Baby has little upsets at times. All your care cannot prevent thera. But you can be prepared. Thin you can do what any experienced nurse would do-what most physicians would tell you to do give a few drops of plain Castoria. No sooner done than Baby is moments. Yet you have eased your child without use of a single doubtful drug; Castoria is vegetable. So it is safe to use as often rhea; effective, too, for older chilwere bought last year.
