

**Local News Briefs**

**Collision Reported**—Automobiles driven by F. E. Lodes, 226 State street, and the Rev. Martin Perrey, 657 Chemeketa, were involved in a collision at Winter and Mill streets Saturday forenoon. Other collisions reported Saturday included: E. L. Weinsheimer, 764 North High, and Lloyd Mason, 1155 North 21st, at High and Center streets; G. C. Weaver, 24 South 16th street, and E. C. Charlton, city hall, at 15th and State, Friday night; Mark Waldepe, 1076 Garnet street, and H. C. taab, 1525 B street, Friday forenoon on Marion street between Commercial and Liberty.

**Store Will Open**—Work of remodeling the Foot Health shoe store is progressing rapidly and it is planned to open the store next week. E. W. Ackerlin will be the manager of the store with G. B. Darowish as assistant. The Foot Health store is successor to John J. Rottle and Mrs. Rottle who has been in Salem this week completing the transfer.

**Visiting at Peters Home**—W. R. Wood and sons, John R. and Charles Davis, who are here from Parker, S. D., visiting at the home of Mr. and Mrs. Karl Peters, 1495 Maple, will leave shortly for a visit in California. They will be accompanied by Mrs. Peters, who is a daughter of Mr. Wood.

**Park to Return Here**—Word has been received that Everett O. Park, a former resident of Salem will return to this city September 1, to make his home. Park has been operating an apartment house in Seattle the past four years, and he writes that he is anxious to get back to the wide open spaces again.

**Mrs. River from Sheridan**—Mrs. Henry River and son were in Salem Saturday from Sheridan. While here, they made arrangements to move to this city in another month, renting a home at 1945 North Maple. They will move in time for the opening of school.

**O'Neill in City**—H. C. O'Neill of the Horse Shoe auto park between Woodburn and Hubbard was a business visitor in the city Friday. He says things are going good at his place, with the usual number of tourists on the road this year.

**Girl To Rickles**—Flora Jean is the daughter born to Mr. and Mrs. Ben Rickle of 188 Rural avenue, Saturday morning. The young miss, who has an older brother, weighed six pounds and ten ounces.

**Miss Gath on Vacation**—Miss Olga Gath, stenographer at the R. L. Reimann realty office, will leave today to spend a week's vacation at Drettenbush.

**Visiting Family**—E. A. Oehler, with the Fry drug store, is spending today in Portland with his family.

**For Used Cars See**—Vick Bros. High and Trade.

**STOCK MARKET IS YET STRONG**

**Heavy Profit Taking Marks Week-end but Prices Continue Up**

NEW YORK, Aug. 17—(AP) The stock market waded with fair success through a flood of week-end profit taking in today's two-hour session. A number of leading stocks closed a point or two lower, but these losses were counter balanced by moderate gains in the oils, and several of the rail, utility and specialties. The oil stocks were dealt in large volume, contributing heavily to the days turn over of 2,227,250 shares. The ticker fell more than 10 minutes behind the market at times.

There was nothing in the day's news to shake confidence in the revived bull market. Wall Street was inclined to the belief that the snarl at The Hague will eventually be unraveled, and the little worry about the Russian-Chinese crisis. The week's developments in the credit situation have been highly reassuring. There was no money market today, as Friday's rates carry over the weekend.

Somewhat firmer credit is anticipated next week, but bankers expect the changed federal reserve policies will tend to stabilize rates.

American Telephone was once more brought forward as a leader and sent up 3 1/4 points to a new record price at 235. American Machine and Foundry was again buoyant, rising about 10 points to a new top at 220, influenced by reports of large sales of its clear-making and package wrapping machinery. Other issues reaching new tops included Union Pacific, Consolidated Gas, Beatrice Creameries, Follansbee Bros., General American Tank Packard Motor (new), Wright Aero certificates, Pan American and Simms Petroleum. Alhis Chalmers, Fleischmann, Bendix Aviation, International Business Machines, Lambert and Montgomery Ward were well bought.

Among the soft spots were Air Reduction, Allied Chemical, American International, Electric Auto Lite, Cayamel Fruit, General Electric, Greene Cananea, National Lead, Proctor and Gamble, Pacific Lighting, St. Louis Southwestern, Safeway Stores, Underwood Elliott, and Westinghouse Air Brake, off 2 to 4 points, largely influenced by profit taking. Interstate Department stores dropped about 5 points to a new 1929, and Federal Light and Traction preferred, and Endicott Johnson preferred, comparatively inactive stocks, tumbled about 9 and 11 points to new lows for the year.

