RENUNCIATION OF WAR GIVEN U. S. APPROVAL

Curtailment of Naval Construction Announced at Same Time

American and British Ship Building Halted Until Conference Held

WASHINGTON, July 24—(AP)—The Kellogg-Briand treaty for renunciation of war was proclaimed today by President Hoover at a simple White House ceremony.

Shortly before the distinguished gathering met to hear the president, word was received of Premier MacDonald's announcement to the House of Commons that the labor government had decided to suspend some naval building.

Naval Construction Ordered Suspended

Later even more significance was attached to the formal putting of the treaty into effect by a revelation through Mr. Hoover that the laying down of three American cruisers would be suspended.

In the impressive ceremony of the historic east room of the White House, the chief executive congratulated "the entire world" upon "this additional instrument of humane endeavor."

Coolidge and Kellogg On Hand For Ceremony

Gathered around a three-sided green covered table as the president spoke were former President Coolidge, in whose administration the move for the pact was initiated; Frank B. Kellogg, former secretary of state whose name the treaty bears; Senator Borah of Idaho, chairman of the foreign relations committee; Secretary Stimson and five other cabinet officers and the diplomatic representatives of the 46 countries which have adhered to the treaty.

The ceremony consisted of the delivery of an address by President Hoover, who then read the two articles of the treaty, declared these were proposals "to the conscience of idealism of civilized nations."

Advancement In Relations Suggested

"It suggested a new step in international law," he said, "rich in promise."

JACKSONVILLE, Fla., July 24—(AP)—The First National Bank of St. Augustine and the Phifer State Bank of Gainesville, having aggregate deposits of more than \$3,000,000 were closed today because of excessive withdrawals and for the protection of depositors.

The St. Augustine institution had total deposits of \$2,122,588.92. A capital stock of \$130,000 and surplus of \$70,000. Excessive withdrawals caused the closing, President J. D. Puller said.

The Phifer State bank had deposits of \$1,176,192.39 and was closed "to protect depositors," President H. L. Phifer said in a statement.

Four other St. Augustine banks withstood light runs while a slight run was made on the First National bank of Gainesville, which remained open until five o'clock paying depositors.

Officials of the latter institution said plenty of cash was available to meet withdrawals.

LEGION CONVENTION IS GIVEN PUBLICITY

The American Legion convention to be held here early next month, received some unprecedented publicity last week when Earl Paulsen, member of Capital Post, happened into the broadcasting studio of the "Shell Ship of Joy," in San Francisco, while spending his vacation in California. An American Legion program was being given when Paulsen visited the broadcasting station, and he lost no time in getting the Legion convention on the mike. Both the commander and adjutant of the California Legion plan to be among the guests in Salem for the convention, they informed the local legionnaire when he met them at the studio.

The publicity, from the San Francisco Chronicle station, went on the Seattle-Portland-Spokane and Los Angeles hook-up.

New Well Promised Here Soon

Drilling will be started within a few days on the second well planned by the Oregon-Washington Water Service company to augment the water supply in outlying sections of the city, it was indicated Wednesday when announcement was made that the company had exercised its option on the property selected, lot 13 in block 5, Kays second addition.

The well, pumping equipment and pump house, which will be built along the same attractive lines as the one recently completed on Madison street, will represent an expenditure of \$8500. Drilling will be started as soon as the drilling equipment arrives from Vancouver, Wash., where it has been in use since the first well here was completed.

After the second well is completed, an eight inch belt line main will be laid connecting the two wells, to aid in stabilizing pressure. Reports on file in the water company's office reveal that \$29,234 has been expended since January 1 on construction of district lines and service mains. This development has been carried out principally for the purpose of improving the service, and not in response to increased patronage, it was stated by J. T. Delaney, local manager.

STATE ADVERTISING TO BE CONSIDERED

To consider plans for the best investment of the \$25,000 appropriation made by the legislature for statewide advertising and development work, representatives of chambers of commerce throughout Oregon have been invited to attend a meeting at the hall of representatives in the state house here next Monday, July 29, starting at 10 a. m.

Representatives of newspapers and advertising agencies, and any individuals interested in the problems to be discussed, have also been invited by W. G. Ide, manager of the state chamber of commerce, to attend.

Suggestions made at this meeting will be submitted to the supervisory board provided for in the appropriation act.

DUNDEE AND FIELDS READY FOR BATTLE

DETROIT, Mich., July 24—(AP)—With their 15 round battle in the new arena at the state fair grounds tomorrow night, scarcely 24 hours distant, welterweight champion Joe Dundee and his challenger, Jackie Fields called a halt in their strenuous training program today.

