DISBARMENT CASE LENGTHY

At Least 6 Weeks Expected To be Consumed by 3 Referees

Six weeks or possibly a longer time will be required to prepare the findings in the disbarment proceedings involving George W. Joseph and Thomas Mannix, Portland attorneys, according to announcement here Friday.

Taking testimony in the two cases was completed here Wednesday, with Circuit Judges Skipworth of Eugene, Wilson of The Dalles, and Norton of Grants Pass sitting as referees. The findings of the referees will be certified to the state supreme court, which will issue the final order in the proceedings.

Before the findings can be prepared, it will be necessary for the official reporter to transcribe the testimony offered by 25 or more witnesses. Copies of this testimony will be furnished to the referees. Documentary evidence introduced at the hearings was voluminous, and besides numerous newspaper articles, included virtually all of the briefs and other written statements in the E. Henry Wempe estate litigation. There also were many letters, telegrams and other correspondence.

The findings of the referees

will be made public upon being received by the supreme court. In case these are adverse to either or both of the defendants, they would have the right to appeal. In other words, the attorneys for the attorneys under attack, would be given an opportunity to appear before the supreme court and argue that the findings were not sufficient to justify an order of disbarment.

The cost of the proceedings, which required 10 days, will be paid out of the supreme court appropriation. It was indicated that the payment of these claims would demand an emergency board appropriation, as the original appropriation for the supreme court made no provision for such a costly emergency.

LABOR GOVERNMENT ALMOST DEFEATED

LONDON, Dec. 20.—(AP)—Ramsay MacDonald's labor party cabinet was saved from possible resignation tonight when the conservative defeated a conservative amendment rejecting the coal mines bill by the narrow margin of eight votes.

The vote was 281 against 273 in favor of giving the bill its second reading.

The division of the house eliminated the first serious crisis that has confronted the administration. Triumph of the conservative amendment would have defeated the measure, which was one of the chief projects of the government. The bill was framed to meet campaign promises.

The narrow margin of victory was due to a lessening of government support which hitherto has come from the benches of the liberals under the leadership of David Lloyd George. The liberals themselves had prepared a dissenting amendment, but it took exception to only a few of the principal features of the bill and the conservatives maneuvered themselves into the front of the battle by offering their comprehensive rejection amendment.

In the debate that preceded the vote Lloyd George denounced the bill as vicious and as likely to raise the price of coal to the consumers. But he indicated that his party would not oppose a second reading if MacDonald would assure them that opportunity would be given to deal with unsatisfactory aspect of the measure while the bill was still in the committee stage.

EARL BOWMAN GETS SENTENCE

Case Growing Out of Suicide Attempts Results in 2-Year Jolt

A two-year sentence at McNeill's island federal prison was given Earl Bowman, 23, when he pleaded guilty to violation of the Mann act before Judge McNary in Portland last week. Bowman admitted transporting Octavia Hjalmsjon, Seattle girl, from Portland to Seattle in October.

Bowman became wanted here in October shortly after Vera Pack, 17, attempted to commit suicide by shooting herself with a rifle in the stomach. Investigations following the shooting revealed that the girl had shot herself because of Bowman who caused her to become delinquent, the discovery of which prompted the attempted suicide.

While Miss Pack was hovering between life and death in a local hospital, Bowman came here to see the girl. He was arrested on a charge of contributing to the delinquency of a minor and it was after his commitment to the county jail that he was discovered that he had taken another girl from this locality into Washington. The Mann act charge was placed against Bowman at that time and he was taken to Portland where he appeared for sentence this week.

Observance of Christmas in the various rooms of the Grant school was held the latter part of the week as follows:

The first, second and third grades combined to enjoy together a program each of the four rooms contributing a few numbers and all singing appropriate carols. At the close of the program, the teachers gladdened the hearts of their pupils by giving each a small treat.

Miss Fletcher, Miss Williams, and Mrs. Castle each had a short program in the home classroom with treats and Christmas spirit abounding.

Miss Sloper's sixth grade class presented a short, original play. Four of the pupils wrote a play each and the room chose one, the product of Barbara Pierce's effort. After her play was chosen, Barbara combined the four in a clever way and directed its production.

Mrs. Godsey's room enjoyed a puppet show program originated in their own group and made a merry time together both in the planning and in the final production.

Every room had its Christmas tree prettily decorated and bringing cheer into the room for several days.

MAN MURDERED BY CALIFORNIA BANDIT

SAN LORENZO, Cal., Dec. 20.—(AP)—Stanley Montiro, San Leandro, was shot and killed and his 18-year-old girl companion probably fatally wounded by a holdup man who leaped on the running board of their automobile tonight on the highway near San Lorenzo. The wounded girl is Miss Mary Munoz, whose attempt to fight off the bandit may cost her life.

Miss Munoz told police Montiro was driving slowly along the highway near here when the holdup man leaped on the running board on the driver's side of the car and demanded money.

Montiro said he had none. "Better hand it over," warned the man, "or I'll shoot."

Again Montiro protested he was penniless.

Deliberately, Miss Munoz declared, the bandit aimed and shot. Montiro slumped over the wheel with a bullet in his brain. The girl screamed and struck at the robber with her purse. Another shot rang out and the bullet struck Miss Munoz in the side. Then the bandit jumped from the car and disappeared in the darkness.

SECRETARY WARNS AGAINST BURGLARS

A bulletin urging all state officials to use every precaution against robbery of their departments, was prepared here Friday by Hal E. Hoos, secretary of state, who is custodian of capitol buildings and grounds.

The bulletin was inspired by a recent robbery of the state insurance department with a loss of approximately \$400.

"I urge that each department take extra precautions to safeguard valuable by keeping money, stamps and negotiable papers under lock and key," read the bulletin. "Make certain that your windows and doors are locked during the noon hour, unless some person is on duty at that time."

"If I receive your support I will make a ruling against soliciting and selling in state departments."

New Corporation Formed to Deal in Automobiles

Papers were filed Thursday for the incorporation of Salem Motors, Inc. The firm will have the agency for the Willlys Knight and Overland automobiles in Salem. No announcement has been made so far as to its probable location.

Henry Lizar is named as president of the corporation and Charles Vick, secretary-treasurer. Mr. Lizar has been head of the used car department for Vick Brothers for the last five years.

A shipment of cars will be received soon and the firm expects to be located and ready to announce its opening soon after January 1.
