

SCHOOL GETS GOOD START

North Howell Plans for Many Activities During Coming Winter

NORTH HOWELL, September 25.—School began here Monday morning with 27 pupils enrolled in the upper room for the first day and 28 in the primary grades.

Mr. and Mrs. Elvin Pruitt moved from Salem Sunday to the M. R. Jones house near the school house where they will live during the coming year.

Other pupils will be enrolled later.

Mrs. Stella Bartlett and daughter Lois of Portland spent the week-end with Mrs. J. E. Waltman.

Mr. J. E. Wellman, Arthur Vinton and Mr. and Mrs. C. E. McIlwain have been fishing at the coast for the past week.

A. B. Wiesner and son Alan are both employed at the State Fair this week.

The ladies of the home economics club met at the Grange Hall yesterday afternoon and tied another quilt for the Grange fair to be held October 18.

The next meeting will be on the afternoon of October 3 at the Grange Hall and as there is much to do making preparations for this fair, we hope all the members will be present.

Mr. and Mrs. Clarence Morgan and two children have gone to California for an indefinite stay. They have rented their place here to the Hagan family for five years.

ENTERTAINMENT IS STAGED FOR GUILD

WOODBURN, September 25.—(Special)—Mrs. F. G. Havemann entertained the St. Mary's Episcopal Guild at her home Tuesday afternoon at their regular bi-monthly meeting.

Mrs. L. M. Bitney, president, presided over the business meeting but no important business was transacted. It was reported that the music the Guild obtained for the evening services last Sunday from St. Paul's Episcopal church in Salem was very enjoyable.

At the close of the meeting the hostess served refreshments. Those attending the meeting were Mesdames L. M. Bitney, H. L. Gill, H. M. Austin, C. J. Espy, Keith Powell, T. C. Poorman, J. L. Shorey, Henry Miller, Katherine Powell, Susan Livesley, E. G. Emmett of Newberg, John Nolan, S. R. Kellak and the hostess.

Mrs. Lyman H. Shorey has asked to entertain the guild next meeting in honor of her mother-in-law who is visiting from England. The guild was in favor of meeting with Mrs. Shorey and the next meeting on October 8 will be held at the Shorey home.

Fair Glances

4-H club members were smiling yesterday. O. M. Plummer, manager of the Pacific International Livestock show, and particular pal of the youngsters, was on the grounds meeting old friends and making new ones. According to the youthful participants of the fair, Mr. Plummer is just about the most popular man in the north west.

It's a far cry from Mussolini to a college freshman, but there they are in the art department of the state fair side by side. In carved mystic wood, Mussolini glowers at the freshman who smiles a nonchalant and wooden smile, not at all awed.

Thirty years in the show ring, is the record of D. M. Lowe, Ashland, in charge of the Jackson county booth reproducing the Oregon booth which recently created so much comment at the California State Fair. What "D. M." does not know about booths just isn't worth knowing. It's his habit to set the fashion, and others follow.

Woman's place may be in the home, but judging at the fair yesterday proved this isn't always true of Oregon stock raisers. Three women figured heavily in the scoring. Mrs. Florence Nell, of Tiddleywinks farm, Oregon City, was prominent in winning. Edna L. Knight, Willowmeadow farm, Willows, Calif., and Mrs. E. Fenne, Portland, did the same.

Dr. Canfield, prominent milking Shorthorn breeder of Goble, near Portland, was on the grounds yesterday looking over the entries. Dr. Canfield is not exhibiting this year, but is mightily interested in what is going on.

J. D. Farrell, Seattle, connected with the Union Pacific railway, was the guest of the members of the State Fair board on Wednesday. He attended the Salem day celebration, which he declared to be one of the best on the coast.

Mr. and Mrs. A. E. Lawson, Yakima, made the rounds of the state fair. Mr. Lawson is general manager of the Washington State Fair, which has just finished a highly successful season.

Grown-up exhibitors will have to look to their laurels in the cattle judging yesterday 4-H club youngsters rated a large percentage of winnings in the open classes. Gertrude Bell, Union county, won first on a 3-year old Jersey cow, and was a strong contender for the senior championship. Floyd Stafford, Gresham, owned and exhibited the junior champion Guernsey bull, and many other blue ribbons were carried off by the youngsters.

J. O. Watts, Eugene, carried off the first prize in Barred Plymouth Rocks, just at he has been doing for about the last 40 years. And, according to Mr. Shearer, he was just as pleased about this award, as about any of the numerous ones he has been receiving for the past two decades.

C. D. Minton, manager of the

Land Products show of the Pacific International, Portland, was a fair visitor on Salem day.

Mrs. H. R. Crawford declared that her long allegiance to the Crawford peaches was broken when she tasted the J. H. Hales that were brought to the fair by D. M. Lowe, Ashland. They are in the big state booth in the new exhibits building.

Mr. and Mrs. W. H. Savage, Corvallis, were enthusiastic spectators of the Salem day celebration. Mr. Savage was formally a member of the Oregon State Fair board, and he knows just what a grand and glorious feeling it is to see the big crowds surge through the gate.

