

PLYMOUTH BIRTHDAY TO BE CELEBRATED

First Year of Great Car is Occasion for Great Accomplishment

When the Pilgrim fathers landed in December of 1620 near the famous rock and settled what they later called Plymouth, they began to make history. The struggle of these Puritans against all natural odds, their physical and moral stamina, their success in establishing colonies in the wilderness of the north and east part of North America, has earned for them everlasting fame.

When the engineering experts of Chrysler Motors, more than a year ago, conceived and completed plans for a new low-priced Chrysler-built automobile, a suitable name was sought. So studiously had the new car been designed in every point, so rugged was it in construction, so free was it from those limitations generally associated with lower priced cars, that it seemed entirely fitting to name the car Plymouth, because of the association of the name with that dauntless band of stalwart Pilgrims, who were among the first American colonists.

A year has rolled by since the Plymouth car was first introduced to the public. Today, while the country is preparing to celebrate on July 4th the birth of a nation, the Plymouth Motor corporation and its dealers throughout the country are preparing to celebrate the first anniversary of the Plymouth car.

Just as the Pilgrim fathers overcame all obstacles which beset them when they first landed on these shores, so has the Plymouth car forged ahead in its field, making new history in the automobile industry both from the view point of public reception as well as production. The public which a year ago knew the Plymouth car only as a name, today is awaiting with interest the opportunity to view at Plymouth dealer showrooms the improved Plymouth cars.

KLAMATH FALLS WINS

Leading by .034 of a point, Ashland lodge of Elks was nosed out of the district championship for Southern Oregon by Lakeview lodge in a ritualistic contest at Klamath Falls.

FEAR OUTLOOK GOOD

After a complete tour of the California pear growing district, H. Van Hovenberg of Roseburg reports that he found conditions favorable to a profitable pear season in the Rogue River valley.

President "8" Climbs 47 Per Cent Grade

Studebaker President Eight displays remarkable hill-climbing power in test near Alhambra, California

The tremendous power under the hood of the Studebaker President Eight roadster was demonstrated recently, when Ab Jenkins drove a stock President up a 47 per cent grade, near Alhambra, California, with twelve people in car. Carrying four passengers, the President easily made the climb in second gear. The President is the car which won 11 world records by traveling 80,000 miles in 26,326 minutes.

AUTOISTS ASKED TO OBSERVE LAWS

Oregon motorists are warned to obey all local driving practices in the various communities they visit on their vacations in a recent statement issued by the Oregon State Motor association.

Local drivers invariably are outraged when they see a tourist taking advantage of his "foreign"

tags and apparently feeling that he deserves special treatment to break traffic regulations as he pleases. Making this point, Dr. E. B. McDaniel, president of the Oregon State Motor association, declares that it contains an emphatic lesson to every motorist, who should realize he may be guilty of the same fault when driving away from home.

Attitude Bad One

"In many cases," says Dr. McDaniel "these local drivers who take offense at the tourist's misconduct go and do likewise when they find themselves in a strange

city. It is only a small element within the ranks of motor travelers that is disposed to regard itself as above the local traffic regulations, but because its misdeeds are so conspicuous, the whole group may gain an unsavory reputation unless the tendency is curbed.

"Why a tourist should go into any town expecting courtesy from the motorists of that town unless he is prepared to show the same courtesy is beyond comprehension. It simply could not work out that way."

ACKERMAN & WOOD Guaranteed Used Cars

Pay us a visit. Our address is 540 and 545 Chemeketa St.

We have all makes and models. We pay cash for used cars.

NASH "400"

Leads the World in Motor Car Value.

OLDSMOBILE TO BE IN GARAGE TODAY

Four Door DeLuxe Sedan In Summer Shade of Green to be Viewed

The garage is an important part of the modern home and in furnishing the Ben Lomond Park home the garage was not overlooked.

When the house is opened to the public today the latest addition to the 1929 Oldsmobile models, will be occupying the place of honor in the garage.

The model on display is a four-door DeLuxe Sedan Oldsmobile in a summer shade of green with matching blue-green upholstery, and was furnished through the courtesy of Capitol Motors, Inc., distributors of the Oldsmobile and Whippet.

A salesman will be on hand showing the car to the visitors of the house. The new car has all the de luxe equipment including six wire wheels and trunk rack in rear. Within its price range the model on display is one of the few cars with forced feed lubrication. It has been in the Capitol Motors show room only a short time and to most of the visitors at the Ben Lomond Park will be a new and interesting display.

SEMINOLE CHIEF IS ACQUITTED BY TRIBE

MIAMI, Fla., June 21.—(AP)—Cory Osceola, chief of the Miamia village of Seminole Indians disclosed today that the Seminole high council of medicine men, sitting in solemn, conclave deep in the Everglades, acquitted Jose Billie of the murder of the widowed squaw, Nufche.

The trial was the outstanding event of the annual gathering and ceremonial of the tribe, the Green Corn dance. Billie, a chieftain and himself a member of the council, was charged with slaying the squaw during a fight over a small

sum of money. Philip Billie also was acquitted of killing Corn Billie, "handsome brave of the race."

51,000 Miles of Highway in State Says Brandenburg

"There are 6,582,000 miles of highway in the world. Approximately one-half of this, or three million miles, is in the United States," stated George O. Brandenburg, secretary-manager of the

Oregon State motor association to a group of road enthusiasts recently. On those three million miles, Oregon has 51,658, of which 11,814 are surfaced allowing traffic during any type of weather.

"This mileage, of course, includes county roads in addition to our highway system" continued Mr. Brandenburg "as our highway system consists of approximately 4400 miles of road, of which 3500 miles are surfaced."

"Taking into consideration Oregon's population and car registration, Oregon furnishes to each car and each motorist more improved highway than does any road-building governmental unit in the world."
