

Polk County Cow Makes Butterfat Record of 926 Pounds

LION'S LILAC IS BIG WINNER

Harry Hliff of Sunny Lea Jersey Farm Puts His Name in Sun

DALLAS, September 7.—The slogan "Polk county Jerseys against the world," was justified again in the recent record established by Lion's Lilac, a home bred Jersey developed by Harry Hliff of Sunny Lea Jersey farm near Independence.

This cow produced 13,844 pounds of milk containing 926 pounds of butterfat in 365 days, which is the highest record of butterfat production for any cow of any breed in the senior three year old class and the highest for any age cow in the Jersey breed over the same period. Lion's Lilac is only adding to an already established record of producing 742 pounds of butterfat when a senior yearling.

Hliff Farm Outstanding

With this new record the Hliff farm has made itself outstanding among Jersey breeders, since the lion of Lion's Lilac was born and raised on the Hliff farm, the dam was however imported and holds the highest record for an imported cow, being 1022 pounds.

The test of Lion's Lilac ended a 10 month period on August 1, 1929, which is the normal period with a milking machine and stripped by hand. She weighed nearly 1100 pounds.

Mr. and Mrs. Hliff have the only herd of Jerseys to hold four class records for this breed, and is evidence of the possibilities of proper breeding and handling.

WOODBURN SCHOOLS OPEN SEPTEMBER 16

WOODBURN, September 7.—A full corps of teachers are engaged and everything is in readiness for the opening day of school, September 16. Only five changes were made in the teachers since last year, one in the elementary school and four in the high school.

Miss Georgia Albee, the new instructor in the grammar school, will teach the sixth grade. Miss Ruth Mitchell will take the place occupied by Miss Helen Andrews last year and will teach English and have charge of the library. Gilbert Oddie will teach social science and general science, and will also devote part of his time to assisting Coach Wolf. Miss Margaret Templar will teach English, Spanish and will be music director. Miss Audrey Wiencken has been engaged to fill the vacancy caused by the resignation of Miss Ava Connor and will teach clothing and educational guidance.

The contract for transporting pupils from outside districts to the high school has been given to J. J. Donaldson and the busses will be driven by teachers from the high school. There will be four busses, each with the capacity of 50 persons and will all go on different routes. Only one bus will be necessary to cover the Aurora district which has always had two busses in previous years.

Several dramatic productions have already been scheduled for the high school auditorium, the first being the junior class play on November 8; musical comedy, December 16 and 17; senior class play, January 17; operetta, February 23; dramatic production, April 28. All these dates are subject to changes. The football schedule is being made but it is not quite complete.

The primary grades will be taught in the East Side school and the teachers will be Miss Helen Newman, first grade and Mrs. Nellie Muir, second. The teachers for the elementary grades are Miss Ruth Holt, third; Mrs. Margaret Davenport, fourth; Miss Mary Scollard, fifth; Miss Georgia Al-

bee, sixth; Miss Fern Wadsworth, seventh; Mrs. Mabel Ballard and Mrs. Myrtle Clark, eighth.

The high school instructors are Ronald Barrett, Smith-Hughes, agriculture; Miss Pearl Emery, commercial studies; Milton A. Gralapp, mathematics; general science, educational guidance; Mrs. Helen Guiss, home economics; Miss Virginia Mason, Latin, public speaking; Mrs. Maude Michel, English, girls' advisor; Miss Ruth Mitchell, English, library; Gilbert Oddie, social science, general science; Tully P. Otto, science; Miss Margaret Templar, English, Spanish, music; Miss Helen Washburn, English, girls' physical education; Ray O. Wolf, social science, boys' physical education; Miss Audrey Wiencken, clothing, educational guidance.

AUBURN MAN HAS INTERESTING BOOK

By MADALENE L. CALLIN

A most interesting opportunity to compare present day food prices with those of 1850 was afforded by an account book owned by Charles Cady of Auburn.

The book was kept by Herman Willard, a merchant in Wisconsin, who was an uncle of Mr. Cady. The accounts begin in 1850 and the writing is still clear and very beautiful.

A few of the prices noted are: sugar, nine cents per pound, eggs 5 cents a dozen, butter 13 cents a pound, thread three cents per spool, "1 pair side combs, six cents," "suspenders, 19 cents," "a pair of cuffs, 19 cents."

