Strong Rivalry Developed Between Tents at Scout Camp, Messages Indicate

Keen rivalry between tents is creating much interest at Camp Santiam, according to a letter to The Statesman written by Minor Sanford from tent four.

Points are won by doing special details, such as building bridges, trails and doing camp duties. No one knows who scores the tents but so far tents 1, 3, and 4, have each won a first place and the others are working hard.

A hike to King's Butte and a visit to the girls camp at Taylor's Grove proved especially interesting last week.

A letter from tent six is as follows:

It is one of our duties in camp to write a news article each day to your paper, and although it is a great task at times to lay aside some of our other activities, we fellows of tent six deem it a great pleasure and an honor to write for publication about the real good times we are having here in camp.

Yesterday was Sunday and visitors day, and from the many people who spent the day with us, you would think the cities of Marion and Polk counties would have month at the close of his first year's work.

Mr. Thayer came here from Helena, Mont., where he had made an outstanding record in his musical work. His decision to accept the Redlands job came following a conference held in San Francisco last week with the superintendent of the Redlands school.

Mr. and Mrs. Thayer and son, Harold, will leave the latter part of August for Redlands, as they wish to be settled before school opens September 17. Harold, who attended Willamette university the past year, will enter Redlands university.

Thayer has made an outstanding record in his work here, even though he has been here for so short a period, particularly among his achievement being organization of a 60-piece high school boys' band.

FOUR BED WARD IS OPEN AT HOSPITAL

Through the courtesy of the Salem Rotary club Salem General hospital has just opened a new, completely furnished four bed ward. The furniture is the most up-to-date to be found in hospital beds and bedside equipment. It is mahogany finished in which color takes away from the "whiteness" found in the average hospital room and gives a more home-like appearance to the room. This type of furniture corresponds to the rest of the furniture in this wing.

The silver name-plate on the door bears the Rotary motto "Service above Self," and underneath the motto is "Salem Rotary Club."

With this ward completed there is but one left to furnish in this wing. When the last ward is furnished then plans will begin to be advanced for another wing to be structure which is fast taking on the character of a well equipped metropolitan hospital.

GIRL RESERVES AGAIN IN SALEM

Young Women Return From Summer Encampment in Santiam District

Arrival of 21 girls and the staff of camp directors from Camp Santiam Tuesday morning marked the close of the 1929 Girl Reserve camp period here. Three groups of girls each spent a week at the camp, which was under direction of Mrs. Eric Butler and Mrs. George Moorhead. Directors reported a camp entirely successful.

Girls brought back with them, besides reports of a hearty good time, copies of "The Crescent," the camp booklet which they completed during the week to record the seven days' activities. The mimeographed copies of the book contained the following divisions: camp history since camp was started eight years ago; aims, personal glimpses and activities, and the group's camp poem. Clay tiles work was a feature of the high school girls' activity.

In the group which just returned and which was comprised of high school girls were: Virginia Wassam, Theresa Ulrich, Eileen Moore, Mary Lois Brigg, Miriam Vicary, Loretta Pro. Ha Mills, Daisy Varley, Dorothy Tucker, Olive Oppen, Agnes Moore, Rachel Fernberston, Ruth Chapman, Hazel McElroy, Doris McCallister, Betty Mae Hartung, Eloise White, Hattie Chamberlain, Grace Skinner and Mary Butler.

Miss Esther Lisle, Doris Clarke, Muriel White and Helen White were also members of the camp staff.

MULTNOMAH COURT ORDERED REVERSED

A decree of Judge James Alger Fee of the Multnomah county circuit court awarding a judgment of \$1635 to Philip H. Carroll against the Royal Mail Steam Packet company, for damages resulting to apples shipped on boats controlled

by the defendant corporation, was reversed by the state supreme court here last night. The opinion which was written by Justice Belt ordered the case remanded to the circuit court for retrial.

The plaintiff alleged that the apples were shipped in February, 1923, and were consigned to Southampton and Glasgow. It was contended that the defendant corporation failed to use due diligence to provide and maintain suitable refrigerator compartments at proper temperature, ventilation and humidity, with the result that a considerable part of the apples were not marketable upon reaching their destination.

The Royal Mail Steam Packet company submitted testimony to show that it had been relieved of any liability in connection with the shipment.

KRUEGER ADDS 3 INSURANCE LINES

W. G. Krueger, Salem realtor, has added the business of three local insurance concerns to his interests recently, he reported Tuesday with purchase of the insurance business of E. G. Coppock, who has handled Franklin of Philadelphia. Previously he had purchased the records of H. E. Brown and the business of George Alderlin, the latter deal including the Mechanics of Philadelphia and the New Jersey Casualty. Alderlin is writing fire and auto insurance from the Krueger office now, and also handling life insurance for himself.

Krueger has handled a general insurance business, except life, along with his realty business since he came here eight years ago. Other lines he has included: Western of Toronto, Northern of New York, Hudson of New York, Metropolitan Casualty, Eagle Casualty and Mechanics Underwriters. He reports that his office handled 12 expirations July 27.

Schreiber Weds Frieda Falconer in North Section

Laurence E. Schreiber, son of Martin Schreiber of Salem, was married to Miss Frieda Falconer, daughter of Rev. and Mrs. F. R.

Falconer of Ketchikan, Alaska, July 21 in Ketchikan.

Mr. and Mrs. Schreiber called the evening of their marriage on the Dorothy Alexander for Portland. They will make their home on the ranch of Mr. Schreiber near McMinnville, Oregon.

Both Mr. and Mrs. Schreiber were students in Willamette university. Mr. Schreiber graduated in 1928.

MILLS GROWS LONG SPECIMEN OF FLAX

S. B. Mills brought to the Statesman office yesterday a sample of flax grown on his farm this year that is a splendid exhibit, considering that the seed was sown May 10th (rather late), and grew without irrigation.

The sample shows 36-inch long, or \$40 a ton flax, and Mr. Mills says it is going three tons or better to the acre. The sample was produced on new land. He has 14 acres of flax this year, not all of it as good as the sample, because some was grown on old land. He says a good rain in the middle of the growing season would have increased his flax tonnage materially. It would have increased the tonnage of the whole 4500 acres in flax this year.

The farm of Mr. Mills is two miles north and a mile and a half east of Aumsville.
