrant began the Lindberghs drove up to the hangar in the colonel's car, surrounded from three weeks on their honeymoon yacht, and became at once the center of all interest. They posed for news pictures together and then with a group of officials of the Guggenheim fund later, the colonel told reporters something about the safety competition.

He expressed the opinion that although aviation was on a sound footing commercially, planes must be made far safer and easier to handle than at present before the day of universal flying could dawn.

Col. Lindbergh took up the STAYTON HAS CALM ELECTION

Supt. H. E. Tobie and Staff of 10 Teachers to be in Charge of Schools

STAYTON, June 19.—The annual school election Monday passed off quietly and while it was anticipated that there would be some fight on account of the budget being so much larger this year, it carried heavily, only one vote being cast against it.

The increase in the budget is due to Stayton taking in so many rural schools.

Grant Murphy was re-elected director, and W. H. Hobson was re-elected clerk. They had no opponents. Other members of the board are Dr. Beauchamp, chairman, and J. W. Mayo.

The following teachers have been secured for the ensuing year:

- Superintendent and high school principal, H. E. Tobie.
- Assistant high school principal, mathematics teacher and coach, Guy Mauney.
- Science teacher, Beatrice Amundson.
- English teacher, Ruth Wallace.
- Commercial teacher, Velma Strain.
- Home Economics teacher, Jeanne Wilson, of Santa Anna, California.
- Elementary school principal, H. C. Egelston.
- Upper grade teachers, Helen C. Patton, Zoa Goode.
- Intermediate grades, Frances Lillis.
- Primary grades, Mrs. H. C. Egelston.

Robertson Clan Meets at Turner

TURNER, June 19.—The annual picnic of the Robertson family was held at the Christian Tabernacle grounds here on Sunday.

Seventy-one members of the family were present, those coming from Astoria, having come the greatest distance. At one time a number of the family lived in or near Turner but now only L. L. Robertson and wife, B. E. Robertson and wife, A. E. Robertson and family, and L. W. Robertson and wife are residents of the Turner district.

MEXICANS WAIT WORD AT ROME

Decision Sought From Pope On Settlement of Row With Government

MEXICO CITY, June 19.—(AP)—A day of waiting for decision by Pope Pius on the basis of agreement for settling the controversy between the Mexican government and the Roman Catholic church, bore no results today. The watchers settled down to a night vigil thinking that a cable message from Vatican city might be received in the late hours.

It was learned that the subject has been put up flatly to the pontiff and that announcement of a definite settlement of the three year old problem depends only upon his assent. If his approval is received, President Portes Gil and the papal legate, Archbishop Ruiz Y. Flores de Michoacan, will meet and sign the prepared public statement. The world will then learn the terms of the conciliation.

Government Unwilling To Concede Further

It was admitted in authoritative circles here that if Pope Pius disapproves the present agreement, the chances for a settlement will be remote. It was declared that the concord reached by the president and archbishop represents the limit to which the Mexican government can go.

The terms of the agreement were cabled to the Vatican through the Chilean embassy at Rome on Monday night. Since then the negotiators here have maintained an attitude of watchful waiting.

Anxiety Increases As No Word Comes

It had been hoped that a reply would arrive this morning. As the day passed and nothing came from Vatican city, anxiety increased among the negotiators. Rome time is seven hours ahead of Mexico City clocks. Hence, by 6 o'clock tonight hope for immediate receipt of a message waned although the vigil was continued on the chance that a decision had been reached at the Vatican last night and that

news of it might arrive at any time.

Ambassador Dwight W. Morrow, who played a prominent part in the negotiations, conferred with President Portes Gil for ten minutes this morning. He spent the rest of the day at the embassy. Archbishop Ruiz remained at his residence all day and Bishop Pascual Diaz of Tabasco, who aided in the negotiations, also spent most of the day indoors.

SINCLAIR LOSES BIG ACTION FOR LABEL

DENVER, June 19.—(AP)—Upton Sinclair, novelist, lost his \$200,000 libel suit against the Rocky Mountain News today when a federal district court jury returned a verdict for the newspaper after a brief period of deliberation.

The writer's suit against the News was declared unique in that it charged that the News, through Lee Taylor Casey, News columnist had libeled Sinclair through the review of a biography of Sinclair written by Floyd Dell.

The book review severely arraigned Sinclair on the basis of his own writing, and acts. The News in defense pleaded that the arrangement was the truth, and the case was given to the jury with the instructions that if they thought the review was the truth, a verdict for the defendant should be returned.

Woodburn Garden Club Show Next Saturday Morning

WOODBURN, June 19.—The Woodburn Garden club is sponsoring a delphinium and flower display show at Landon's furniture store, Saturday. No competitive prizes will be given, the show being only for display.

MAKING BOXES IS TASK

Cobbs at Jefferson Pioneers in Fields DEVELOPMENT IS RAPID

Haven't you often wondered where all those bright colored mail boxes, marked with the name of some daily newspaper, came from? I have and the other day I found out, quite by accident, that every one is made at the W. L. Cobb shop in Jefferson.

These gay colored boxes go into all parts of Oregon, Washington, Idaho and California. Mr. Cobb sells direct to the newspapers and each paper provides specifications as to the size and color of the box and the type of lettering it is to have.

The boxes are made of galvanized iron and are in three sizes; the standard size, five and one-half by 19 inches; the medium, four and one-half by 15 inches and the small size, three and three-fourths by 13 inches.

Patterson And Party to Leave For California

Governor Patterson, members of the state highway commission, and Portland newspapermen, will leave here today for Smith River, Calif., where they will participate in ceremonies attending the dedication of a new bridge there Saturday.

The party will spend Thursday night at Eugene. A brief stop will be made at Marshfield Friday noon. Friday night will be spent at Gold Beach. Curry county, California officials will meet the Oregon delegation at Smith River early Saturday.

Month's Trial Helped Her

"I started taking Lydia E. Pinkham's Vegetable Compound when I was 14 years old to build me up. I had been frail and nervous. After taking three bottles I was in normal condition. Since then I occasionally have a run-down feeling which makes me weak, nervous and irritable. By taking two or three bottles of the Compound I am back to normal."—Mrs. Jerry C. Jarvis, R. F. D. No. 1, Palmer, Mass.
