

LEGGE WILL GO EASY HE SAYS

President of Farm Board to Take Plenty of Time In New Job

WASHINGTON, Sept. 26.—(AP)—Alexander LEGGE, who gave up a \$100,000 annual salary as head of the International Harvester company to become chairman of the federal farm board, told the senate agriculture committee today he would not want the position under the misapprehension that he would favor a hurried or haphazard plan of farm relief.

He pledged himself to do all in his power to make the farmer prosperous by working out the agricultural problem constructively.

After a series of questions on production and marketing, Senator Norbeck, republican, South Dakota, remarked that as he understood the chairman, he "holds out no hope of restoring the purchasing power of the farmers' dollar to its pre-war level."

"Oh, I wouldn't go that far," Legge replied. "Well, then," the senator returned, "you hold out a hope but no guarantee."

Legge was prevented by other questioning from replying. The board chairman said a favorable price effect was noticed after arrangement of a \$9,000,000 loan to the Sun-Maid raisin interests of California. He was asked why the announcement of some concrete program or the issuance of a statement would not have helped boost the price of cotton or wheat.

"A statement on cost of production might have had a temporary beneficial effect," he replied, "but it would have been mere guess work."

Senator Smith, democrat, South Carolina, contended a statement saying the board intended to use its full resources to help conditions would have aided greatly. "We had a right to expect the board to go right to the relief of the great staple products of this country," Smith said.

The Czechoslovakian cabinet which left office today was formed last February to succeed a government which left office today was formed last February to succeed a government which had been in office about two years and a half. It was a coalition affair and apparently party leaders decided to make an attempt to gain a clear majority by fresh elections. Parliament was therefore dissolved and the new election date fixed for October 27.

The turnover in governments in Lithuania was chiefly remarkable for the withdrawal from all participation by former Premier Waldemar, who had also been foreign minister. He had exercised strict control of the government since with the aid of the army he had sent parliament home three years ago. Today he handed over the premiership to Onas Tubelis, who has retained most of the cabinet members.

TWO LOST CANADIAN FLYERS ARE SOUGHT

WINNIPEG, Sept. 26.—(AP)—(By the Canadian Press)—An armada of the air, under command of dominion explorers, stood ready tonight to move toward the Arctic circle in search of eight fliers in two planes, missing for two weeks.

Fully a dozen planes, directed by Capt. J. Blanchett, at Stoney Rapids, in northwest Saskatchewan, were expected to take part in the aerial hunt.

From three points the broad area between the northern boundaries of the prairie provinces and the frozen stretches of Coronation Gulf, experienced aviators will converge toward the district where the missing fliers may be found.

Search for the dominion explorers party, which includes the company's president, Col. C. D. H. McAlpine, took definite shape today with the arrival from Toronto of a party of eastern air officials. Thayer Lindsley and Brig. Gen. D. M. Hogarth, directors of dominion explorers are the executive officers in charge of arrangements here.

Last word of the missing party came from Bakers Lake, two weeks ago and the two planes were to have arrived at Fort Normal four days ago after a trip across Canada's northwest territories.

THIRD CABINET IN WEEK FORCED OUT

VIENNA, Austria, Sept. 26.—(AP)—Resignations of the Austrian and Czechoslovakian cabinets today brought to three the number of governments in central European states reformed after the World war which have fallen within a week. Individual internal difficulties were responsible for the changes rather than any single outside force. In Austria Dr. Ernst Streeruwitz who on April 30 succeeded with difficulty in forming a coalition cabinet, was forced out of office by withdrawals of support by the Syrian farmers league. Police Commissioner Schober, who has undertaken to form a new government, was chancellor in 1921.