F. Reynolds, Corvallis, a former manager of the horse show, and a visitor at Salem Day, was very enthusiastic over the show this year. The exhibits in general are wonderful, declared Mr. Reynolds, and he could not say enough for the horse show.

The efficient way in which R. W. Marsters, Roseburg, president of the state board, removed the wreath from the neck of Boy Friend, winner of the Governor's Derby yesterday, was probably a revelation to many who didn't know Mr. Marsters' easy way of handling horses. Losing none of his presidential dignity, Mr. Marsters pulled the wreath off the frightened horse and turned casually away as though taking care of derby winners was all in the day's business.

The program at the Oregon State Fair, under the direction of Herb Sutherland, went off like clockwork yesterday, starting promptly on schedule and ending up in the same prompt manner. The vaudeville and acrobatic acts prevented any tiresome waits between races, and the music proved a welcome variation to the entertainment.

S. S. Exhibit Is Attractive

AUBURN, Sept. 25.—The Hayesville Sunday school district booth at the state fair is quite unique and has a very creditable showing of busy work done by Sunday school children.

Charles Cady, who has had charge of the booth for the last four years, is in charge, assisted by a corps of other Sunday school workers.

The Rev. Myron E. Terry of Norwalk, Ohio, is the flying instructor at the municipal airport.

AIRLIE FOLK HAVE REMARKABLE HENS

By MADALENE C. CALLIN
Mr. and Mrs. Rex Wormer of Airlie have two Plymouth Rock pullets that may well claim development records.

When but six months old these pullets appeared with flocks of young chicks. Most chicken raisers consider that if pullets of this breed lay at six months they are doing pretty well.

Those two stole their nests out and before it was realized that they were even laying they appeared with the chicks. Both pullets were of a February hatch.

Mr. and Mrs. Wormer have 500 White Leghorn hens and this year bought 400 day-old Plymouth Rock chicks. Now in what the average poultry raiser considers the poor laying season they are getting an average of 30 dozen eggs a day. The eggs are not sold on the local market but are sent by express to the lumber camp at Valselt.

WOMAN'S CLUB TO HOLD SESSION SOON

HUBBARD, Ore., Sept. 25.—(Special)—The Hubbard Women's club will hold its first meeting for the new year, October 3, at the home of Mrs. Edna Mack who will be joint hostess with Mrs. Neva McKenzie, the new president. Landscape gardening will be the subject for discussion. A talk on flowers will be given by Mrs. Blanche Brown and a talk on shrubbery will be given by Mrs. Rebecca Cleaver.

Other numbers on the program are a reading by Mrs. Ella Watson, vocal solo by Mrs. Lois Miller, and singing by the club members.

Urging the boys and girls to take advantage of their opportunities which are greater now than at any time in the past, Governor I. L. Patterson addressed 4-H club members assembled for luncheon in the club dormitory yesterday noon.

The noon luncheons are a daily feature of the entertainment of the youthful visitors to the fair, who come from all over the state as guests of the State Fair board.

MRS. FENNIMORE IS GIVEN FINE SHOWER

SCOTTS MILLS, Sept. 25.—(Special)—A miscellaneous shower was given at the home of Mrs. W. A. Saueressig, Saturday evening for Mrs. William Fennimore, a recent bride. The evening was spent in a social way, after which a delicious lunch was served by the hostess. Many nice and useful presents were received by the bride.

Crooked Finger school started Monday morning with Miss Helen Kahut, of Woodburn, as teacher.

Mr. and Mrs. A. L. Ragland of Glendale, Ore., visited Mrs. Ragland's brother-in-law and sister, Mr. and Mrs. George Myers, the first of the week.

Asa Tindall Suffers Stroke

AUBURN, Sept. 25.—Word has been received here that Asa Tindall, father of Mrs. William Walling recently suffered a very severe Glendale, Ore., visited Mrs. Walling's son, Charles, at Rockaway.

Mr. Tindall was for some time a resident here, as was also Mrs. Walling, who now resides in Salem. Another daughter, Mrs. Opal Nelson also resides in Salem.

Every state in the union now derives money for highway purposes by gas tax—New York and Massachusetts were the last two to state to enact this law, according to the Oregon State Motor association.

High School Campaign to Sell Tickets

WOODBURN, Sept. 25.—(Special)—A special assembly of the students of Woodburn high school was held Tuesday afternoon to announce the student body ticket campaign.

The student body president, Adrian Scholer, announced the ticket prices and explained about purchasing them for the benefit of the freshmen and new students. The committees appointed to take charge of the sales were seniors: Berneta Thompson and Charles Byers; juniors: Julia Bell Austin and Donald Covey; sophomores: Elizabeth Miller and Thomas Evans; freshmen: Donald Courtney and Ursula Mosberger. Athletic tickets, Ruth Geer and Gelta Mac Hunt. The ticket sales started on Tuesday evening.

This campaign is entered with much enthusiasm by all the students as it is the first event in inter-class rivalry and starts the class spirit ball rolling. Although the senior class has the upper hand by having the least number of students they have won this event the past year and it is up to the underclassmen and juniors to see that they do not have the honor again.

