To the Members of the Salem Kiwanis Club and Their La-

We are on the eve of probably the biggest objective the local Kiwanis club will ever have the privilege to perform, viz; the entertainment of delegates and members from the 85 clubs of the Pacific Northwest District of Kiwanis International. This district being the only one composed of citizens of two nations-Our

Country and Canada. As citizens of one of the most beautiful cities of the district, if not of the two nations, let us show our pride by extending a cordial greeting and hospitality that will be remembered by one and

all of our guests. This we can do by each one doing his or her part in the little things that may occur, such as the use of your car, donating flowers from your garden, etc.

Due to the thoughtful planning and the unselfish devotion of time and labor by each and every member of all the committees in charge, I cannot help but think this will be an outstanding achievement in Kiwanis entertainment.
The committees have used

what funds that were available from your registration fees in a manner they thought would reflect credit to our club and the falr city of Salem.

Let our motto "We Build" be exemplified by our actions in "building" new friendships for our club and

our city. SCOTT PAGE. Convention Chairman
