## D'MARAIS NEW S. P. HEAD HERE

### Job Taken Over in Salem as Mickel Promoted to Portland

A. A. Mickel, district freight and passenger agent, Southern Pacific, Salem is receiving the congratulations of his many friends in this city and in the Willamette valley upon the announcement by J. H. Mulchay, freight traffic manager and J. A. Ormandy, passenger traffic manager, Portland of his promotion to the position of district freight agent, Portland.

Mr. Mickel assumes this position January 16 to fill the vacancy created by the promotion of L. A. Brockwell as assistant general freight agent, Portland.

Mr. Mickel is to be succeeded by K. A. De Marais, formerly traveling agent, Salem and well known in the valley and at present traveling agent, Klamath Falls.

"Mike" as he is familiarly known in the valley, was born at Gervais and his entire business career has been with the Southern Pacific in various positions.

He has always taken a keen interest in civic affairs and in furthering the interest of the communities in which he has resided and for the company with whom he is associated.

His first position with the Southern Pacific was as station helper at Gervais in 1901, under H. A. Hinshaw who was agent there at that time and who is now general freight traffic manager at San Francisco.

While at Gervais he learned telegraphy and subsequently was operator and agent at a number of the towns and cities in the Willamette valley. After being agent at such towns as Mt. Angel, Gervais, Silverton, Woodburn, Springfield and a number of others, he was finally promoted to the important agency at Albany.

In 1916 he was placed in charge of the Salem local agency from which position, in August, 1923, he was appointed district freight and passenger agent in Salem which position he has occupied until the present time.

Mr. De Marais who succeeds Mr. Mickel, is also well and favorably known in Salem and the Willamette valley. He was chief clerk to Mr. Mickel from December, 1923 to April, 1926, at which time he was promoted to the position of traveling agent, under Mr. Mickel.

In July last year he was transferred to Klamath Falls as traveling agent. This represented the general offices at Portland, having had experience with the northern trans-continental lines before allying himself with the Southern Pacific.

Effective this same date announcement is made that C. M. Andrews, at present assistant general freight agent, Portland will occupy the newly created position at Seattle of assistant general freight and passenger agent. Mr. C. W. Biggs, present general freight and passenger agent, Portland, will be promoted to the position of assistant general freight and passenger agent, Portland.

Mrs. John L. Rand entertained with a dinner in compliment to Mr. and Mrs. Mark Pierre Saturday evening. Mrs. Pierre was formerly Miss Marjorie Vaughn.

The Royal Neighbors Sewing club will meet Tuesday at the home of Mrs. Annabelle Miles for an all-day meeting. There will be a potluck dinner at noon.

Mrs. Max Page was hostess in compliment to 12 guests for luncheon and an afternoon of cards at her home—Saturday afternoon.

## ESPEE PROMOTES THEM

A. A. Mickel, (left), who has been appointed district freight agent for the Southern Pacific company in Portland, and K. A. DeMarais, who will succeed Mr. Mickel as freight and passenger agent with headquarters in Salem.

Dr. Klein met with the state board of higher education in Portland last Saturday when the survey was discussed. A contract between the board of higher education and the federal bureau of education probably will be executed in Portland Saturday.

Dr. Klein said that no iron-clad plan for the future conduct of the institutions would be laid down as a result of the survey, but that a long time flexible program would be suggested.

These appointments are made in line with the company's policy of enlarging and strengthening the traffic organization so as to provide more complete representation in the various communities. The men promoted have all advanced through the ranks in that company in the Pacific northwest and are outstanding examples of the progress that men of these sterling qualities make from time to time by thoroughly acquainting themselves with their work and in advancing the interests of their communities and their company.

His first position with the Southern Pacific was as station helper at Gervais in 1901, under H. A. Hinshaw who was agent there at that time and who is now general freight traffic manager at San Francisco.

While at Gervais he learned telegraphy and subsequently was operator and agent at a number of the towns and cities in the Willamette valley. After being agent at such towns as Mt. Angel, Gervais, Silverton, Woodburn, Springfield and a number of others, he was finally promoted to the important agency at Albany.

## PROFIT ON TOURIST WELL DISTRIBUTED

Prevailing opinion that hotels and camp grounds derive all of the profit from tourist traffic was contradicted by Herbert Cuthbert, manager of the advertising and promotion department of the Portland chamber of commerce, in an address before the Salem chamber of commerce at its Monday noon luncheon.

A survey of the tourist revenue reveals that hotels receive 15 per cent, summer tourist resorts eight per cent, "dude ranches" and inns five per cent, furnished cottage camps five per cent, tent camps five per cent, retail stores 20 per cent, roadside stands seven per cent and miscellaneous ten per cent.

In addition, there is the advantage of bringing prospective investors to the state, said Mr. Cuthbert. Most tourists are people of means.

Salem and the Willamette valley need take second place to no other section in attractions for the tourist, and all that is lacking is support for the advertising program that should be carried out, he added.

## PAULUS GOES EAST TO CANNERS MEET

Robert C. Paulus of the Paulus Bros. canning company has gone to Chicago to attend the National Canners convention which will be held there January 20 to 25. Mr. Paulus attended the Northwest convention at Seattle and from there went to Chicago. Other Salem delegates to the Northwest Canners convention at Seattle have returned, very enthusiastic about the canning industry in the northwest.

A grand total of \$858,222 cases of vegetables were packed in Oregon and Washington during 1929, according to the report of the convention. This represented an increase of 73,000 cases over the total pack of 1928.

Oregon showed a slight decrease in the fruit pack for 1929 but the vegetable pack was much larger.
