TEAMS BREAK EVEN IN PRACTICE DEBATE

Salem and Corvallis divided honors in a practice debate held at Corvallis recently, Norborne Berkeley, Jr., debate coach, reported Tuesday. Both negative teams won decisions on the question. Resolved, That the United States should recognize Soviet Russia immediately. Members of the practice teams for the Salem school were: negatives—Gertrude Wislow, Frank Childs and Fred Blatchford; affirmatives—Norman Winslow, Eleanor Henderson and Dorothy Ross.

Class debate tryouts will be held this week, with the sophomore team to be picked today, the juniors to try out Thursday and the seniors to be chosen Friday. More than 40 students have signed up for the class debates and interest is keen, the coach reports.

With an abundance of good material, the knottiest problem of the debate year promises to be the question to be debated this week, which is: Resolved, That the state of Oregon should adopt a compulsory automobile liability insurance law. Students are handicapped at the outset for sources of material on the question, inasmuch as state officials already approached have little to offer for the debaters.

Interclass debates will be run off the first week in December, with debates to be held each of the five days.

CIRCUIT COURT IS NOT UPHELD

Judge Kelly of Marion County Among Those to be Reversed

The state supreme court Tuesday reversed Judge T. E. J. Duffy of the Multnomah county circuit court in a suit brought by Stanley H. Gomulkiwicz to recover damages from the Portland & Seattle railway company. The lower court held for the plaintiff.

Records in the case showed that the plaintiff was walking in the yards of the railroad corporation at Vancouver, Wash., when he was struck by a switch engine. Later field suit for damages, with the result that he received a judgment of \$250. The railroad company appealed on the ground that Gomulkiwicz was not an employee of the defendant corporation, and that he was guilty of contributory negligence.

The supreme court held that it was the duty of a pedestrian to watch out for his own safety. The opinion was written by Justice Rand.

Other opinions handed down by the supreme court here Tuesday follow:

H. E. Slattery, administrator of the estate of Ruby Schilker, deceased, appellant, vs. Robert Y. Drake and Standard Seasoning Society; appeal from Lane county; action to recover damages. Opinion by Justice Belt. Judge G. F. Skipworth affirmed.

U. R. Smith vs. Sylvia Smith Hyatt and J. W. Hyatt, and First National bank of Silverton, appellants; appeal from Multnomah county; action to establish ownership of land. Opinion by Justice McBride. Judge Percy Kelly reversed.

L. P. Joppa, appellant, vs. Clark Commission company, Inc., and Aetna Casualty and Surety company; appeal from Multnomah county; action to recover money. Opinion by Justice Bean. Judge Lewis P. Hewitt reversed.

William L. Hall and Bertha V. Hall vs. L. Newton Purcell and Romney Purcell, appellants; appeal from Clackamas county; suit to quiet title. Opinion by Justice Rand. Decree of Judge J. U. Campbell modified.

Jose Gerude De la Montanya vs. Archie De la Montanya, appellant; appeal from Klamath county; suit to annul marriage. Opinion by Justice Belt. Judge L. A. Leavitt reversed.

Petition for rehearing denied in Johnson vs. City of Pendleton. Motion to dismiss denied in Union Central Life Insurance company vs. Parka et al.

\$8,750,000 TO BE GIVEN STATE

Marion County's Share of Auto Fees Next Year \$201,344.92

Approximately \$8,750,000 will accrue to the state of Oregon during the period October 1, 1929, to December 31, 1930, from motor vehicle fees, according to a projection of receipts from such sources made by Hal E. Hoss, secretary of state. A break in the registration year and change in the license fees, both authorized by the 1929 legislature, have made the estimation of probable receipts from automobile fees difficult and the department has been conservative in outlining the anticipated revenues," said Mr. Hoss.

The state will receive during 1930 fees from licenses covering a year and a half, as the motorist will be required to take out a half year license January 1, and at the expiration of this license on June 30, 1930, payment will be due for a year's license to run until June 30, 1931.

"Adding to the collection of 18 months' revenue within a 12 month period will be the income from the normal increase in the number of motor vehicles registered in the state bringing the total collections for the 15 months starting October 1, 1929, of \$8,750,000, according to statistics compiled. Of this total, administrative expense will require \$350,332, leaving a net revenue of \$8,400,000 to be distributed to the counties of the state and the state highway fund."

Under a new apportionment basis established by the last legislative assembly, effective January 1, 1929, counties of the state will receive one-third of the motor vehicle revenue instead of one-quarter as the division is made now. This change in apportionment was made to compensate the counties for the decrease in license fees which would cut down receipts to the counties from the motor vehicle registration and transportation fund. The state highway fund will not suffer a decrease from the cut in license fees due to the additional one cent per gallon added to the gasoline tax, effective January 1, 1930. Receipts derived from the tax on gasoline sales are not included in the county apportionment, but are held for the state highway fund.

Of the eight and a quarter million dollars to be distributed next year, counties of the state will receive \$2,802,663 and the state highway share will be \$5,605,327. The approximate amount to be received by each county from receipts in 1930 and the total of the apportionments made to the counties in March and September, 1929, are given for the purpose of comparison:

WILLAMETTE GIVEN YEAR TO GET FUNDS

A letter received recently by President Doney of Willamette university from the board of education stated that October 1, 1930 was the limit of time which would be allowed the university to raise the balance of \$1,000,000 for endowment, under the present contract. By this contract the board adds \$350,000 to the university endowment, or a proportionate amount to whatever the university may raise.

It was stated that the Rockefeller foundation was making no more offers of the sort made to Willamette, and that effort is being made to clear up present contracts. Dr. Doney said that it would be necessary to raise \$200,000 in cash by next October in order to meet the agreement. It was not intimated that any drive, such as the one made last winter, would be used to raise this money.

During the past week two anonymous cash gifts, totalling \$7,200, were made to the school. One gift of \$1000 was for the endowment fund. The income from the other \$6,200 is to be used in assisting students preparing for Christian life work, preferably women students.
