Camels are for knowing

It's just too bad if any smoker because of misinformation denies himself or herself the pleasure of CAMELS.

New smokers are not always in a position to have a real preference in cigarettes. But when they acquaint themselves with Camels they develop that sense of discrimination that leads to real smoking pleasure. Camels are made so carefully and of so good a blend of choicest cigarette tobaccos that even those with inexperienced smoking taste quickly recognize their superiority. They are for those who appreciate the taste of choice tobaccos, the fragrance of a perfect blend and the soothing mellowness of a really satisfying cigarette.
