

# DEMOCRATS HIT BY VIRGINIAN

### Cleaning House Policy Is Advocated; Repression Grows in State

RICHMOND, Va., June 26.—(AP)—Exhorting the democratic party for what he termed flagrant abuses of political power and infringement upon the rights and liberties of the people, Henry W. Anderson, of Richmond, in his keynote address to the Virginia republican convention tonight called for the removal from power of those guilty of its abuses as the only remedy.

"The remedy for this situation lies, not through changes in the structure of government, but in the spirit," Mr. Anderson said. "This can only be effected by the complete removal from power of those guilty of its abuses, by the restoration of popular government in spirit and in fact. We must not only smash the machine, we must also smash the spirit which makes the machine possible in Virginia."

Repression Spirit Grows

Mr. Anderson said a spirit of political repression had been born in Virginia, its present phase beginning "with the proclamation of the constitution of 1902 by the mandate of 47 men." He asserted that the state had been ruled for many years by a small group of men who perverted their control through use of election machinery and by support of the office holding organization.

The speaker denounced the democratic party for alleged waste and inefficiency in state and county government and for failure to carry out campaign promises.

# MEDFORD STABBING HELD FAMILY SCRAP

MEDFORD, Ore., June 26.—(AP)—Investigation by the sheriff's office here into the mysterious stabbing of Clay Biles, 35, Foots creek miner, Monday night, brought the opinion today from the sheriff that the stabbing was "a family affair with an element of self-defense."

Biles was stabbed once in the neck, twice in the chest and a gash in his throat missed the jugular vein by a narrow margin. The injured mountaineer and his two brothers, who brought him to Gold Hill for medical attention, refused to give any details of the affair.

Biles' condition was reported satisfactory today with danger from infection the only fear.

A deputy sheriff visited the wounded man yesterday. Biles' brothers maintained their silence with the proviso that "they not want to talk unless something serious happens." They said Biles was subject to violent fits of temper.

HOPES PROVE FALSE

LONDON, June 27.—(AP)—The British admiralty tonight said that it had sent to Premier Primo de Rivera no communication to the effect that a British seaplane searching for Major Ramon Franco had sighted wreckage. It said that the report of the sighting was incorrect.

TO DEDICATE CAMP

Dedication of the building at the Y. W. C. A. camp near Me-hama, is scheduled for Sunday, July 7, at which time the Salem Lions, who erected the building, will hold a picnic at the camp.

# Aviator, 21, Is Burned to Death as Plane Catches on Fire; Is Held in by Belt

ROOSEVELT FIELD, N. Y., June 26.—(AP)—Held to a blazing plane by a safety belt, Francis Phillips, 21 year old son of the late John M. Phillips, so-called "Queen's sewer pipe king," burned to death under the eyes of 200 persons today as his plane overturned in landing and caught fire.

Conscious for several moments as the flames roared around him, Phillips, a cripple issued instructions and then entreaties to the mechanics and fliers who were making vain efforts to quench the fire and reach him.

Phillips' passenger on the death ride, Henry R. Goldsmith, was critically injured and burned. The plane, a little two seater, had just taken off the field and was about 35 feet in the air when its motor failed. Phillips apparently attempted to turn it to make a landing on a smooth stretch but then nosed to the ground and burst into flames.

# HIKE PLANNED FOR 'Y' YOUTHS

### Affair Preliminary to Annual Camp to be Held July 23-Aug. 5

Boys who are going to the Y. M. C. A. Summer camp at Elk Lake July 23 to August 5, and those who have attended previous camps, will participate in an overnight hike Friday and Saturday of this week. They will leave the Y. at 4 p. m., Friday, returning before noon Saturday after spending the night in the open. Baseball and swimming will be diversions in addition to the campfire rally and a camp breakfast. About 25 boys are expected to participate.

The boys' camp this year, the ninth annual camp, promises to be one of the most successful of the series. The site chosen at Elk Lake is especially well adapted to the purpose, and the interest being shown indicates that the limit enrollment of 60 boys will be reached several days before camp opens.

