

# B. G. GRANGE HAS MEETING

### Delegates Report State Meeting, Dinner and Good Program

BRUSH COLLEGE, July 10.—The Brush College Grange held an interesting outdoor meeting Friday evening in the community picnic grove at Brush College.

The hot dishes and coffee were prepared on the large furnace with which the grove is equipped and the 6:30 o'clock supper was served at one long table.

After supper the members were seated on benches placed around a huge bonfire where Glenn Adams, president, presided at the regular business meeting.

Mrs. Marie Flint McCall, lecturer of Brush College grange, Glenn Adams, president, Mr. McCall and Mr. Mrs. Elmer Cook, delegates, gave interesting talks on their trip to the State grange meeting at Myrtle Point.

The grange master of Myrtle Point presented each of them with badges of myrtle wood and Mrs. Elmer Cook received a lovely bouquet of roses presented to her because of her faithful services in grange work.

During the business session of the Brush College grange, Mrs. A. E. Uttley suggested that as the grange would have no booth at the Polk county fair this year, that the members of the economics committee, Mrs. John Schindler, Mrs. A. E. Uttley, Mrs. S. D. Crawford and Mrs. Jesse Worthington, arrange a community fair to be held at Brush College school house in October.

When voted upon this idea was unanimously accepted.

A short program followed. The ladies present, led by Mrs. A. E. Uttley sang "The Church in the Wildwood," accompanied by Mrs. Marie Flint McCall and the men whistled the air. Then they reviewed the order of things when the men sang the song and the ladies whistled. Little Helen Rose gave a reading.

At the next regular meeting of the grange, August 2, each member is requested to bring one guest. Rev. and Mrs. W. Groves of West Salem were special guests Friday night.

# DALLAS DYER IS BEING ENLARGED

DALLAS, July 10.—Bollman and Himes are increasing their drier from 800 bushel capacity to 2100 per 24 hours, this is in order to handle the large crop of this year.

They are also adding a drying unit for walnuts, later they plan to install bleaching and grading machinery.

A recent survey showed that Polk county has about 11,128 bearing and 3000 non bearing walnut trees with an average yield of 1 ton per every 150 trees and that 74 tons are tributary to Dallas.

So far all bleaching and grading of walnuts has been done outside of the county, part in Salem, Amity or Dundee. The establishment of such a plant in the future will give employment to a number of persons over a period of several months.

At the present time walnuts are also dried by R. S. Kresson and the Kirkpatrick and Crider driers.

# PRATUM SCHOOL IS TO BE SOLD

PRATUM, July 10.—Tuesday evening at 7:30 the old school house which has been the seat of learning for the youth of this community for the past quarter of a century, will be sold to the highest bidder at public auction. A new modern building is in course of construction.

Hay baling is in full progress. The price for baled hay in the field ranges between \$15 and \$20 per ton.

About 300 attended the Sunday school Fourth of July celebration here. Salem and West Salem were well represented. Mr. and Mrs. C. A. Bear and their two boys will be the keynote from Turner also attended.

The ball game Monday evening between Willard and Pratum was 42 to 6 in favor of Pratum. Mr. and Mrs. Glen McClellan of North Santiam attended the Sunday school convention at Woodburn last Sunday with Mr. and Mrs. Fred G. Vries. Mr. McClellan is president of the Santiam district.

# OLD SUBSCRIBER IS STILL LOYAL ONE

Years have past and gone since Mrs. M. Halbert, who lives at Hayesville, received her first copy of The Statesman, but her loyalty to the paper remains undimmed, she declared Wednesday when she brought into the Statesman office several interesting receipts given for the paper many years ago.

While Mrs. Halbert's own subscription dates back to 1891, her father, A. Stephens, started taking the paper in its beginning days. Mrs. Halbert is proud of a subscription receipt dated April 11, 1851, which was the first month of the paper's existence.

This receipt was made out to A. Stephens, her father, who was a continuous subscriber to the paper throughout the remainder of his life. The receipt was signed

# Death Mysterious

A sweeping investigation is under way in connection with the mysterious death of Professor Alexander Hamilton Johnson, 41 years, shown above with his wife and children, one of Hatwell, Georgia's, most prominent educators and a delegate to the convention of the National Education Association, who was found battered to death in his abandoned car in a thinly populated section of the city.

by B. F. Haming, an employe of the company which published the paper. The subscription price for the year was \$7.