"The accused could" and did borrow cash from the store is indicated by several charges of "cash 25 cents." In another place is to be found a credit on account of 20 cents. The total account at this time being \$11.50.

Many interesting heirlooms are to be found at the Charles Cady home. One in particular being a solid silver creamer pitcher owned by Mrs. Cady, which is more than one hundred years old. This pitcher was owned by the Brock family in England, ancestors of Mrs. Cady and was brought to America many years ago. It is of pure silver and since the creamer is of solid silver it is soft and pliable, but the carving is very clear and the figures and monogram are still distinct.

A cup and saucer also brought from England many years ago are greatly prized by Mrs. Cady. An interesting thing about these is that although very old, neither are cracked or chipped.

A marble top table, which many years ago was used by royal visitors in Canada is also in the Cady home. It is of brown marble and very heavy but like the cup and saucer not marred by chips or cracks.

Cascade Golf Tournament to Be at Silverton

SILVERTON, Sept. 7.—Golfers are looking forward to the Cascade Golf Tournament to be held on the Silverton Country club course on September 28 and 29th. Six members from each participating club will play. Clubs will be represented from the entire Willamette Valley and the coast district.

At a meeting of golfers held early in the summer at Waverly club at Portland a permanent organization was effected. Mayor L. C. Eastman of Silverton was elected president, with Charles A. Reynolds of Silverton secretary.

Paving Going on Fast Near Keizer

KEIZER, September 7.—The paving is progressing rapidly west of Keizer school. It will be completed before prune drying starts.

Most of the prune dryers in this vicinity will start September 16. The evergreen blackberry picking is about finished. Several growers have been busy harvesting cukes.

HOP PICKING IS IN FULL SWING

Fine Quality of Crop as Well as Quantity is Help to Pickers

ROBERTS, September 7.—Hop picking is on in full swing in the Roberts hopyard and in the yard owned by Leonard Zieka. Owing to the extra fine yield of hops the pickers are all making good wages, some of them making banner records.

Mr. and Mrs. Roy Perry of Portland, Mr. and Mrs. Arthur Mollette and Bert Query of Olympia, Wash., were here to attend the funeral of C. D. Query, Monday forenoon. Mrs. C. D. Query and daughter, Miss Julia Query, went to Hoquiam, Wash., Wednesday with Mrs. Fred Erickson to stay the remainder of the week. Erickson is the sister of the late C. D. Query and was with him for several days before his death.

DRIVER ASLEEP WHEN CAR GOES INTO DITCH

Accident Occurred Thursday at about 4 o'clock in the morning a few miles from Jefferson, when the driver went to sleep at the wheel, the car going into a ditch and hitting a telephone pole. The occupants of the car were Mr. and Mrs. Geanella and son of San Francisco who were on their way to Seattle on a vacation trip.

Soon after the crash a bread wagon arrived on the scene and brought the injured into town, where they received aid from Dr. J. O. Van Winkle.

Mrs. Geanella received a broken right forearm and several gashes that required stitches and the son received cuts and bruises. They stopped at one of the stucco cabins while their car was being repaired, when they continued on their journey.

Prune Picking Soon to Begin in Roberts Area

ROBERTS, September 7.—Prune picking will begin in about a week. There is a heavy crop of prunes in this community. Some have been sold to the cannery, but the most of them will be dried.

Carl Hayden returned Wednesday from a ten days motor trip to Yellowstone park.

Has the laxative in your home a family doctor's approval?

MOST of us value our health too much to purposely neglect ourselves when we are warned of constipation by bad health, feverishness, biliousness, a headache, lack of appetite, or that weak, helpless feeling. The continuation of our trouble is more often due to the things we do rather than the things we leave undone.

Some things people do to help the bowels really weaken these organs. Only a doctor knows what things will cleanse the system without harm. That's why the laxative in your home should have a family doctor's approval.

A wonderful product now known to millions of people as Dr. Caldwell's Syrup Pepsin is a family doctor's prescription for sluggish bowels. It never varies from the original

prescription which Dr. Caldwell wrote thousands of times in his many years of practice at Monticello, Illinois. He proved it safe and reliable for women and children; thoroughly effective for the most robust men. He showed it actually corrects constipation. It is made from fresh herbs and other pure ingredients.

Since Dr. Caldwell first permitted his prescription to be put up in bottles and sold through drug stores, it has increased steadily in popularity until today it is the largest selling laxative in the world!
