

GOODYEAR AIRSHIP SETS RECORD MARK

Great Plane Assembled in Less Than Two Days; Flies Nicely

"On June 4, at Ross Field in Arcadia, the Goodyear airship 'Volunteer' neatly but eagerly showed her blunt shining silver nose out of the wide-flung doors of her dock, and pausing for a moment as though to let the golden western sunshine permeate her whole being—proudly took the air. In command of Lieut. Karl Lange, and with the hand of her co-pilot 'Bud' Campbell at the throttle, the ship dived swiftly and gracefully away on her maiden flight over Los Angeles," said Frank Doolittle, Goodyear dealer of Salem, this week. It was a splendid climax to a tremendous effort on the part of her commander and crew.

At 5:17 a. m. on the morning of June 2, the "Volunteer" was an inert and inanimate mass spread out on the floor of the deck. On June 4, at 4:00 p. m.—a graceful throbbing creature of the air streaking through the sunshine high above Los Angeles. A world's record had been made in airship assembly and test, and the "Volunteer" was ready for any adventure.

Adventure followed swiftly. The jolly playfellows of the Mystic Shrine wanted the "Volunteer" for their National convention. So she was dedicated to Al Malinak Temple of Los Angeles and designated the official patrol ship of the Shrine convention—the first aerial patrol in the history of Shrinedom.

The "Volunteer" merited all of the confidence the Shriners reposed in her and flew at the head of all official functions for the week. Some notable flights were made such as the two night flights, one over the patrol parade on Wednesday and one over the Electrical pageant at the coliseum on Thursday; a day flight over the big parade officially opening the convention.

Will Rogers is Crowded By His Son's Talents

BEVERLY HILLS, Cal.—(AP)—Will Rogers, Jr., 17, is riding, poloing, public speaking and joke-cracking hard upon the trail of his dad. "Like father, like son" is an axiom he seems to be seeking to prove.

How Detroit Police Check Brakes

NOW THE DECELEROMETER! Brake tests in Detroit, the nation's motor capital, with De Soto Six and Dodge Brothers New Six sedans, demonstrated that cars can be brought to a stop at various speeds and exceed police requirements by more than 50 per cent, stopping in less than half the distance required by the officials. The first picture shows both cars coming down the street for the test under official supervision. No. 2 shows the novel instruments being checked after the demonstration and No. 3 is a close-up of the decelerometer, the latest device for registering these tests.

you will. He resembles his humorist-father a great deal in looks, and has won a place for himself with his athletic and forensic feats.

The elder Rogers prides himself, among other things, on being quite a horseman and poloist, but young Will is beginning to crowd his dad at that. It also is said that Rogers is having a time holding his own as a wisecracker while his offspring is around.

The younger Rogers has attracted considerable attention hereabout as a swimmer. As for public speaking, numerous debating and oratorical prizes will attest to his talent along that line.

TO SURVEY FOR COPPER James Gilluly of the United States geological survey has arrived in Baker to start a survey of the copper districts. For the survey the state and the federal government have appropriated \$30,000 each.

MOVIE STAR BOARDS SHIP SANS TICKET

NEW YORK, June 21—(AP)—The New York American tomorrow will say that Norman Kerry, film star, boarded the liner Majestic and sailed for Europe tonight without passport, ticket or other credentials. In the hope of effecting a reconciliation with his estranged wife, Rosalind, who sailed on the Majestic to visit their daughter.

Kerry failed in an attempt to board the boat by way of the gang-plank because he had no ticket or passport. He then ran forward, scaled the fence in front of the baggage compartment, and leaped on the escalator used to take baggage aboard. He evaded several of the crew who sought to stop him and went aboard sitting on top of a trunk.

RIDE out with the Boys

START with as little as \$2.50—add some every week or pay day, and soon you'll be riding with the bunch on your own Harley-Davidson. Motorcycling is the "Sport of a Thousand Thrills"—and with a "45" Twin, shown above, the expense is almost nothing. This wonderful Twin sells at only \$290 f. o. b. factory. Let us show you the 1929 models, Singles and Twins, and explain our Savings Club, and Pay-As-You-Ride Plans. Come in anytime—we're open evenings.

Recreational Use Of Parks Going Up Very Rapidly

Only a few minutes before, Mrs. Kerry in her stateroom aboard the liner, said she did not expect Kerry, and that she did not expect a reconciliation and that none was pending.

figures are based on the U. S. forest service records for the year and they show that a total of 2,649,627 people enjoyed the beauty of Oregon's national forest playground last year.

This figure represents an increase of 19 per cent over 1927 and according to three season indications, there will be approximately the same percentage of increase in 1929 over the figure of 1928.

Save Your Threshing Bill

In addition to eliminating the need of costly binder twine, wiping out the expense of shocking and hauling bundles, reducing threshing crews to two or three instead of twenty, Holt combines save the threshing bill.

Instead of paying large checks to the custom thresherman, instead of working for weeks for labor exchange, Holt owners simply keep the money, deposit to their account of harvesting better, quicker, cheaper, easier.

Make it a point to call and inspect these machines, but if you cannot do this write us for special folders on cost cutting harvesting of wheat, oats, soy beans, and other crops.

We have machines for your inspection at

Portland Salesroom, 345 E. Madison; Salem Salesroom, 345 Center; McMinnville, Ore., at Briedwell's Garage and at Albany, Ore., opposite Southern Pacific Depot.

Something New in Automobile Shows

—a wide variety of newest color designs

\$1095
and up—*at factory*

Standard Equipment includes:
4 hydraulic two-way shock absorbers—electric gas and oil gauge—radiator shutters—saddle lamps—windshield wiper—glare proof rear view mirror—electrolock—controls on steering wheel—all bright parts chromium-plated.

Personal choice of color which has been a limited and costly luxury in car ownership, is now available in many options, at no extra cost, in the 14 distinguished models of the Greater Hudson. The variety of color designs is so great that you may have almost individual distinction.

It restores to car ownership the delight and privacy we have in self-chosen things, and the identity that makes your car your own. In the many thousands of Hudsons you see and pass countless, observe there is no monotony, but the refreshing interest of individual color expression.

It is a finishing detail in the brilliant Hudson program of value-giving which has successfully

established—Performance Leadership, not excelled by costliest cars—Value Leadership with custom qualities produced in volume—and Style Leadership which is the pattern of the industry.

It is a factor, too, in making this the greatest year of Hudson's long and successful history—and in increasing ownership among women by tens of thousands.

DURANT SIX SIXTY-SIX

SEE this different car.. America's first with Four Forward Speeds
at prices within the reach of every motorist!

THIS smart, richly-appointed New Durant Six Sixty-Six is destined for a distinguished career. It improves vastly on the same sound engineering principles which enabled the Durant Four-Forty and the Durant Six-Sixty to shatter all existing performance records for low-priced cars. Its abilities are almost revolutionary. Fuel economy is 20 per cent greater than that of its predecessor, the successful Durant Sixty-Five. Acceleration is increased by 50 to 60 per cent. Hill-climbing power is 12 per cent better.

4 FORWARD SPEEDS

SILENT THIRD—DOUBLE HIGH... The most efficient Four Forward Speed transmission in the world, designed and patented by Durant engineers, is used. It is noiseless and operates with remarkable ease. Drive the New Durant Six Sixty-Six for an UNFORGETTABLE THRILL.