The only important event that lies between the fighters and the first round gong is the weighing in process tomorrow afternoon. There is no doubt that the two welterweights will tip the scale below the maximum 147 pounds. Dundee, who has been fighting poundage lustily, expects to weigh between 144 and 145.

Creative Selling Is Late Trend Says Speaker

A. John Berge Gives Speech Before Meeting

"The real estate business is a case of the survival of the fittest, with the successful realtor turning more and more to creative selling," A. John Berge, sales counselor for the national association of real estate boards, said in addressing the Wednesday afternoon session of the Northwest Real Estate association convention which opened here Wednesday morning. Meetings are being held at the Hellig theatre. Approximately 200 delegates were registered Wednesday night for the thirteenth annual conclave of the northwest group, comprising boards in Oregon, Washington, Idaho and British Columbia. Additional delegates are expected today, but the registration will not reach the 400 banner mark anticipated.

Conferences Held On Better Sales

Two of the four conferences on better sales methods marked the afternoon session of the opening day, William E. Herren, director of extension of the national boards, speaking early in the afternoon on "Preparing for the Sale" and Mr. Berge giving the other talk. The conferences on better sales methods are a particular feature of the convention and are the first series of such scope to be brought to coast realtors.

Mr. Berge pointed out that live realtors have created sales—entered the creative selling field—when the unimaginative plodder has given up. Fifty per cent of the stores and office buildings are impractically located, due to shifting centers of population or to original poor judgment, he said. This business situation is but one of the points of tackle for the creative seller.

HADNOT RESTS IN COUNTY'S BASTILE

Charges of selling liquor to minors, an offense which calls for a maximum penalty of a four year term in the state penitentiary, were filed Wednesday against David E. Hadnot, colored proprietor of the alleged beer garden located by the police Tuesday night at 464 North Front street. Hadnot's bail was set at \$1,000, and up to Wednesday night he had not posted the amount and was still in the county jail.

The twelve persons, mostly minor boys, arrested in the raid on the beer garden, were about evenly divided as to the course they chose Wednesday. Some forfeited their bail and others paid fines. In either case they were "out" \$15.

WALTHY AMERICAN ANSWERS CHARGES

Richard J. Reynolds, North Carolina Resident, On Trial in London

LONDON, July 24—(AP)—Richard J. Reynolds, wealthy 23 year old resident of Winston Salem, N. C., today at Old Bailey took the stand to defend himself against charges of manslaughter growing out of an automobile fatality, in which Arthur Graham, a motorcycle rider received mortal injuries.

Norman Birkett, counsel for the defense, summoned among other witnesses today a bartender from the "Old Bell" hotel. This man testified the son of the late founder of the Reynolds Tobacco company was not intoxicated when he left the hotel on the trip which resulted in the fatal injuries to Graham.

The attorney told the jury his client would not deny it was his automobile which struck Graham, but he emphasized that Reynolds was unaware the accident had happened.

Reynolds himself testified he was dazzled by the headlights of another automobile and that he turned out so far that his car mounted the curb and ran up on the sidewalk. He said it was then that he must have struck the motorcycle without realizing that fact.

The defendant said he felt the car skid and also felt a heavy bump but believed this latter was caused by the curb.

FARM BOARD IS TO HOLD MEETING ON GRAIN ISSUE

Stabilization of Wheat Situation Declared One Goal of Group

Marketing and Other Problems to be Studied by Federal Body

WASHINGTON, July 24—(AP)—The attention of the federal farm board will be turned to the situation confronting wheat and other grain growers at a special meeting in Chicago Friday to be attended by the full membership of the board except Secretary Hyde.

While one result of the meeting may be ascertainment of possibilities for assistance in grain marketing which could be rendered under the farm act, the statement announcing the meeting gave no indication that the board would concern itself with an investigation primarily intended to inquire into the feasibility of invoking the stabilization sections of the farm relief law.

Thirty officials to appear at hearing

Thirty officials of farmers grain associations, including the foremost cooperative marketing and wheat pool directors, will be called before the board, which may extend its sittings over Saturday if conditions warrant.

"The purpose of the meeting," said the board's statement, "will be to acquaint the board with the problems which today exist in the marketing of wheat and coarse grains and to get from these agricultural leaders their opinions as to ways in which the federal farm board can best serve the grain growing farmers of the nation."

Closed Session to Be Order of Day

The meeting itself will be "confidential" and behind closed doors," but various members of the board intend to confer with newspapermen at the end of each session with the intention of making public a resume of what took place.