Instructors Named

The camp this year will be in charge of Ivan White, boys' work secretary, and "Bob" O'Bardman, physical director at the Salem Y. Chief George Bent, ex-Carlisle football star, will be on hand again to have charge of nature study, Indian craft and the campfire. Burton, former boys' work director at one of the best camp schools in the northwest, will be in charge of the commissary and culinary department. Leo Simons, Portland Mazama, will direct nature study, botany and photography.

# WaterSpar Varnish

Lacquer and Enamel

The only finish worth while for porch and lawn furniture is a real water-proof varnish. Even if it rained hot water, no harm would be done to WaterSpar varnish and enamels. Sold by—

WELLER HARDWARE AND PAINT STORE

# FOOD CODE NOT TO MAKE MONEY

### Dr. Douglas Says New Ordinance But Another Step in Program

The new food establishment ordinance drawn up by the county health officer, Alderman Purvine and City Attorney Williams and to be submitted to the city council shortly, is but another step in protection to the people of Salem, Dr. Vernon A. Douglas, county health officer, said Wednesday afternoon in a statement to the Statesman. It is not, he said, designed to raise funds for the city, the ordinance itself providing fees shall be used only in enforcing the law. The health officer is not interested in the fee angle, he asserted.

# Portland Man is Held for Assault

### PORTLAND, Ore., June 26.—(AP)—George G. Brown, 37, was held in jail tonight on a charge of assault with a dangerous weapon following the shooting of Wakefield Eubanks, 39, early today when police said was a "beer garden."

Eubanks was shot twice during an argument. He was improving in a hospital tonight.

# WEATHERFORD HONORED

In appreciation of the long service of J. K. Weatherford of Albany as a regent of Oregon State college, the Pendleton Commercial association has presented him with a Pendleton Indian robe.

# LOCAL MERCHANTS ATTEND INSTITUTE

Numerous local merchants and store employees were in attendance at the opening sessions of the business institute held at the Salem chamber of commerce rooms Wednesday under the auspices of the Oregon State college extension service.

# Doctor Found What is Best for Thin, Constipated People

### As a family doctor at Monticello, Illinois, the whole human body, not any small part of it, was Dr. Caldwell's practice.

More than half his "calls" were on women, children and babies. They are the ones most often sick. But their illnesses were usually of a minor nature—colds, fevers, headaches, biliousness—and all of them required first a thorough evacuation. They were constipated.

In the course of his 47 years' practice (he was graduated from Rush Medical College back in 1875), he found a good deal of success in such cases with a prescription of his own containing a simple laxative herbs with pepsin. In 1892 he decided to use this formula in the manufacture of a medicine to be known as Dr. Caldwell's Syrup Pepsin, and in that year his prescription was first placed on the market.

The preparation immediately had as great a success in the drug stores as it previously had in his private practice. Now, the third generation is using it. Mothers are giving it to their children who were given it by their mothers. Every second of the working day someone somewhere is going into a drug store to buy it. Millions of bottles of Dr. Caldwell's Syrup Pepsin are being used a year.

# NEW STAGE LINE

Redmond is going to have another stage line to Portland. It will be conducted over the Wapinitia cut-off, making the trip from Redmond to Portland in 3 1/2 hours.

Vacation time is here. Be sure you have The Oregon Statesman Travel Accident Insurance policy before you go.

Mothers are giving it to their children who were given it by their mothers. Every second of the working day someone somewhere is going into a drug store to buy it. Millions of bottles of Dr. Caldwell's Syrup Pepsin are being used a year.

Its great success is based on merit, on repeated buying, on one satisfied user telling another. There are thousands of homes in this country that are never without a bottle of Dr. Caldwell's Syrup Pepsin, and we have gotten many hundreds of letters from grateful people telling us that it helped them when everything else failed. Every drug store sells Dr. Caldwell's Syrup Pepsin.
