

# Larry Woodall Named Manager of Portland Baseball Club

## CATCHER WILL BE GIVEN JOB

### Appointment by Tom Turner Comes as Surprise to Duck Supporters

PORTLAND, Ore., Oct. 16. — (AP)—Succeeding Bill Rodgers, resigned, Larry Woodall, catcher, today was appointed manager of the Portland baseball club by President Tom Turner.

Baseball fans received the announcement with surprise. Bill Essick, White Sox scout or Cy Perkins, or George Burns of the Philadelphia Athletics were thought to have had the best prospects of receiving the appointment. Woodall had been mentioned, however.

The new manager came to Portland this year from the Detroit Tigers. He was a first string catcher for the Tigers for eight years and was the first to be mentioned in the University of North Carolina. At present he is in Washington, D. C., where Turner said he would remain until the opening of the baseball training season.

## NELSON AND HUNT DEFEATS PRINTERS

The Nelson and Hunt team in the Club bowling league won three games from the Printers Wednesday night. The Elias Cubs won two out of three from the Lions, and the Capitol theatre quintet defeated Associated Oil two out of three.

Clair Carson of the druggists rolled high individual game, 222, and Lee Johnson of the theatre team made high series, 533.

**SCORES WERE:**

## Hug Calls Meet of Committee of Northwest Group

George W. Hug, city superintendent of schools and president of the Northwest association of secondary and higher schools, Wednesday issued a call for an executive meeting of the Northwest association to be held in Seattle October 24, in connection with the Washington education association annual meeting there October 23, 24 and 25.

Besides Mr. Hug, members of the Northwest association executive committee include: Dr. Philip Soulen, Principal H. M. Hart of Spokane, E. E. Bolton of Portland, F. E. Bolton of the University of Washington; Edwin Witmeyer, high school inspector at Olympia, and J. A. Reed of Franklin high school, Seattle.

## Sherwood Man Is Excited Over Salem Statutes

"You sure got some bum laws in your rube town," wrote L. J. Andrews of Sherwood in a letter to Recorder Mark Poulsen with which was enclosed a dollar in payment of a fine for parking too near a fire hydrant.

Sherwood claimed he was parked more than ten feet from the hydrant, and for only about 20 minutes. He said in Portland motorists were permitted to park six feet from hydrants.

"I'll tell people to keep out of Salem, after this I will any way," the letter concludes.

## Court Receives Road Agreement

The Marion county court Wednesday received an official copy of its agreement with the United States department of agriculture with respect to the cooperative survey of the North Santiam highway route. Under this agreement, the county and the department of agriculture were each to appropriate \$6000 for making the survey.

**BOWLERS TO COMPETE**  
Fred Karr and Sam Steinbock, City League bowlers, will compete in a special ten game singles match at the Winter Garden tonight at 8 o'clock. No admission charge will be made.

# CURT COMMENTS

Looks more like football weather.

Ferguson, the Willamette half-back who plowed through the whole Oregon team returning a kickoff last Saturday, says he's just beginning to feel at home on the gridiron again. He played a couple of years at Monmouth Normal, where the field was always muddy.

Fellows who never played football won't understand it, but most gridders do get a certain satisfaction from slopping around in the wet. Once you're wet through and the water is the same temperature as your skin, it isn't half as uncomfortable as you might suppose. You get to feeling as though you were part of the field, so to speak, and wouldn't feel right any other way. As a matter of fact, the greatest satisfaction in football is looking back on its discomforts. Most players even enjoy their injuries.

We're been watching this matter of night football under the big lights. It's been tried in the south, and now College of Puget Sound is preparing to play its game with University of Washington at the Tacoma stadium on the night of November 2.

One detail we haven't been informed about. Are there any lights up in the grandstands? If not, we can see where night football, with the ban on fusing left off, would be mighty popular with college couples. But it might be detrimental to the organized rooting.

