The Pictured Story of Belcrest Memorial Park

Relief maps, photographs and exhibits of shrubs and grasses form the group showing vividly the development of this park cemetery.

You will find this collection in the northeast corner of the balcony of the pavilion. Make a point to see it; you will not regret it.

If you like beautiful parks, this artistically landscaped park cemetery, the only modern memorial cemetery in the state of Oregon, will appeal to you.

Remember the place—northeast corner of the balcony of the pavilion.

Grey Eagle Connell, nationally known racing driver, says "I can tell the world that in my opinion The Viking is the fastest stock car ever built."

On General Motors proving grounds, Grey Eagle drove a Viking 8, owned by Major W. E. Thomas, San Antonio, Texas, 109½ miles per hour and was flagged down on the eleventh lap.

For proof of this see the famous V type motor in our Viking 8, and also latest in the Oldsmobile
