CAPITOL NICKNAMES PUBLIC MEN

YOU can judge a man by his various names that characterize him, not so much by his sobriquet itself as by eligibility to be publicly quoted. For all nicknames are not complimentary and many a famous man would be surprised were he to discover the label that his staff or the public have devised for him.

Washington is the home of its fertile breeding ground. Men who are well-liked are nearly always referred to by their nickname, and the uninitiated often has a hard time keeping track of

The Secretary of State is known as "Stimy" at the State Department, and the Assistant Secretary, Joseph P. Cotton, is affectionately known as "Hi." and if another Hiram Johnson is known to his colleagues as "Uncle Joe." The very good looking and cordial Assistant Secretary of the Navy is known as "Commodore," not because of his naval affiliations, but because that happens to be the sobriquet given to him years ago in his home town, New Orleans. General Summerville, Chief of Staff of the Army, is known as "Sitting Bull." Copeland is, of course, that very popular physician and politician, Senator Copeland, on Cole Bluff of South Carolina. "Doc" Copeland is, of course, that very popular physician and politician, Senator Copeland. La Follette is "Little Bob" while Brock of Tennessee is the "Candy Kid."

COURT MARTIAL OF GUARDSMEN HALTS

NEW LONDON, Conn., Jan. 8.—(AP)—The general court martial of coast guardsmen implicated in stealing and drinking liquor from a captured rum running boat struck a snare today.

Delay in preparing charges as prescribed by government regulations prevented the court from hearing any of the 29 cases still before it, and it turned its attention to consideration of a guardsman who deserted, but not in connection with the Flor Del Mar affair.

Hope was expressed, however, that the charges would be ready tomorrow.

Thirty-nine men were involved as a result of the hurried unloading of the Flor Del Mar's cargo of whiskey, and ten already have pleaded to intoxication. They were aboard their ships today awaiting a review of their sentences not made public by officials in Washington.

Meanwhile patrol boats and destroyers were out in the coastal waters of New England hunting for other liquor smuggling craft which might be attempting to make shore.

GARMENT WORKERS GO OUT ON STRIKE

CLEVELAND, Jan. 8.—(AP)—More than 2,000 members of the International Ladies' Garment Workers' union went on strike here today, and their officials announced tonight that 90 per cent of the city's cloak and suit production was at a standstill.

Benjamin Schlesinger, international president of the union, took personal charge of the strike a few hours after it started.

The strikers seek a 40-hour week instead of 44; elimination of alleged sweatshop conditions; guarantee of workers' wage in contracting shops; and preference for skilled Cleveland cloak and dressmakers in the distribution of work before it is sent outside the city.
