The above class and grade quotations do not in all cases represent actual sales. In some instances they represent values at which it is believed such atock would sell if available.

CHICAGO, Sept. 12.—(AP)—Assertions that virtually half of the 1929 prespective Argentine wheat crop has been swept away by drought sent the wheat TRIANGLE REALITY CO. market whirling upward again today, For the first time this season, No. 2 red price of similar wheat deliverable any time during the current month. After to-day's upturn in values, however, had gone to about 5c a bushel higher than figures current 48 hours ago, a rush of selling to realize profits led to a sharp setback.