A receipt for the third volume of the paper, signed by Asahel Bush, is kept by Mrs. Halbert, this receipt being for \$5, the subscription price having been somewhat lowered.

Mrs. Halbert resides on a donation land claim taken by her father before Oregon became a state. On part of the property stands the Hayesville Baptist church, which for years has been the home of an active church congregation. Mrs. Halbert herself is a faithful member of the denomination.

On Saturday night, a large crowd attended the Aviators ball held in the Armory, which was also given by the Leiston boys. The dedication of the government beacon site was made on Sunday afternoon, which will be placed on the Silverton port in the near future.

Mr. and Mrs. Ben Roisen and son of Montevideo, Minn., recently arrived in Silverton where they will spend some time with friends and relatives here. Mrs. Roisen will be remembered in Silverton as Miss Merna Sather, daughter of Mr. and Mrs. Albert Sather.

Miss Merna Schroeder, accompanied by Mrs. Holmer Rue, went to Portland on Thursday, where Miss Schroeder will have a personal interview with the superintendent of nurses in the Emanuel hospital. Miss Schroeder has placed her application to enter the nurses training class in the fall.

The Royal Neighbor club will meet at the home of Mrs. Emma Robinson on Thursday afternoon for their regular monthly meeting.

Mr. and Mrs. Ed Rodenburger and family returned home on Sunday from a week's vacation spent at Rockaway Beach.

Mr. and Mrs. Alfred Williams, and Mr. and Mrs. Bert Meyers and Miss Frances Stewart motored to Pacific City where they spent the week-end.

Professor and Mrs. Warren E. Crabtree and son David, and Mr. and Mrs. Cate spent the week-end at Pacific City.

GIRL WINS PRIZE  
ZENA, July 10.—Little Miss June Worthington, daughter of Mr. and Mrs. Jesse Worthington of Zena, is the proud possessor of a pair of keys which she received as a prize for a written essay submitted in the contest which Miller's store in Salem gave in June. June is a student at the Zena grade school and will be in the sixth grade next term.

We print Letter Heads, Business Cards, Posters, Signs, booklets, almost anything in our Job shop. Call 560 for prices.

# Final Rites for Louis Bean Held Eugene Tuesday

EUGENE, Ore., July 10.—(AP)—Final rites for Louis E. Bean, late chairman of the Oregon state public service commission, were held here yesterday with interment in the Masonic cemetery. Eugene Masons had charge of services at the grave. The Lane county circuit court adjourned for the funeral, Mr. Bean having been a member of the Lane county board for 20 years.

# Connection Will Be Made Soon by Southern Pacific

SAN FRANCISCO, July 10.—(AP)—Railroad connection of the new line being constructed from both Klamath Falls, Oregon and Alturas, California, will be made July 15, the Southern Pacific company announced today.

The line, which is to give northern California and southern Oregon a new connection with the overland route at Fernley, Nevada, probably will be opened to operation sometime in August.

# Cack Henley Is Called by Death

SACRAMENTO July 10.—(AP)—Clarence T. ("Cack") Henley, coast league ball pitcher for ten years, died here today. Henley was with the San Francisco Spals for almost eight years and played with the Vernon team, now the Missions, for two seasons.

Henley was known for his 24-inning hurling victory over Oakland, while pitching for San Francisco in 1924.

# Assessing Now Nearly Finished

Assessing of property in the residential district of Salem is to be nearly completed this week according to Deputy Assessor Jones who has been in the field for the past three months making the assessments. Oscar W. Steelhammer, assessor, is personally handling the listing of the downtown property. Just now handling the personal property assessment among business men.

# MARKET FEELS BEAR PRESSURE

### Radio Quotations Drop Due to Active Selling by Stockholders

NEW YORK, July 10.—(AP)—Bear pressure was again in evidence in today's stock market, but for the most part encountered strong resistance, as operations for the advance were energetically pushed forward in many sections of the list, some two dozen issues once more reaching record prices.

