A Sermon for the Week-

The Church: Its Value

By REV. B. F. SHOEMAKER (Pastor Court Street Church of Christ)

When Jesus established His Kingdom and was declared to be "Lord and Christ" by the apostle Peter on Pentecost, he also built his church, (and became head of His body as Paul states in Ehpesians) according to His promise.-Matthew 16:18, on the great rock of His deity.

Why did He build a church? Paul said, "Christ loved the church and gave Himself for it," Eph. 5:25. Therefore it must have a value beyond estimation. It has this value because it is the institution through which Christ is saving the world from sin, the only one instituted for that purpose. Yet many seem to have little realization of its divine origin and purpose, classifying it with lodges, clubs and other human institutions,

Men who are interested in any cause realize the necessity of associating themselves together to advance that cause. Christ realized that same fact and built His church. There must be cooperation to accomplish the purpose of the church in its local work and its larger benevolent and missionary interests in all the

In view of these facts, is the church of value and a necessity to the citizen and community? Then it should have the support of all who desire the community's welfare. If men are willing to give other institutions a chance and their support financially and otherwise, why should they consider the church a begging institution when it makes some demands upon them and asks for cooperation.