**TILL THE END BE**  
"And I heard, but I understood not: then said I, O my Lord, what shall be the end of these things?"  
"And he said, Go thy way, Daniel, for the words are closed up and sealed till the time of the end." Daniel 12:8,9.

There are many, we know, who have it all figured out. They can interpret the vision of the four beasts, and the vision of the ram and the goats. They can take the apocalyptic material and out of it weave a fabric what is to them positive assurance of what is to happen. The cryptic language, the mystery of dreams and angels and heavenly voices; all of these are clear as crystal to some who build a whole structure of a creed on their theories of how to interpret apocalyptic passages in Daniel or Revelations or Ezekiel.

The rational mind cannot accept this theorizing. It cannot find in the oracular passages any thing that seems tangible to the practical world of today. So the rationalist and the mystic clash; their minds never meet. The mystic, dreamy-eyed, makes each line of prophecy testimony and a buttress to his edifice of belief. So lucid is it to him, he cannot understand why his rationalist friend is such a skeptic.

**Senate Republican Leader Voices Approval of 2.20 Cents Tariff Upon Sugar**  
WASHINGTON, Aug. 17—(AP) Approval of the newly proposed tariff of 2.20 cents a pound on Cuban raw sugar was voiced today by Senator Watson of Indiana, the senate republican leader, who declared that practically every country in the world imposed a rate higher than the American duty.

The view of Watson, as majority leader, was interpreted at the capitol to indicate that the new sugar duties, agreed upon yesterday by the senate finance committee republicans, of which Watson is a member, would meet with the approval of the administration. The 2.20 Cuban rate, if their action is sustained, would replace the present duty of 1.76 cents and the house rate of 2.40 cents.

The republican leader issued his statement prior to his departure for a week-end visit to the summer camp of President Hoover, who has been represented by Chairman Smoot of the finance committee as leaning toward a sliding scale sugar duty, or one which would protect both the producer and consumer. Such a scale was offered by Smoot, who abandoned it after a public hearing had disclosed unanimous opposition by the industry.

After listing 31 countries having sugar tariffs ranging from 2 to 17.6 cents a pound on refined as against a present American refined rate of 1.51 cents against Cuban, Senator Watson declared that his amendment declared "that these nations are determined to produce this product at home instead of purchasing it abroad."

He added that American farm organizations were demanding a "much higher rate" than that proposed by the finance republican group "because they desired to diversify the products produced by American farmers and at the same time develop this industry to such a state that the American supply will be equal to the American demand."

While domestic sugar producers had never had an opportunity to develop their products to the fullest extent, the republican leader said "it is constantly asserted that if it is properly protected, the industry will be brought to such a state of cultivation within a short time that the home supply will be equal to the demand."

**CONSTRUCTION JOBS BEING PUSHED HERE**

The big construction jobs in progress in Salem are moving right along now. Ross Hammond is getting work well under way on the state office building job. A mixing plant has been built so trucks can dump right into the hopper. The mix flows into the forms. The big steel gin-pole in the center of the excavation swings the trough from pier to pier so the mix flows into the desired spot. From now on the work on this job will be interesting to watch.

The steel framework is up on the telephone building on Court street. Workmen are now placing the stone facing around the base on the street front. Masonry work is well along on the postoffice annex. Light colored brick with stone trimming is the material used. The main building is of stone, and the brick annex would seem to fit better on the Elks club across the street than on the grey federal building.

Finishing work is in progress on the P. E. P. Co. warehouse on North Liberty street for which A. A. Siewert is contractor. It will soon be ready for occupancy. Numerous residences are going up in all parts of the city. The two largest homes, the Johnson home on Fairmount Hill and the Jarman home on South High are well advanced in their construction.

**APARTMENT HOUSE TRADED FOR FARM**

H. A. Murphy, owner of the apartment house at 925 North Liberty street, has just closed a deal whereby he exchanged the Salem property for Arthur Vaughn's 135-acre far mat Lyons. The transaction was handled by A. C. Bohrnstedt, local realtor. Transfers were effective Saturday.

Mr. and Mrs. Murphy and their two children, who have been here the past four or five years, left Saturday morning for Spokane, here he expects to go into business. Vaughn will not take personal supervision of the apartment house, planning to continue his residence at Lyons. Murphy secured stock and machinery with the farm, which he also has purchased as an investment.

**PORT ORCHARD MAN IS YOUNG DELEGATE**
