## CHILEAN COAST IS SWEEPED BY STORM

### Terrific Gale Rages Entire Night Doing Damage To Shipping

**SANTIAGO, Chile, Aug. 10.**—(AP)—A terrific storm that raged all last night caused damage along almost the full length of the Chilean coast and in the mountains to the east took the form of a blizzard.

A tug boat was sunk and its captain drowned and several lighters and launches were lost at Magellanes in the extreme south. Two British cruisers escaped by putting out to sea. The breakwaters at Antofagasta were destroyed and damage was done at Valparaiso, Miramar and Talcahuano.

All train service and air service between Chile and Argentina was suspended. Passengers on one trans-Andean train were snowed in a tunnel. They were believed to be well provisioned, but efforts were being made to open the road to them.

Only about 50 feet of the long seawall at Antofagasta remained tonight. The steamship Ebro narrowly escaped being wrecked. Its anchor chain parted but it was able to put out to sea in the teeth of the gale.

Small boats and wreckage were cast up on the shore for mile after mile. The port engineer at Antofagasta estimated that reconstruction of the sea wall would cost about \$1,600,000.

## COTTON STRIKE MAY YET BE ENDED, SAID

**EDINBURGH, Scotland, Aug. 12.**—(AP)—Hopes revived tonight for early settlement of the dispute in the Lancashire cotton trade which for a fortnight has left more than 500,000 workers idle.

Prime Minister Ramsay MacDonald flew here today from his vacation place at Lossiemouth and held conferences with leaders of both sides.

Although no official announcement shed any light on what was accomplished it was understood in well informed circles that the prime minister had induced both sides to accept the principle of arbitration and that the way was paved for a joint meeting in Manchester early next week, possibly on Wednesday. working again by the end of next week.
