Fine Crop of Onion Seed Raised by Adam Hartman

LAKE LABISH, Sept. 10.—Onion seed on the Adam Hartman place in Lake Labish is a pretty sight at this time. "Yes, we raise our own seed to plant these four acres. Then we know just what quality we plant," said Mrs. Hartman, the lady who is full partner to her husband in all the hard work and good money of onion raising.

We will have 30 pounds from this seed patch. See, they are shoulder high.

We planted them in mellow, well-fertilized ground. We were able to plant this year in February because this piece of upland is well drained. Yes, we select only the most perfect specimens to plant for seed. They must be large, perfectly cured and true to the yellow, half-globe, Danver's

J. W. Mayo, with their children, enjoyed a pot luck supper at their home Saturday evening. The back-end of the Mayo property is on the irrigation ditch and they have built an outdoor fireplace and made several improvements which make an ideal picnic spot. The remainder of the evening was spent playing bridge and at a late hour the hostess assisted by her charming daughters served ice cream and cake. The occasion was Mr. Mayo's birthday.

Henry Smith, local marshal, is still very ill. Miss Anna Stout is the nurse on the case. Mr. Smith is under the care of Dr. Smith.

STAYTON IS NEAR FOREST FIRE AREA

STAYTON, Sept. 10.—Burnt leaves, ferns and ashes have been falling over town the past three days. There is fire in several places in the Coon Hollow country. It is going through the timber. No buildings have been in the path of the fire so far.

About 4 o'clock Sunday afternoon, fire was discovered on the island, between Stayton and Kingston, and for a time it looked bad for the George Gassner and Joe Gassner places, just south of the island.

Much work on the part of Mrs. George Gassner in summoning help and providing the helpers with buckets and sacks prevented serious losses. Then to the wind, which was in favor of the farmers, and the fire was kept on the island and where it presented a spectacular sight far into the night. Clara Thomas, fire warden from the Jordan section, visited the fire, going over the burned area. It is not known how it started.

A grass fire near the old Hendershot place called out the local fire company late Sunday afternoon. It was quickly extinguished by the chemical engine.

GRANGE MEET FRIDAY AT NORTH HOWELL

NORTH HOWELL, Sept. 10.—Regular Grange meeting will be next Friday evening at 8 o'clock.

A "first day of school" program has been arranged by our lecturer, Mrs. G. L. Vinton and this promises to be quite interesting.

Paint has been purchased for the outside of the kitchen on the Grange hall and plans for applying it will be completed Friday evening.

BRUSH COLLEGE GRANGE MEETS

Vacation Experiences and Business Session Make Meeting Good

BRUSH COLLEGE, September 10.—The Brush College Grange held the first indoor meeting of the fall Friday evening, September 6, with Glenn Adams, grange master presiding.

The regular business meeting was held followed by nomination of state officers. Mrs. Wayne D. Henry had charge of the interesting program which follows: piano number and encore by Mrs. Marie Flint McCall. A number of the members gave their experiences while on their vacation trips. Glenn Adams told of his very interesting trip through eastern Oregon. Mrs. Marie Flint McCall gave an account of her trip to her summer home at West Lake and also of her visit to many granges in Lane county and picnics seem all to be held on Sunday.

Ralph Scott also told of his trip to the famous Crater Lake and other points of interest. Mrs. Charles McCarter, who with a party visited the Oregon Caves, Crater Lake and some of the redwood districts of California, gave a vivid account of their trip. As a closing number, Billy Utley sang several solos accompanied by his mother, Mrs. A. E. Utley at the piano. Refreshments of cider and doughnuts were then served in the kitchen.

At the next meeting a 7:00 o'clock pot luck supper will be served. Also memorial services will be held in memory of Miss Nellie Taylor, oldest member of Brush College grange who died recently.

Mr. and Mrs. Sam Schuller, Miss Marie Kelly and Leroy Kelly all of Scio, and Mr. and Mrs. Frank Mansell of Eugene were visitors at the home of Mr. and

ADAMS HAVE DAUGHTER

SILVERTON, Sept. 10.—A baby daughter was born to Mr. and Mrs. Nelson Adams of Mill City at the Silverton hospital Sunday. Mrs. Nelson is the daughter of N. Digerness, Silverton merchant.

Boy Preacher is Heard by Crowd As Series Closes

WOODBURN, Sept. 10.—(Special)—Miss Vivienne Nelson, who is employed in Portland by the Minnesota Mutual Life Insurance Co., visited her parents, Mr. and Mrs. A. C. Nelson, Sunday and entertained as her house guest for the day Arthur Clark of Silverton.

Mrs. Lucy Coffin, known to her many friends here as "Aunt Nini" "Grandma" Coffin, left Sunday to reside with her son, John Coffin, in Portland.

Many persons from out of town attended the closing services of Richard Headrick, "The Little Minister," at the Four Square Gospel lighthouse Sunday night. Many had heard him over the radio and came many miles to hear him in person. So large was the crowd that it was impossible to handle them in the small auditorium.

WOODBURN, Sept. 10.—(Special)—The Ray-Brown cannery, one of the finest and most up-to-date plants in the valley, is running a full crew on pears and blackberries.

CANNING STILL ON FULL BLAST

Pear Run Unusually Heavy At Ray-Brown Plant; Prunes-Apples Soon

WOODBURN, Sept. 10.—(Special)—The Ray-Brown cannery, one of the finest and most up-to-date plants in the valley, is running a full crew on pears and blackberries.

There has been an exceptionally heavy run of pears this fall and four car loads of fruit are canned every day. A night shift is employed on the evergreen blackberries which have shown a heavy yield in comparison to previous years. Other fruits canned during the spring and summer have had a normal run some kinds of fruits being slightly under the normal yield and other varieties higher.

The Ray-Brown cannery will continue operation until December 15 and will begin on prunes September 16. The management expects a heavy run of apples after the pear season and will in all probability employ a full crew to handle the fruit.

New pear equipment was installed during the lull in operations between fruit seasons, including a new power peeler. Ray-Brown is constantly installing new equipment to keep up with the modern methods of canning fruit and adding comfort and safety for employees.

This institution affords the most important civic payroll and at present employs 650. Ray-Brown company ships canned produce to all parts of the United States and Canada as well as to the foreign markets of the world.

Work All Winter After canning operations have ceased for the winter men will be employed in the warehouses to handle the shipping and others will be employed installing and repairing machinery and refitting the canning table and preparing