Bears regarded the maintenance of a 9 per cent call money rate and a cautious stand taken by several commission houses in their advice to clients, as providing a favorable background for a drive on over-bought and vulnerable issues, and a wide sprinkling of stocks were depressed 2 to 6 points at the close.

A statistical indication of the high rate of industry in the six months ending June 30 was provided by the American Railway association's report of total freight car loadings, which set a new high record of 25,596,938 cars during the half year, exceeding the best previous record for the period, made in 1927, by 75,898 cars.

Selling was particularly effective against radio, aided by rumors that the second quarter earnings report will be disappointing. The stock dropped 5 points to 77 1/8, and closed at 73 3/4. American Telephone, after selling up 1 1/2 points to a record price of 242 1/2, slipped back 5 from the top. Allied Chemical, Bendix Aviation, Chrysler, Columbian Carbon, Du Pont, Goodyear, Simmons, Westinghouse Electric and Western Union were among issues losing 2 or 3 points. General Electric dropped more than 7 points, but reduced its loss to about 2 1/2 at the close. Commercial Solvents dropped 6 points.

Auburn Auto was again erratic, shooting up nearly 28 points, then falling back about 10 from the top, having more than regained yesterday's loss of 12 points. Case Threshing also regained yesterday's loss with a spurt of 14 points. Utilities moved forward. Brooklyn Union Gas selling up about 1 1/2 points to a new peak, and Consolidated Gas breaking new high ground with a rise of about 5.

For Sale signs. For rent signs, legal blanks, etc., for sale at the Statesman.

# Former Mayor of Tacoma Is Made Defendant

TACOMA, Wash., July 10.—(AP)—Charges that Melvin G. Tennant, former mayor of Tacoma and prominent business man ran down and injured a 15 year old Tacoma boy while in an intoxicated condition and driving an automobile at a speed of 50 miles an hour on the wrong side of the street on March 3, 1928, are contained in a civil suit for \$25,000 damages filed in Pierce county superior court this morning.

The charges are made in a complaint filed by William Atkin, father and guardian ad litem of William Atkins, 15, the alleged victim. The suit names Melvin G. and Agnes H. Tennant as defendants.

# Steering Wheel Falls From Car

ZENA, July 10.—A Zena boy, Robert Crawford, son of Mr. and Mrs. W. N. Crawford, had a very narrow escape Saturday night when the steering wheel of his car came off.

This caused the car to swerve from the road, where it climbed a bank, hit a woven wire fence and

# MOTHERS now learn value of MAGNESIA

Because it is so helpful in keeping babies and children healthy and happy, every mother should know about Phillips Milk of Magnesia.

This harmless, almost tasteless preparation is most effective in relieving those symptoms of babies and children generally caused by souring food in the little digestive tract, such as sour-belching, frequent vomiting, feverishness, colic. As a mild laxative, it acts gently, but certainly, to open the little bowels in constipation, colds, children's diseases.

A teaspoonful of Phillips Milk of Magnesia does the work of half a pint of lime water in neutralizing cow's milk for infant feeding, and preventing hard curds. Its many uses for mother and child are fully explained in the interesting book "Useful Information." It will be sent you FREE. Write The Phillips Co., 117 Hudson St., New York, N. Y.

In buying, be sure to get genuine Phillips Milk of Magnesia. Doctors have prescribed it for over 50 years.

"Milk of Magnesia" has been the U. S. Registered Trade Mark of The Chas. H. Phillips Chemical Co., and its predecessor, Chas. H. Phillips, since 1875.—adv.

# Prescription He Wrote in 1892 is the World's Most Popular Laxative

When Dr. Caldwell started to practice medicine, back in 1876, the needs for a laxative were not as great as they are today. People lived normal, quiet lives, ate plain, wholesome food, and got plenty of fresh air and sunshine. But even that early there were drastic physics and purges for the relief of constipation which Dr. Caldwell did not believe were good for human beings to put into their system. So he wrote a prescription for a laxative to be used by his patients.

