

### STIFF GOING SOUTH TO FURNITURE MEET

H. L. Stiff of the H. L. Stiff Furniture Co. will attend the five state furniture convention and the twenty-eighth semi-annual Furniture Market week in San Francisco July 22 to 29. Mr. Stiff is vice president of the Oregon State Furniture Retailers' association.

"Our customers and friends will be pleased to know that I expect to return with many new ideas for interior decoration and house furnishing," Mr. Stiff stated Saturday.

Exhibits of the latest designs from both Eastern and Pacific Coast furniture factories will be presented in a special showing at the San Francisco Furniture exchange during the market week, giving buyers a chance to see the latest styles presented by the outstanding firms of the country.

Of particular interest to the dealers will be many special styles created particularly in Western home design by San Francisco factories. The best of these will be presented to local buyers through the H. L. Stiff Furniture Co.

In addition to an entertaining convention and visiting the furniture mart, all delegates are to be lavishly entertained through special programs, trips to scenic points of interest around San Francisco, and to the All American Exhibit which is now being shown in the city by the Golden Gate. Such exhibits held there have had a distinct effect in the making of San Francisco the furniture style center of the west.

### Fifteen Chemeketans Take Jaunt Up Mt. Jefferson

Through dense fog and a high gale 15 Chemeketans made the climb up Mt. Jefferson on Friday, according to a telephone message received by the Statesman early Saturday morning.

Although the fog and clouds made a clear view impossible the trip was keenly enjoyed and no

accidents occurred to mar the adventure.

The party left Marion lake camp and went to Hunt's Cove where the relay camp was established. It was necessary to spend two nights at Hunt's Cove because weather conditions caused a slow climb.

Accompanying the Chemeketans were Mr. and Mrs. William Hamil-

ton, Esther Giffenbach, Gladys Miller, Catherine Gaylord, Augusta Noidart, Dr. C. A. Down, Dr. J. Ray Pemberton, Dr. Geo. Lewis, George Fike, Hugh Ward, John Robbins, Richard Upjohn, C. A. Sprague, Ben Rickli, Ronald Haynes and Wm. Edmundson.

Prosperity Note INDIANAPOLIS—(AP)—Mrs. Arthur Bacon was somewhat flabbergasted when she opened an egg to fry for her husband's breakfast. The egg contained four yolks.

accept notice of a 12 1/2 per cent reduction in wages. Through Miss Bondfield's efforts 140 delegates representing workers and employers met at the ministry of labor in London today but the conference collapsed almost immediately after the proceedings opened. The employees refused the demand of the workers delegate that the order for wage reduction effective July 29 be withdrawn as a condition of negotiations.

### PRIMA DONNA GETS DECREE OF DIVORCE

CHICAGO, July 20.—(AP)—A divorce was granted today to Edith Mason Polacco, prima donna of the Chicago Civic Opera company, from Giorgio Polacco, director of the same company.

The decree, granted by Judge Hugo Friend in circuit court, gives Miss Mason custody of their four year old daughter, Grace Edith. No alimony was asked and a property settlement was made out of court.

Polacco did not appear. Although represented by an attorney, the suit was not contested. A short statement from the famous musician, released through his attorney, said: "I have nothing to say but that I am heart broken, this terrible situation is certainly a dreadful blow to me. I am sure that during my absence some misunderstanding brought this about. I wish Mrs. Polacco every happiness, and shall always hold her in the highest regard and affection."

His name was signed to the statement. It was shown to Miss Mason.

"I certainly wish him every happiness," she said. "We both have contracts for the coming season with the Civic Opera company,

and I will sing while he is conducting the orchestra. It will give me very great pleasure to sing with him."

She said he attempted a reconciliation. The suit was filed while he was in Europe and made public shortly before his return early this month.

### Pratum Watches Local Experiment Irrigating Land

PRATUM, July 20.—Carl Vogt, who has eight acres planted to corn, beans and cucumbers is the first one in this community to experiment with a modern irrigation system. He is using an old well which was drilled about 20 years ago, in quest for oil, for his water supply. A one horse power electric motor runs a large power pump, several hundred feet of conductor pipe is used to distribute the water over the field. It takes Mr. Vogt about three days to thoroughly irrigate an acre.
