"No Host" Bridge Luncheon Is Success

The 1:30 o'clock "No Host" luncheon followed by bridge at the Elk's temple Friday afternoon was one of the most pleasing affairs of the woman's side of the Pacific Northwest Real Estate convention which has been in progress in Salem for the past three days.

At the luncheon which was served in the dining room of the Elk's temple covers for 30 guests were placed at a long table centered with a bowl of gladioli and greenery. Oberer, Mrs. Eugene Grabenhorst, and Mrs. Ernest Miller, called on various visiting women for brief speeches.

Those who responded were Mrs. F. S. Berrett of Spokane, Mrs. George Spencer of Seattle, and Mrs. Alfred Carmichael of Victoria, B. C.

Three tables of bridge and one table of "500" followed luncheon. Mrs. George Spencer of Seattle, wife of the retiring president of the convention organization, won first prize, Mrs. A. H. Barnhill of Tacoma, won second and Miss Viola Benham of La Grande won first prize in "500."

STEAMSHIP BREMEN RETURNS EASTWARD

NEW YORK, July 26.—(AP)—Booked to capacity, the sea-racer Bremen, pride of the German marine, points her slender prow eastward tonight on the trail of a new ocean speed record.

The Bremen arrived on its maiden voyage Monday, after a four day 17 hour and 42 minute journey from Cherbourg which clipped almost nine hours from the record of the Cunarder Mauretania which had been queen of the seas for many years.

It is the Mauretania too that holds the eastward record from New York to Cherbourg, making the journey in 1924 in five days, one hour and 49 minutes. Last January the Mauretania went from New York to Plymouth in four days, 19 hours and 55 minutes, but the Bremen does not put in at Plymouth.

Since the Bremen arrived Monday 80,000 persons have inspected her.

Polk Farmers to Inspect New Type Of Clover Field

DALLAS, July 26.—Polk county farmers who have been interested in watching the growing of the new clover will have an opportunity of observing the results on a tour to be held next Monday morning, leaving the Black Bird Inn at Rickreall at eight o'clock.

One field of this anthracnose resistant clover planted this spring will be visited and another that is now setting its first seed crop will also be inspected. This is made possible because of the cooperation between A. R. Cadie and S. H. Robinson of Rickreall, and Martin Van Groos of the Perrydale district, and J. R. Beck, county agent, through whose efforts the first shipment of this seed was obtained from the east over a year ago.

The seed is quite difficult to obtain and costs 50 cents per pound, about 70 pounds being needed by the three farmers mentioned.

Part of the initiation of the new home during the past week has been the entertainment of out of state guests. Mrs. Cora B. Roberts of Spokane was a week-end visitor at the Dent home and Mr. and Mrs. F. L. Lindquist and family of Helena, Montana, were entertained on Wednesday and Thursday. Mr. Lindquist is attending the northwest realtors convention at Salem.

COULD NOT DO HER WORK

Strengthened by Lydia E. Pinkham's Vegetable Compound

Berlin, N. H.—"I took Lydia E. Pinkham's Vegetable Compound when I was in a family way because I was run-down and falling away every day. My food wouldn't digest and I could not do my work. I had to have a hired girl all the time. I took several medicines before I tried yours but none would help me. A friend told me about the Vegetable Compound and told me to try it as it would help me a lot. Your medicines have done me a lot of good and I cannot praise them enough. I will answer any letters that ask me what Lydia E. Pinkham's medicines have done for me."—MRS. WILLIE AMZRO, 627 Burgess St., Berlin, N. H.

PARLIAMENT TO TAKE VACATION

Labor Government Emerges Unharmful After Attack by Opponents

LONDON, July 26.—(AP)—Parliament rose today for its long summer recess after the new labor government had weathered its first month of life and emerged unscathed from a stormy attack on its Egyptian and reparations policies during this morning's session.

Freedom from attendance at the house of commons will give Prime Minister MacDonald the opportunity he desires to "get down to work," unhampered by parliamentary duties.

Foremost in his plans is the trip to the United States in October to confer with President Hoover for the purpose of advancing the causes of disarmament and world peace. Parliament reassembles on October 29.

Heated Debate Marks Final Session

The final session of the commons brought forth heated debate over the resignation of Lord Lloyd, high commissioner in Egypt. Winston Churchill, former chancellor of the exchequer, stoutly defended the commissioner who is his personal friend.

"Do you want to have puppets, trained to sing tunes which you think are popular?" Churchill asked with great emphasis. "This remark was characteristic of his general line of attack. Criticism by Churchill in the house of commons and by Lord Salisbury and Lord Birkenhead in the house of lords yesterday, however, in the opinion of moderate observers has been somewhat overdone.

Records Cited

By Mr. Henderson

When Foreign Secretary Henderson came to answer the criticism first voiced by Stanley Baldwin today, he was able to show that on four major occasions in the life of the previous conservative government, Lord Lloyd had been in direct conflict with the home administration over Egyptian policy, Lloyd some times being overruled and sometimes overruling his superiors in London.

Mr. Henderson maintained there was a real change of policy contemplated in Egypt but that it would be practically impossible to carry out the policy of the government's declaration of 1922

FRENCH SENATE APPROVES DEBT

Premier Poincare Announces Plan to Resign as Victory is Won

PARIS, July 26.—(AP)—The French senate tonight completed legislative approval of the Mellon-Berenger and Churchill-Catiaux foreign debt accords by passing the government ratification bill with a majority of 212 votes. The chamber of deputies approved the accords Sunday by the scant margin of eight votes.

The two measures, one for the American and one for the British debt settlement, will be promulgated in a formal decree by President Gaston Doumergue probably tomorrow.

Premier Poincare thus witnessed the victory of his long struggle for unconditional ratification of the settlements, but he was not present in person during the debate.

Shortly after the senate had approved the debt accords tonight, it was reported in the corridors of the chamber of deputies that the premier, who has been ill for a week, had decided to resign immediately.

No confirmation from any authoritative government source could be secured. The premier's decision was said to have been motivated by ill health and "dissensions in the cabinet." It was announced a cabinet meeting would be held in the evening.

Another rumor said the premier would turn over his office provisionally to Foreign Minister Briand, who has been his chief lieutenant in the debt debates since the premier fell ill.

The vote in the senate which sustained the government by 242 votes to 30, with 40 abstentions, came at the close of three days of debate more decorous than that in the chamber last week.

The senate adopted a separate resolution calling upon the government to pay the debts to England and America out of money received from Germany under the Young reparations plan.

This resolution was adopted by almost unanimous vote, there being only one against.

Palatable foods are better for us

"AN IMPORTANT thing to remember about eating is that we should enjoy our food," says one of the country's eminent food scientists. "Remember that sugar is one of the finest condimental foods in the world."

He went on to explain that sugar is nature's incomparable flavor. It helps to relieve the monotony of our daily diets. It is an aid to nutrition and health because it enables us to enjoy a greater variety of foods more.

"Sugar is wholesome," he said, "and it is inexpensive. Everyone can benefit from this flavor which adds so much pleasure to many of the foods we eat."

The advice of this famous man can be carried out in planning almost all daily dishes. Fresh or cooked fruits are full of minerals, vitamins and other health elements. They are made more delightful to our taste by the addition of sugar.

The flavors of nearly all vegetables are very much improved by adding a pinch of sugar in cooking. Sugar in connection with chocolate or cocoa makes milk a delicious beverage. Most foods are more delicious and nourishing with sugar. The Sugar Institute.
