Salem High Will Play Aberdeen Quint in First of Doubleheader

CORVALLIS, Jan. 3-(Special) -The Oregon State College basketball team won a 34 to 25 victory over the Willamette university quintet here tonight, the first of a home-and-home series which will be completed Saturday night in a game in the Willamette gymnasium at Salem.

The Staters, just back from a barnstorming trip through California in which they defeated Stanford and Santa Clara, were not outstandingly stronger than the Bearcats, despite the latter's comparative lack of practice. Aggles Have 22-14 Lead as Half Closes

The local team was leading 22 to 14 at half time, and the second half was played on practically even terms. Oregon State getting 12 points and Willamette

Six of the Staters' field goals were distinctly of the "horseshoe" variety, Ballard batting in four of them and Whithock two. The Staters, however, were more accurate in their shooting than the Bearcats, making all of their points from close in. They tried few long shots and made none. Bearcat Team Shows Faster Floor Work

Willamette's floor work was faster than Oregon State's but still showed come of the erratic tendency noted in its previous game with Multnomah club. The Bearcats scored only 11 field goals out of 42 attempts. Fifteen goals out of 42 attempts. Fifteen of the shots missed were short

According to reports, the state high school athletic board of control will meet in Portland today and make its ruling on what will be done for the re-mainder of this year about schools which have their coaching contracts made for the year in violation of the new rule requiring coaches to be full time instructors.

If they have any regard for the constitution of the United States, they'll rule that the high schools may go through with those contracts. Didn't we all learn in the eighth grade that "ex post facto" laws were unconstitutional?

But that won't settle the matter for good. It's bound to come up next fall, and if Eugene high goes through with the idea that has been promulgated down there in the past week, there'll be something

Eugene high figures that because its football coaches receive that they don't-it's all right for them to coach, notwithstanding while "Shy" and "Skeet" will just ciation had been approved. help out by doing all the coaching.

Then there's University high, located in the same city. Its coach is a student at the University of Oregon, as are all of its teachers. That system can't be changed, and the rule practically forces University high out of the athletic association.

An editorial in this newspaper several days ago contended that the new rule was a good one, and final game of the Industria while we could take issue with league first round, at the Y. M the editorial column and still hold In a preliminary game, the Yes, undoubtedly an exception should be made in University high's case, with the limitation that the coach shall be on the same status as the other teachers.

> Undoubtedly it's wise to have the coach a regular member of with school affairs and amenable to the policies of the principal, superintendent and school board. Such a situation already prevails at Salem high, because Hollis Huntington is that sort of man. For that matter, he is employed more hours than the average teacher, and could undoubtedly be classified as a full time teacher.

But under an arrangement just slightly different and with a different type of coach, the conditions which this rule was designed to prevent could easily prevail. The athletic teams could be dominated in a high and with a rabid citizenry behind him, he could override the wishes of school board, superintendent and principal, and just about run the school to suit himself. Such a situation has prevailed in an Oregon high

The gist of the matter is that the rule has been passed, it has some merits though we have reason to doubt the fairness of the spirit in which it was sug-gested, and everything will be rosy if it is adhered to strictly but reasonably.

Anderson's outplayed guardsmen consistently Friday night, taking a 22 to 10 lead in the first half and scoring 24 points to the soldiers' seven in the second half.

Washington Youth Unable To Make Headway Against Scrapper From New York

MADISON SQUARE GARDEN, Jan. 3.— (AP) — Maxey Rosenbloom, Harlem boy, won a decisive decision over Leo Lomski, Aberdeen assassin from the Pacific northwest in the ten round main event before a small crowd here tonight.

There were no knockdowns as Slapsey Maxey, the new exponent of the late Harry Greb's windmill style of fighting, cuffed and battered the Aberdeen assassin all over the ring. The decision was unanimous with Rosenbloom winning every round.

Although eliminated from the New York state athletic commission's tournament to determine a Loughran because of recent defeat by Jimmy Slattry in Buffalo, Maxey outclassed one of the best of the present 175 pound crop, hitting Lomski at will and blitting both of Leo's eyelids in the second half of the skirmish. It was the fourth meeting of the pair, Rosenbloom now boasting the decisions while Lomski has won one bout. A fourth encounter was a draw.

Rosenbloom baffled the clouting westerner with flipping left jabs and sweeping hooks to the head in the first three rounds of sensational scrapping. Lomski laden hands, but the Harlem harlequin buzzed around shooting punches like the late Harry Greb. Lomski failed to land a decisive blow even at close quarters where Maxie tied him in a helpless bundle. Lomski stumbled all the way across the ring under the right to the head in the third.

Bouncing around lightly, Rosenbloom slapped Lomski all over the ring in the fourth, occasionalback and swiped him on the back of the neck, a maneouver that usually sent Lorente Redskins Come From Behind confusion all the way across the ring. Lomski landed one hard right to the ribs in the fourth but suffered a cut over the left eye in the fifth. Leo kept coming in the sixth but his face was full
