SO WEAK SHE COULDN'T WALK

Helped by Lydia E. Pinkham's Vegetable Compound

Gretna, La.—"After my first child was born I took Lydia E. Pinkham's Vegetable Compound for a run-down condition. I could not walk across my room at times, I was so weak. My friends induced me to take the Vegetable Compound. Since that time I have also taken Lydia E. Pinkham's Herb Medicine and the Pills for Constipation, and I have used Lydia E. Pinkham's Sensitive Wash. I am a housekeeper and I am still taking the Vegetable Compound as a tonic to enable me to do my work." Mrs. E. F. Freeman, 829 Hancock Street, Gretna, La.

A.A.U.W. to Organize Study Class Program

Each year as a part of its national program, members of the various branches of the American Association of University Women organize study classes in which children take the center of the stage. Portland has already announced the schedule of its classes and Salem chapter members will meet Wednesday night to organize the three classes which are outlined by the national educational secretary. The date and hour will be set upon Wednesday night so it will be of prime importance for all those interested in taking this work to be present to help determine the best time for these meetings.

The meeting is called for 7:30 o'clock Wednesday night in the social rooms of the Y. W. C. A., 123 North Liberty street, upstairs over Roth's grocery.

Classes to be 'launched will be pre-school child and the topic for discussion during the year will be "How children build habits," elementary group with "School and children" as the topic to be discussed and the adolescent group, the study of which will center about "Characteristics of the adolescent."

The A. A. U. this year will sponsor a group to work in conjunction with the Lincoln, McKinley and Leslie Parent-Teacher association which has organized a child study group to meet each Tuesday at 3:30 o'clock in the music room of the Leslie school.

Anyone interested in these classes call Mrs. R. A. Klein at 2282W for further information.

Dr. Mary Rowland Writer's Club Hostess

This evening at 6 o'clock members of the Writer's club will meet at the home of Dr. Mary Rowland for a "no host" picnic supper. Each guest will bring a hot dish, his own silver and dishes.

Following the dinner hour the members will proceed to regular business which it is expected will take the form of a reorganization meeting. This has been made necessary by members moving away and by the growth of the section which is one of the many in connection with the Salem Arts League.

It is the desire of the Writer's section to see another section, similar in nature to its own, develop within the league which will take up some special study such as Oregon history.

There seems to be, according to report, sufficient people interested in the literary side of the league to do this. Five members is all that is required to start a new section.

Following the business session tonight there will be the regular volunteer program of original production. It is necessary for each active member to write at least three original productions during the year. These productions are read and criticized at the regular meetings. As there are only 20 allowed to form the full active membership there is sufficient time to give to each work presented.

Artisans Extend 'Open House' Invitation

The Artisans meet every Thursday and each third Thursday is an open meeting to which the public is invited. This meeting called for October 17 is the first meeting of the year. Many plans are made for the winter season at this early date.

Among these plans is a "home-coming" for October 24 and a Halloween ball for October 31.

Officers of the lodge are Mrs. Laura Douglas, master artisan; Mrs. Jessie Fuller, secretary; and R. C. Krusel, treasurer.

GENERAL VIOLET RAY ANTI-KNOCK GASOLINE

When BABIES are upset

CASTORIA

Baby ills and ailments seem twice as serious at night. A sudden cry may mean colic. Or a sudden attack of diarrhea—a condition it is always important to check quickly. How would you meet this emergency tonight? Have you a bottle of Castoria ready? There is nothing that can take the place of this harmless but effective remedy for children; nothing that acts quite the same, or has quite the same comforting effect on them.

For the protection of your wee one—for your own peace of mind—keep this old, reliable preparation always on hand. But don't keep it just for emergencies; let it be as everyday aid. Its gentle influence will ease and soothe the infant who cannot sleep. Its mild regulation will help an older child whose tongue is coated because of sluggish bowels. All druggists have Castoria; the genuine bears Chas. H. Fletcher's signature on the wrapper.
