## LEADER MAKES RELIGIOUS TALK

### John C. Lathrop of Brookline Mass., Heard at Christian Science Church

Material beliefs and matter evolve a complexity of life which is vanity and vexation of spirit, John C. Lathrop, C. S. B., of Brookline, Mass., told a group of Salemians Thursday night in a lecture on "Christian Science: Its Simple and Inevitable Appeal," delivered at the Christian Science church, Corner Liberty and Chemeketa streets. Mr. Lathrop is a member of the board of lecturership of the Mother church in Boston, Mass.

A summary of his address Thursday night follows: "Mrs. Eddy discovered that what she called the true sense of Spirit, God, is material sense, and it is evident that whatever she said about God has no relation to God, and must therefore be false. This false sense or evil sense evolves matter, sin, sickness, death, she discovered; hence the liar and the liar are one and the same, and are dominated mortal mind, or the very carnal mind with which Paul battled. Jesus called this false person desire to be left alone in his misery and unhappiness? Material beliefs and matter evolve a complexity of life which is vanity and vexation of spirit, the very reverse of that which is really simple and harmonious.

Herbury states he received some compensation from the accident commission, but seeks \$10,000 from the Spaulding Logging company because of the injuries which he claims prevent him from working.

Governor Patterson, Secretary of State Hoss, Treasurer Tom Kay, as trustees for the A. B. Burbank trust fund, filed suit against W. E. Milburn et al. to foreclose mortgage note for \$900.

A motion for a new trial was filed in the case of Herbert and Alice Lund vs. Joe Fornack and Woodland Development company. The grounds brought forward are alleged error in law and second that sufficient evidence was brought in to send the case to the jury.

as pines in true prayer, because God is love, to be loved and proved, not feared. Prayer is an individual administration of divine principle, the will of God, Christian Science shows. It is the affirmation of the truth of being, and a denial of error, and this constitutes a Christian Science treatment. In this way real harmony is brought to pass in our lives, and health and abundance of good are demonstrated by each individual, and are not these the signs of true prayer? Is it not this rule of prayer, the one Jesus taught when he said, 'Therefore take no thought, saying, What shall we eat or what shall we drink? or Wherewithal shall we be clothed? ... But seek ye first the kingdom of God, and His righteousness; and all these things shall be added unto you.'"

## SPAUDLING'S SUED \$10,000 DAMAGES

A personal injury suit for \$10,000 damages has been brought by Guy G. Hurley against the Spaulding Logging company. In the complaint Hurley sets out that during his employment with the logging company the cable used to draw logs from the mill pond into the mill became frayed and extremely dangerous, that its condition was known to the foreman, who neglected to change the cable for a new one which was on hand, that when the cable broke on April 16, 1928, it threw him against the refuse shoot at the log dump causing him grievous bodily injuries, likely to be permanent.

Hurley states he received some compensation from the accident commission, but seeks \$10,000 from the Spaulding Logging company because of the injuries which he claims prevent him from working.
