MOTHERS now learn value of MAGNESIA

Because it is so helpful in keeping babies and children healthy and happy, every mother should know about Phillips' Milk of Magnesia.

This harmless, most tasteless preparation is most effective in relieving those symptoms of babies and children generally caused by souring food in the little digestive tract, such as sour-belching, frequent vomiting, feverishness, colic. As a mild laxative, it acts gently, but certainly, to open the little bowels in constipation, colds, children's diseases.

A teaspoonful of Phillips' Milk of Magnesia does the work of half a pint of lime water in neutralizing cow's milk for infant feeding, and preventing hard curds. Its many uses for mother and child are fully explained in the interesting book "Useful Information." It will be sent you FREE. Write The Phillips Co., 117 Hudson St., New York, N. Y.

In buying, be sure to get genuine Phillips' Milk of Magnesia. Doctors have prescribed it for over 50 years.

"Milk of Magnesia" has been the U. S. Registered Trade Mark of The Chas. H. Phillips Chemical Co., and its predecessor, Chas. H. Phillips, since 1876.—adv.

has been cut to straighten the road. The bridge which was constructed by the county bridge crew, is three feet higher than the old bridge. FARMERS WILL POST 'NO HUNTING' SIGNS

CENTRAL HOWELL, Oct. 30.—Owing to the abuses of the privilege of hunting on the A. E. Kuenzi place at least one more resident of this community will post "no hunting" signs before another year passes.

During the first week of hunting season someone maliciously wrecked the runabout car belonging to Eugene and Harold Kuenzi. The car had been left standing in the field and when next seen two tires were in shreds, the spark plugs punctured and engine completely demolished, the spark plugs being shot to pieces and coils shattered.

Nor was this the only loss suffered by the Kuenzis. During the second week of pheasant hunting one of their cows was killed by a shot in the head.

This will, no doubt, have its influence in causing land-owners to post signs where here-to-fore there has been none, as several have been heard to declare their intention of doing so.

Lester Leighty has purchased the 40-acre lying between the Kuenzi place and A. Naisiger place which belonged to C. Steele,
