Coup Made in Attempt to Oust Russians From Joint Control

174 Soviet Officials Taken Into Custody; Banks Ordered Closed

HARBIN, Manchuria, July 10. -(AP)-Chinese authorities have taken over control of the central telegraph and also the eastern telegraph and telephone lines. It was reported that this movement was a part of a Chinese scheme to gain control of the Chinese Eastern railway from the Russians.

The authorities also closed the Soviet railway committee's headquarters and the offices of the trade commission, the Trade Unions council and the Naphtha syndicate.

Several Russian railway officials were arrested and one report Screen Flapper and Eastern said there were twelve of these prisoners.

Production Curtailed. Claim Advanced by Department of Agriculture

WASHINGTON, July 10-(AP) -Decreased yields this season in grain crops below last year's harvest were forecast today by the department of agriculture on the basis of information on July 1

Of the major grains, only rye was estimated to show an increased production, although reports from producers, included in the survey, showed that up to July 1, the weather was 2.7 per cent more favorable for crops than last year.

## Car Strike Ties Up New Orleans

This aerial view of Canal street, New Orleans, generally acclaimed as the nation's widest street, shows the famous thoroughfare utterly devoid of street cars in the neutral grounds, and packed with autos of all descriptions on both sides. The populace of the city are getting to work as best they can without the usual assistance of street cars since the general strike which has tied up the lines. Governor Long of Louisiana has refused to furnish militia to the city in spite of urgent appeals and the inability of the local police to handle the situation.