Another matter we're going to watch this year is the records of the Ashland and La Grande normal school teams. It begins to look like these schools are going to be junior colleges under the official guise of normal schools, athletically speaking, at any rate. If so, they will probably develop into training camps for the university and state college squads.

The logical outcome will be that the university gets most of the players developed at Ashland, and the state college those trained at La Grande.

The best of California's great players are coming up to the universities from the junior colleges, which are as thick as fleas down there. Take for example Nick Bican, who played center for Willamette as a freshman three years ago. He was chosen all-Northwest conference center. Then he went to a junior college in California for two years, and now is just beginning his football career at the University of California. Reports from Berkeley indicate that he'll be a world beater, and anybody who watched him here will have no trouble in crediting those reports. He is now playing tackle.

The big advantage is that the Co's A Conference retains its three year rule, so that players who have had two years

## Two Convicts Hide Out From Prison Guards

Evidently in the hope of making their escape later in the day, two convicts at the Oregon state penitentiary hid in one of the buildings at the flax plant Wednesday forenoon, but were found after guards, detecting their absence, had hunted for half an hour.

The pair attempting to escape were Jack Barry, burglar sentenced from Yamhill county for a five year term, and Dewey Russell, serving a 20 year term for assault with intent to rob, committed in Lane county.

**BASEBALL CROWDS LARGE**  
LOS ANGELES, Oct. 16.—(AP)—The Pacific Coast League baseball clubs attracted a total paid attendance of 1,924,196 during the 1929 season, the third largest crowd in the history of the league, Harry A. Williams, president of the circuit announced here today.

**BE ON TIME FOR YOUR APPOINTMENTS**

On business trips always be assured of arriving on time, and rested too! Relieve yourself of the delays and responsibility of driving your own car mile after mile over the crowded highways. Sit back in an easy chair and enjoy yourself, knowing you'll be at your destination "on time". Our frequent schedules enable you to leave and return at your pleasure.

# Move Made to Resume Army - Navy Relations

## BRITTEN ASKS FOR MEETING

### Head of House Naval Committee Broaches Idea To President

WASHINGTON, Oct. 16.—(AP)—Hopes for the resumption of the annual Army-Navy football classic were revived somewhat today after Chairman Britten, of the house naval committee, urged President Hoover to insist that athletic relations between West Point and Annapolis be restored and a game played this year.

Britten suggested that Secretaries Good and Adams call the superintendents of the academies together with an impartial authority on football regulations to adopt a set of rules on eligibility of players—the center of the controversy for more than two years. The annual game hereafter would be played according to the rules adopted.

To avoid a game this year in the home territory of either institution, Britten proposed that a neutral location be used, preferably Soldiers' field, Chicago. He named December 6, as a post-season date which both teams have open.

Britten said the president, who recently expressed the hope the teams would resume their yearly

tilt, showed keen interest in the suggestion. He predicted the game would be played this year at Chicago, where the famous 21-21 tie in 1926 was fought by the service institutions before more than 100,000 persons.

Secretaries Good and Adams have discussed bringing Major General W. R. Smith, superintendent at West Point, and Rear Admiral S. S. Robison, superintendent at Annapolis, together in the hope that an agreement could be reached. However, they have taken the stand that they would not force the teams to play unless an agreement suitable to the cadets and midshipmen be reached.

## WOODBURN TEAM TO PLAY INDEPENDENCE

WOODBURN, Oct. 16.—(Special)—The Woodburn eleven will play its first home game Friday with Independence.

First chance many of the patriots and students of the school have had to see the team in action as it was impossible for everyone to go to the West Inn game.

Silverton defeated Independence 13 to 0 last Friday and Woodburn intends to increase the score which Silverton made. So far Coach Wolf's team is undefeated but it is still early in the season to boast and the tussle with Independence shows promise of giving Woodburn enthusiasts a good, hard game to witness.