The prescription for constipation for a laxative to be used by patients, and which he put in drug stores in 1892 under the name of Dr. Caldwell's Syrup Pepsin, is a liquid vegetable remedy, intended for women, children and elderly people, and they need just such a mild, safe, gentle bowel stimulant as Syrup Pepsin.

Under successful management this prescription has proven its worth and is now the largest selling liquid laxative in the world. The fact that millions of bottles are used a year proves that it has won the confidence of people who needed it to get relief from headaches, biliousness, flatulence, indigestion, loss of appetite and sleep, bad breath, dyspepsia, colds and fevers.

Millions of families are now never without Dr. Caldwell's Syrup Pepsin, and if you will once start using it you will always have a bottle handy for emergencies.

It is particularly pleasing to know that the most of it is bought by mothers for themselves and the children, though Syrup Pepsin is just as valuable for elderly people. All drug stores have the generous bottles.

J. C. Caldwell M.D. AT AGE 83

# LAST HOPE WANES FOR CREW OF SUB

LONDON, July 10.—(AP)—No maneuvers or inter-brigade operations will be carried out by the British army on the Rhine this year, Tom Shaw, secretary for war, announced in the house of commons today.

# War Maneuvers In Rhineland to Be Halted, Word

"The government will not willingly cause either inconvenience or annoyance to the civilian population," he said.

The war secretary's announcement was greeted with ministerial cheers.

Claims totaling \$1149.45 have been paid to Statesman readers by the North American Accident Insurance Co., in less than one year. These claims were paid on the \$100 policy issued to Statesman readers.

turned over. Robert has a badly fractured left leg which is also bruised and discolored and has a deep gash above his eye. His companion, Ira Fisher, received minor injuries.

PEMBROKE, Wales, July 10.—(AP)—With "dirty weather" holding back all salvage efforts, the sunken submarine H-47 remained tonight a silent tomb for all except three of its crew. The battered L-12 which collided with the death vessel, was at Milford Haven, moored between the mother ship Aleo and the L-14. She was deserted by her crew and full of chlorine gas with tugs pumping fresh air into her.

On both sides of the L-12 great holes testified to the force of the impact which sent the H-47 to the bottom with 22 men. There were ugly gashes in the steel plates well below the water line, other places were buckled and the bow was out of alignment.

It was learned tonight that three men were saved from the H-47. The commander, Lieut. R.

# CIGARETTES UNDER LEAGUE'S ATTACK

E. F. Atchley, of Eugene, "field representative of the Anti-Cigarette League of Oregon," was a Salem visitor Wednesday. Mr. Atchley is campaigning in the interest of a measure which his organization is initiating prohibiting the sale of cigarettes in this state. Atchley, who admits having smoked a cigar once, is waging a war against the cigarette, and heading up his battle with a proposal to legislate by the initiative route.

Atchley reports that he began his campaign in Oregon in 1927, but it was only this year that his move reached the point of a ballot title and the active soliciting of signers to the initiative petition. While in Salem, Mr. Atchley will contact reform groups or individuals interested in the measure. He carries his petitions with him, seeking signatures where they may be found.

When you leave on your vacation, remember the Statesman Travel Accident Insurance policy protects you during all kinds of travel. Be sure to take one before you leave.

# IN EUROPE ANOTHER RICHFIELD TRIUMPH

COMPETING against the fastest boats in Europe, Ralph Snoddy, piloting Miss Rocco III, 151 Class hydroplane owned by James Talbot, Jr., using Richfield gasoline and Richlube motor oil, won the Duke of York trophy in the International Regatta at Southampton, England on June 27, 28, 29.

The lone American entry in the event, Snoddy scored a brilliant victory over the European boats, finishing first in all three heats and piling up a greater point score than all of his opponents combined.

Once again Richfield has helped to

bring international laurels to America. Snoddy relied on Richfield gasoline and Richlube motor oil to assure perfect functioning of his motor, just as he did when he won the same trophy in 1927 and when he established a new world's record for hydroplanes of this class in Florida last March.

Exclusive choice of the world's greatest pilots, Richfield's unflinching qualities of speed, power and mileage, its absolute purity and uniformity have made it equally popular with hundreds of thousands of motorists. Try it in your own car today and note the difference.