Dipping Tank Installed, Kings Valley Farm

KINGS VALLEY, September 25.—A concrete dipping tank for sheep and goats has just been completed on the Bruce Miller farm near King's Valley, as a construction demonstration put on jointly by County Agent Briggs and the Portland Cement company.

The vat is six feet long, five feet deep, eight inches wide at bottom and two feet at the top. A concrete entry chute was built at one end and a sloping drip platform at the other.

Several other farmers in this community contemplate building a similar tank on their respective farms.

AUTO TRIP PROVES VERY INTERESTING

AUBURN, Sept. 25.—Roy and Marvin Hammer, who have returned from a visit with their brother George Hammer in Toledo and also spent some time fishing at Newport, report an interesting trip.

Their catch included 55 fish and one skate which weighed about 50 pounds. On their return trip, while traveling at dusk they came within 15 feet of a half-grown black bear near the water tank, just west of the Willamette bridge near Salem.

North Howell Farm is Sold To K. Coomber

NORTH HOWELL, September 25.—The deal involving the estate of the late Edward Ringsted has finally been settled and Mr. and Mrs. Kenneth Coomber have purchased the property which consists of 80 acres of land and the farm buildings which are well located but quite in need of repair.

The Coomers expect to plant about 20 acres of this place to Etterburg strawberries next spring but will not live there at present.

They have rented the house to Ernest Fuller and family of Brooks who will occupy it during the coming year.

BLODGETT SERVICE STATION BURNS

KING'S VALLEY, Sept. 25.—Fire completely destroyed the service station and lunch room belonging to Mr. Blodgett, located about one mile east of Blodgett station, Saturday morning. The household effects and everything was a complete loss, except the gas pump, which stood out in front of the building, this was unbolting and removed to safety.

AUBURN, Sept. 25.—Mrs. Roy Hammer is on her way to North Dakota to accompany her invalid father to Oregon. He hopes the change may be beneficial.

More buyers choose Frigidaire than all other electric refrigerators combined

All mechanical parts are inside the cabinet...and the "Cold Control" freezes desserts better and makes ice quicker.

YOU can easily see why Frigidaire is the world's most popular electric refrigerator.

Here is a beautiful cabinet with all mechanical parts enclosed...out of sight and out of the way. Here is surplus power that maintains a low temperature in the food compartment...always.

Furthermore, every household model is now equipped with the "Cold Control"...a device that speeds the freezing of ice cubes and desserts. And you can get it only on Frigidaire.

Call at our display room. Inspect the new, incredibly quiet Frigidaires. Note the waist-high shelves, the seamless lining and smooth, lustrous surfaces. See the many other features that add to Frigidaire's value. Ask us about the monthly terms. Come in today.

Let us help you win in big \$25,000.00 contest
Come into our display room. Learn why 50° is the safety point for perishable foods. Then write a letter that will give you a chance to win a model home, a Cadillac car or one of many other valuable awards now being offered by the National Food Preservation Council. Come in and get the rules of the contest and complete information today.

Sun-Tan Is The Fashion! AN ANCIENT PREJUDICE HAS BEEN REMOVED

False modesty is a relic of an ancient prejudice. AMERICAN INTELLIGENCE has cut it away and, in behalf of better health and pure enjoyment, sponsors the fashion of sensible swimming attire.

"toasting did it"—
Gone is that ancient prejudice against cigarettes—Progress has been made. We removed the prejudice against cigarettes when we removed harmful corrosive ACRIDS (pungent irritants) from the tobaccos.

YEARS ago, when cigarettes were made without the aid of modern science, there originated that ancient prejudice against all cigarettes. That criticism is no longer justified. LUCKY STRIKE, the finest cigarette you ever smoked, made of the choicest tobacco, properly aged and skillfully blended—"It's Toasted."

"TOASTING," the most modern step in cigarette manufacture, removes from LUCKY STRIKE harmful irritants which are present in cigarettes manufactured in the old-fashioned way.

Everyone knows that heat purifies, and so "TOASTING"—LUCKY STRIKE'S extra secret process—removes harmful corrosive ACRIDS (pungent irritants) from LUCKIES which in the old-fashioned manufacture of cigarettes cause throat irritation and coughing. Thus "TOASTING" has destroyed that ancient prejudice against cigarette smoking by men and by women.

"It's toasted" No Throat Irritation—No Cough.

TUNE IN—The Lucky Strike Dance Orchestra, every Saturday night, over a coast-to-coast network of the N. B. C. © 1929, The American Tobacco Co., Mfrs.

"It's Toasted"—the phrase that describes the extra "toasting" process applied in the manufacture of Lucky Strike Cigarettes. The finest tobaccos—the Cream of the Crop—are scientifically subjected to penetrating heat at minimum, 260°—maximum, 300°, Fahrenheit. The exact, expert regulation of such high temperatures removes impurities. More than a slogan, "It's Toasted" is recognized by millions as the most modern step in cigarette manufacture.
