**Mrs. McIntyre Speaks**—Mrs. Ora F. McIntyre, instructor and dean of girls at the Capital Business college, gave a short talk before the Zonta club at the regular meeting of the group held Wednesday noon at the Marion. Mrs. McIntyre is a member of the club and first vice president. If financial stress did not too often make it impossible for the boy or girl to leave the training course before the studies were really mastered, greater success would be made by the business student, Mrs. McIntyre said. She also related some of the experiences which led her into the teaching field.

**General Honored**—Governor Patterson today issued a letter urging the citizens of Oregon to observe Friday, October 11, which is the 150th anniversary of the death of General Casimir Pulaski, revolutionary war hero. ## Steam Explosior Injures Woman

Mrs. Roy Mills, 1474 Court street, was badly burned Wednesday morning when steam explosion forced off the end of a hose on the washing machine over which she was working, causing hot water to spray over her chest. Although the burns were quite painful, Mrs. Mills was resting easy last night and it is not likely she will suffer ill effects other than those attendant to healing.

## MOTHERS ARE LEARNING USES OF MAGNESIA

From the beginning of expectancy until baby is weaned. That's the time Phillips Milk of Magnesia performs the greatest service for many women. It relieves the expectant mother's nausea, heartburn, "morning sickness," inclination to vomit; helps her digestion. Its mild but effective laxative action assures regular bowel movement. Phillips Milk of Magnesia is better than lime water for neutralizing cow's milk for infant feeding. A teaspoonful of it does the work of a half pint of lime water. It is a mild laxative; harmless, almost tasteless.

All drug stores have Phillips Milk of Magnesia in generous 25c and 50c bottles. Always insist on the genuine, endorsed by physicians for 50 years.

"Milk of Magnesia" has been the U. S. Registered Trade Mark of the Chas. H. Phillips Chemical Co., and its predecessor, Chas. H. Phillips, since 1875. FREE to young mothers and prospective mothers: "Useful information," an invaluable little book on the health of mother and child. Write the Phillips Co., 117 Hudson St., New York, N. Y. It will be sent absolutely free of charge. Adv.

## Hubby Shot for Bridge Bid

John G. Bennett, of Kansas City, Mo. (right), was shot and killed by his wife (left) after he failed to make a bid in a bridge game. The Bennets were entertaining neighbors in their home at bridge. Bennett failed to make his bid. His wife called him a "bum bridge player," whereupon, it is alleged, he slapped her face and folded up the bridge table. She rushed to the bedroom, secured a revolver and shot him twice. He died soon after. Now she is held without bail on a first degree murder charge for early trial.

## SILVERTON STARTS COMMUNITY FAIR

SILVERTON, Oct. 9.—Those who are planning on attending the Silverton community fair which opens here Thursday, October 10, are thrilled by the announcement of the evening programs. Programs of this type have never been tried at the local fair before and they have been arranged by Mayor L. C. Eastman and Jack Hyett, both well-known for their ability along these lines.

## HOME COMING WILL START NOVEMBER 4

The annual homecoming festivities at Willamette university will be held November 1 and 2, according to decision of the student executive committee. The chief feature of the festival will be the game with Pacific university on Saturday afternoon, and it is expected that many alumni will journey here from Portland to see the game.

Lawrence Winslow, manager, stated Wednesday that the tentative program will provide plenty of interest for alumni and students for the week-end. Friday night the W-club will have its annual football banquet. The student body will have a rally, and a program will probably be given in the gymnasium. The climax to the evening's activities will be a program of fireworks.

Registration of alumni will continue throughout Saturday forenoon, and a brief chapel program will be conducted by student organizations. Following the football game in the afternoon, the alumni will hold their annual fall banquet and business meeting. In the evening Theta Alpha Phi dramatic fraternity will present the annual homecoming play.

It was announced Wednesday that a new homecoming slogan was wanted for this year, and that a contest would be held to stimulate interest in the slogan.

## COOPERATION URGED TO PURIFY STREAMS

A program of co-operation among the industries and the citizens of the cities of the Willamette valley to stop stream pollution was urged on the Rotary club yesterday noon by Fred A. Williams, city attorney. Mr. Williams has represented the city of Salem in numerous hearings with health and game authorities of the state and has kept closely in touch with the study that has been made of the river conditions.

It will not do to stop the industries for they are needed, he stated. "But the industries are anxious to co-operate to eliminate industrial waste. The cities must look ahead and plan to take care of domestic sewage so the river may not become contaminated."

Mr. Williams reviewed the progress of the studies that had been made and stated that the report

**MISS INEZ WOOD IS CALLED WEDNESDAY**  
Miss Inez Elizabeth Wood, 26, prominent Salem girl, died here Wednesday after an illness of six weeks. For the past two years, Miss Wood had been studying music at Phillips university at Enid, Oklahoma. She had been in a local hospital the past two weeks, and passed away there. She came with her parents to Salem in 1923 and prior to that time the family had lived for years near Dallas. She previously was employed in the state department here for several years. Funeral services will be held Thursday afternoon at 2 o'clock at the Rigdon mortuary and interment will be made in the City View cemetery.

Miss Wood leaves her parents, Mr. and Mrs. Eugene T. Wood, and two sisters, Mrs. Maud Fasching and Mrs. Martha Henderson, both of Salem. She was a member of the Christian church.

of O. S. C. engineers on the stream pollution would be ready in a short time. Salem is the worst offender as it is the largest city. But Salem has taken steps looking to proper disposal of sewage by putting in its intercepting sewers. Eventually a disposal plant will have to be installed which will cost around a quarter of a million dollars.

Reviewing the progress of the city in recent years he cited the zoning ordinance, building ordinance, milk inspection, health program, sewer and bridge construction and airport development as evidence of how the city had moved forward. While no immediate steps are planned for sewage disposal he urged the people to look ahead and be ready to act when the time comes. Otherwise the federal government might take a hand in the situation as they have in eastern cities and order the improvements.

R. T. Cookingham, for four years sheriff of Yamhill county, was the special speaker at the regular Sunday evening chapel assembly at the Indian school last evening. He represented the Oregon Anti-Saloon league. Mr. Cookingham gave an excellent address, picturing the evils of the saloon and the liquor traffic. He mentioned that just before coming out to the school he had helped

to destroy a big still and 1,000 gallons of liquor and mash discovered within five miles of Portland. His talk was followed by showing of the moving picture "The Transgressor," a five-reel film furnished by the Anti-Saloon league showing vividly some of the harm and evil results of the liquor traffic. The large audience of 700 Indian boys and girls and the employees and their families was much interested and appreciative of this program.

## Sheriff Special Speaker Before Chemawa School

SILVERTON, Oct. 9.—The stage is all set for the big Silverton Community fair which opens Thursday morning. In spite of the lateness of the season this gives promise of being a very good fair and judging by the trappings of the local merchants who worked all day Wednesday and late into the night it will be a very colorful fair. The merchants' booths, which are always a very big part of the local fair occupy the main floor of the armory where the exhibits are held. The exhibits being prepared by the outlying communities give great promise. The poultry show is particularly good according to early indications. While livestock is being omitted this year the fair will in no way be smaller the committee assures us.