## W. U. AND SALEM GAMES PUT OFF

### Mixup in Dates Causes Postponement of Tilt With Albany College

Athletic authorities at both Willamette university and Salem high school were burning up the wires Wednesday in search for football competition for this week end when it developed that the games both had been preparing for were "all off."

Salem high appeared to be having more success in finding an opponent than Willamette. Prospects were good that a reserve eleven from Pacific University would be here Saturday to play the red and black, although this will not be settled definitely until sometime today. Salem high was unable to complete its negotiations for a game against the Columbia university freshmen.

A tangle in dates, due to the change in coaching personnel at Albany College, caused the postponement of that school's game with Willamette until November 15 at Albany. It had been scheduled last spring for Friday, October 18.

As a result, Coach Spec Keene will have an extra week in which to drill his men without the in-

## STATERS LEAVE FOR PALO ALTO

### Training for Stanford Game Finished in Heavy Rain At Corvallis

CORVALLIS, Ore., Oct. 16.—(AP)—Completing their training in a heavy rain, 33 members of the Oregon State football squad entrained here tonight for Palo Alto with the cheers of the student body ringing in their ears and demanding success in their encounter with the mighty Stanford machine Saturday.

The squad, without exception, was in high spirits, determined, if possible, to break the steady string of northern defeats at the hands of California's big three.

Coach Paul Schissler, before departing, announced he probably would start the following lineup in Saturday's game: Striff and McKelip, ends; Byington and Stout, tackles; Cox and Scott, guards; Geddes, center; Buerke, quarter; Kerr and Hughes, halves and Gilmore, captain, fullback.

In his complaint Becker, a carpenter, alleges that on May 19 he was riding south from Portland on the Pacific highway with Hillman, when they struck the car driven by Robert Springer. The accident was just south of Woodburn, he says.

Stewart Springer, is said to be the owner of the machine driven by Robert Springer.

## DAMAGES SOUGHT BY JOSEPH BECKER

Claiming that careless driving by operators of two cars involved in an accident some time ago resulted in injuries which caused him to lose nearly two months of work, Joseph Becker yesterday filed an amended complaint in circuit court against Adolph Hillman, Stewart Springer, and Robert Springer. He asks \$1465.50 damages.

In his complaint Becker, a carpenter, alleges that on May 19 he was riding south from Portland on the Pacific highway with Hillman, when they struck the car driven by Robert Springer. The accident was just south of Woodburn, he says.

Stewart Springer, is said to be the owner of the machine driven by Robert Springer.

## No More "Iron Maidens"!

# AN ANCIENT PREJUDICE HAS BEEN REMOVED

Never again need scientific research grope in darkened cellars behind doors bolted against torture. AMERICAN INTELLIGENCE has swept before it the ignorant barrier which stupidly impeded men of genius and science marches proudly on.

**"toasting did it"**

Gone is that ancient prejudice against cigarettes—Progress has been made. We removed the prejudice against cigarettes when we removed harmful corrosive ACRIDS (pungent irritants) from the tobaccos.

YEARS ago, when cigarettes were made without the aid of modern science, there originated that ancient prejudice against all cigarettes. That criticism is no longer justified. LUCKY STRIKE, the finest cigarette you ever smoked, made of the choicest tobacco, properly aged and skillfully blended—"It's Toasted."

**"TOASTING,"** the most modern step in cigarette manufacture, removes from LUCKY STRIKE harmful irritants which are present in cigarettes manufactured in the old-fashioned way.

Everyone knows that heat purifies, and so **"TOASTING"**—LUCKY STRIKE'S extra secret process—removes harmful corrosive ACRIDS (pungent irritants) from LUCKIES which in the old-fashioned manufacture of cigarettes cause throat irritation and coughing. Thus **"TOASTING"** has destroyed that ancient prejudice against cigarette smoking by men and by women.

# "It's toasted"

No Throat Irritation—No Cough.
