WINTER RETAINS ICY GRASP UPON OREGON

(Continued from Page 1.) Ished there early yesterday morning. A minimum of 13 degrees above was reported at The Dalles yesterday and residents were anticipating colder weather during the night. From two to four inches of snow covered the ground in the mid-Columbia district. Mercury drops to 21 at Eugene. At Eugene a temperature of 21 degrees was reported. Half an inch of snow fell late Wednesday night.

The coldest weather in six years was experienced in Klamath basin, when the temperature dropped to five degrees below zero. Mountain communities in that district reported temperatures as low as 18 below.

Salem had its coldest weather of the year when the thermometer dropped to 19 above. Half an inch of snow fell Wednesday night and because of the cold yesterday remained on the ground although the day was clear.

Pendleton recorded 13 above and three fourths of an inch of snow. The Oregon State college weather station recorded a temperature of 23 degrees, the lowest experienced in Corvallis this season. Two inches of snow was reported. At La Grande the minimum temperature was 10 above, two degrees higher than the previous day.

Bend reported a minimum of five above at sunset last night. Three inches of snow fell there yesterday and Wednesday night. Baker had half an inch of snow and a minimum temperature of eight above yesterday. The previous day the mercury dropped to one above.

The fall of snow was welcomed by farmers of Oregon. Because of a prolonged dry season the planting of grain was later than usual and unless the ground is protected by a sufficient blanket of snow, the farmers fear the crop will be seriously damaged by freezing weather.

SILVERTON POLICE LED MERRY CHASE

(Continued from Page 1.) car abandoned in the road. The man had come to his farm, Loe said, seeking the aid of a team of horses in extracting his car from the mud. When Loe obligingly started with his horses in the direction of the indicated car, the man sprang into Loe's own auto which was standing nearby, and dashed away in it before he could be stopped.

It was immediately decided that here was a clue indicating the direction taken by the Silvertown car thief, the thief having abandoned one stolen car and made away in another. Pursuers were sent after the fleeing man. They had hardly started, however, before they met Loe himself driving into town with stolen

car number 1, bringing with him the man in question. The man had made no resistance, he stated. "When I saw him make away with my car," Loe explained, "I decided that I could head him off by taking a shorter route over a different road. So I went ahead and pulled his car out of the mud, climbed into it and started out. I not only headed him off, but met him walking along beside the road on his way to find somebody to pull my car out of the mud."

While Loe returned to do the job himself, officers lodged the man in jail and began checking up to determine whether any other crimes had been committed by Balcom.

M'BRIDE FETED BY BAR GROUP

Supreme Court Justice Gives Chief Address Before Attorneys' Body

Justice Thomas A. McBride, state supreme court judge, was honor guest Tuesday night at a meeting of the Clackamas county bar association in Oregon City and also gave the principal address at the meeting of the association. Like going home, was the appearance before the Clackamas county lawyers, for Justice McBride was closely identified with the early days of Oregon City and was for years an attorney and jurist of that county.

Justice McBride arrived in Oregon City as a young man and was admitted to the bar in 1870. He entered into partnership with Edward L. Eastman, and was associated also with W. Carey Johnson, Ferdinand O. McCown, C. D. and D. C. Latourette, W. J. Nutting and Septimus Huelsh. The present dean of the Oregon supreme court became district attorney in 1882, riding the circuit for 10 years of Astoria, St. Helens, Hillsboro and Oregon City. At the end of that period, he was advanced to the bench, sitting for 17 years or until he was called to the supreme court 20 years ago.

Memories of his earlier days in the profession were recalled before the Clackamas group by the venerable justice, now 82 years old.

MECHANIC CHARGED WITH BOMB MURDER

SEAT PLEASANT, Md., Jan. 9.—(AP)—Leroy Brady, a 26 year old automobile mechanic, was charged with murder today as the sender of the gally-wrapped bomb which on New Year's day killed Naomi Hall Brady, the young bride of his brother.

Officials said tonight they intended to swear out additional warrants charging the mechanic with slaying Samuel Hall, 19 months old, and Dorothy Hall, 4 1/2 years old. These were the brother and sister of the young bride who had crowded forward eagerly as the fatal package was opened. Both youngsters died in Washington hospitals from the injuries sustained in the explosion.

The murder charge was served on Leroy Brady at the Marlboro jail, where he has been held for several days together with his brother, Herman Brady, whom the crime made a widower. Detectives said Herman would be released immediately and he would appear as a witness against his brother. "We have obtained ample evidence to justify charging Leroy Brady with this crime," States Attorney Parran asserted today, adding he was confident enough additional information

could be obtained for a conviction. Detectives have disclosed they were working on a tip that Herman Brady's bride was soon to become a mother.

MAN KNOCKED DOWN IN AUTO ACCIDENT

Carl Harritt, assistant manager of the Associated Oil company's plant here, was knocked down and injured by an automobile driven by Arthur Duval, 245 South Winter street, Wednesday night at the corner of State and Liberty streets. Mr. Harritt suffered a cut on the back of his head, and his recollection of the occurrence was hazy the next day. He also suffered body bruises.

