**STOCKS NOT SO STRONG, WORD**

**Market Feels Effect of Pessimistic Trend as Prices Drop**

NEW YORK, Sept. 12.—(AP)—A black fog of pessimism crept into important speculative circles today, and leading shares were heavily liquidated on the stock market. Scores of stocks closed from 3 to 15 points lower. Selling was in such volume that the day's total transactions again crossed the 5,000,000 share mark.

Lack of support for such leaders as U. S. Steel was particularly discouraging. U. S. Steel closed off about 10 points, and rallied only 1 1/2 points from its low. Such issues as American Can, American Telephone, Anaconda, American Water Works, Atchison, Chesapeake, and Ohio, Du Pont, Eastman Kodak, General Electric, and Norfolk and Western, lost from 3 to 4 points.

Westinghouse tumbled about 12, but reduced its loss to 8 at the close. Johns Manville lost 7 points, Commercial Solvents 8 1/2, and Auburn Auto 15.

The market opened with a burst of strength, and pools hurried up some of the volatile issues in violent fashion as the market began to sag in an effort to stay the tide. American Machine and Foundry rose about 21 points, two thirds of which was later lost. American Type Foundry was sent up 9 points, but it closed 6 lower. Case Threshing rose 12, but tumbled 18 from its top.

Radio was heavily bought for a time, rising to a new high for the present stock at 11 3/4, but it closed at 10 1/2, off more than a point. Heavy trading developed in the oils, but Standard of New Jersey encouraged realizing on its sharp advance of yesterday, closing off a couple of points. Standard of New York reached a new peak in a small gain, but then reacted. Sun Oil rose 4 points to a new top, but closed up only a point. Although the utilities were generally heavy, Columbia Gas moved against the trend, rising 5 points to a new high record, and closing near the top. Philadelphia Co. jumped 11 points to a new peak and held its gain.

**SUITOR SEEKS TO SHOOT GIRL'S DAD**

PASADENA, Calif., Sept. 12.—(AP)—A belated suitor for Miss Beatrice Truesdale was sought by police here today after attempting to shoot the girl's father, wounding a policeman with five shots in the leg and cheek and telephoning the Truesdale home later that he was coming to "take her away in spite of everything."

The man, identified by the father, Lewis H. Truesdale, as Charles C. Connor, 32, of Pasadena, appeared before the home about 2 a. m., and began honking the horn of his automobile. Truesdale said. The father attempted to force the man to leave, and a struggle ensued. Connor drew a gun but Truesdale said he wrestled it from him.

Truesdale asked for police protection and Officer H. C. Kallely was sent to the home. Five hours later Connor reappeared and resumed his honking. Kallely approached the car and fell under five shots from Connor's gun. The man escaped and a few hours later telephoned the parents he would return to get the girl.

**CHINA IS STILL AT OUTFITS WITH LEAGUE**

GENEVA, Sept. 12.—(AP)—China still faces trouble on the Geneva diplomatic front as well as on her Manchurian frontier. The meeting of the program committee of the assembly of the League of Nations was the focus of great interest today as deliberations were continued to decide whether the committee would stand by its decision not to present for consideration in the assembly China's demand that the league make operative article 19 of the covenant. This article deals with the possibility of revision of treaties which are considered no longer applicable.

The committee discussed the Chinese proposals for an hour, but failed to arrive at a decision and will resume the study of the question at noon tomorrow.

Meanwhile China through her spokesman Dr. C. M. Wu, threatened to create a "most serious situation" if the Chinese demand is not met. Dr. Wu has cabled his government for instructions and still holds in reserve his threat to withdraw the Chinese delegation from the league proceedings.

**Vegetables and Fruits Move Rapidly in Local Markets at Present Time**

Fruit and vegetable jobbers and retail departments in the local stores are having little to complain of in the way of selling these days, what with plenty of most commodities and a good demand. On the whole, prices have remained the same during the week.

The peach season is reaching the peak steadily and by the end of next week will have started on the down side. Most of the peaches offered now are shipped in from Yakima, and are selling all the way from 15 cents to 95 cents a crate, retail.

**Take Drop in Price**  
Bartlett pears are down considerably this week over last, selling at \$1.50 a bushel box at the stores. Demand on these is good right now.

The first car of watermelons from the Columbia river basin district is due in Salem today, which means that the California melon has completely faded out of the picture. Demand for melons is still lively, despite the fact that as a rule the melon season is over immediately after Labor Day. Top price on watermelons is two cents.

Other varieties of melons available now include the ice cream melons, which are coming in in large quantities from the local patches, casabas and cantaloupes, also all from local growers. Cantals are selling at four cents a pound and casabas and ice cream melons at five cents a pound.

**Lemons and Oranges**  
See Little Change  
Crab apples at five cents a pound, lemons at 40 cents a dozen, oranges from three dozen for

**TALKIES ARE USED IN SALESMANSHIP**

BIRMINGHAM—(AP)—Talking pictures will get their first big job as international salesmen next fall.

The amphibian plane of the South American trade extension flight, sponsored by chambers of commerce, industrial boards and trade organizations throughout the country, will leave in October on a 27,000-mile tour of Spanish America.

It will carry 9,000 feet of talking pictures describing industries and commerce in the United States.

The purpose of the flight is two-fold: to carry information to South America concerning the United States and to bring back a load of facts on commerce and industry in the Spanish-speaking countries.

Notice is hereby given that the Common Council of the City of Salem, Oregon, will, at or about 7:30 p. m., on the 16th day of September, 1929, or at any subsequent meeting of the said Council thereafter, in the council chamber of the city hall of Salem, Oregon, proceed to assess upon and against each lot or part thereof or parcel of land liable therefor in its proportionate share of the cost of improving Market Street from the east line of Front Street to the west line of Commercial Street, in the City of Salem, Marion County, Oregon.

All persons interested in the said assessment are hereby notified to appear before the said Council at said time and place and present their objections, if any they have, to said assessment, and apply to said Council to equalize their proportionate share of same. By order of the Common Council this 3rd day of September, 1929.

**CANTALOUPE CROP IS SAID UNUSUALLY BIG**

Have you had your two cantaloupes this season? For that is your share of the Imperial valley cantaloupe crop for this year, according to William C. Fitch, manager of perishable freight traffic for the Southern Pacific.

All records for Imperial valley cantaloupe crops were broken this year when 19,858 carloads of melons moved out of the district as compared with 18,339 carloads in 1928. Of this number 19,723 carloads moved by freight and 180 carloads by express.

Estimating 340 crates to a car and 38 melons to a crate, Fitch points out that 243,061,920 melons were shipped out of the Imperial valley this season. If distributed throughout the United States this would average more than two melons to every man, woman and child.

The season opened May 15 this year and the peak of the shipping was reached June 29 when 510 carloads of melons moved out of the district during the twenty-four hour period. The season ended September 1. The bulk of the melon crop was shipped east.