Mr. Duval reported that he had stopped to avoid hitting another pedestrian, and that Mr. Harritt stepped in front of his machine as he started forward again.

For one the bigger machine came out second best when a delivery car driver by Carlton Roth and a furniture truck operated by M. B. Handerson collided Thursday forenoon on State street between Liberty and Commercial. Mr. Roth failed to see Mr. Handerson signal for a turn, and attempted to pass him. The spare tire rack on the lighter car tore a hole in the side of the truck.

LAW ENFORCEMENT GROUP YET SILENT

WASHINGTON, Jan. 9.—(AP)—With the introduction in congress of a resolution demanding that it hold open hearings, the Hoover law enforcement commission continued tonight to maintain its silence on prohibition. Despite an assertion on Monday by Chairman Wickersham that a statement would be forthcoming at the end of its session, which concluded late yesterday, members steadily declined to reveal the subject of discussion and no indication was given as to when a formal expression would be made.

Reports of dissent within the commission and of its supposed inability to agreement upon a statement grew in volume as the report failed to materialize, but these also were ignored and could be neither confirmed nor discredited.

30 PERSONS INJURED PHILADELPHIA, Jan. 9.—(AP)—More than thirty persons were injured, four seriously by four explosions late today in the partly demolished Globe theatre building, across from city hall.

FINE SHOW IS HELD AT GRAND THEATRE

The Grand theatre has seen many changes in its time but one of the most surprising and satisfactory ones of recent days is the new vitaphone which has been put into operation there. It is without doubt more nearly perfect than it seems reasonable to expect from a mechanical talking

apparatus. Each sound comes out clear and natural and makes listening a process of pleasure rather than novelty.

Wednesday night the Frazier players presented "Uncle's Dilemma" and they did a creditable piece of work. Richard Frazier, Betty Bingham and Frank Confer did excellent interpretations and Yvette Rodgers had her voice down to the place where one could really enjoy it.

"Uncle's Dilemma" is a funny comedy and the audience Wednesday night responded with enthusiasm to each comedy line. There is enough plot to keep interest as well as laughing at rather a high point.

"The Night Parade," the feature picture, is good. It has a prize fight that even gave the writer a headache. There is enough intrigue and love plot to carry plenty of interest.

SALVAGE VESSELS DRIVEN FROM WORK

SAN PEDRO, Jan. 9.—(AP)—After raising from the ocean bottom the wreckage of one of the two motion picture camera planes which collided and killed ten persons a week ago, salvage tugs and coast guard cutters late today were forced to discontinue the search for the other by a rain squall.

No additional bodies were found in the tangled mass brought to the surface, and boats dragging grappling hooks over the spot a quarter mile off point San Vincente where the planes plunged into 318 feet of water, failed to locate the second plane.

The attempt, however, was interrupted shortly after it began by heavy seas which tossed the small salvage craft about dangerously.

POLICE BIT SLOW

SPOKANE, Jan. 9.—(AP)—Police who went to the home of Mrs. Ida Agren, 68, to subpoena her for testimony against the driver of a motorcycle which ran her down, found that she was dead and had been buried for ten days.

During October a woman in Montana wrote: "My first bottle of Kruschen Salts lasted almost 4 weeks and during that time I lost 19 pounds of fat—Kruschen is all you claim for—I feel better than I have for years."

Here's the recipe that banishes fat and brings into blossom all the natural attractiveness that every woman possesses.

Every morning take one half teaspoonful of Kruschen Salts in a glass of hot water before breakfast.

Be sure and do this every morning for "It's the little daily dose that takes off the fat." Don't miss a morning. The Kruschen habit means that every particle of poisonous waste matter and harmful acids and gases are expelled from the system.

At the same time the stomach, liver, kidneys and bowels are toned up and the pure, fresh blood containing Nature's six life-giving salts are carried to every organ, gland, nerve and fibre of the body and this is followed by "that Kruschen feeling" of energetic health and activity that is reflected in bright eyes, clear skin, cheerful vivacity and charming figure.

If you want to lose fat with speed get an 85c bottle of Kruschen Salts from Perry's Drug Store or any live druggist anywhere in America with the distinct understanding that you must be satisfied with results or money back.—Adv.

COOPER UNDER KNIFE

NEW YORK, Jan. 9.—(AP)—Kent Cooper, general manager of the Associated Press, underwent a minor operation in a New York hospital today. The operation was satisfactory and Mr. Cooper was resting comfortably tonight.

SACKETT CONFIRMED WASHINGTON, Jan. 9.—(AP)—Promptly confirmed today by his colleagues to be ambassador to Germany, Senator Fredric M. Sackett of Kentucky resigned preparatory to an early departure to Berlin.

After the boats returned to port here, those in charge of the search, said they would not resume it until stormy weather had passed.

Five bodies have been recovered. Two were taken from the wreckage raised today shortly after it had been towed to shallow water, and three were taken from the water within a few minutes after the collision.
