Oh These Women!

By LEOILA ALLARD

I asked the girls in trouble, who are thinking of jumping off a cliff, to write me before they did it. The letters are many and difficult.

A New York girl of 18 writes that her sister, a college student, strikes her because she is unable to find a job. She's so despondent that she believes her "dear sister" is right when she says: "You'd be better off dead."

Now see here, Josephine, you stiffen your spine. A girl who has a sister who will strike her for not being able to find a job, and who will say "my dear sister is right" should have her head examined. The next time your sister strikes you, call the Humane society and tell them the story. Or go and see them. They will protect you and put an end to sister's good time. They have the authority to direct you.

Don't let a selfish, cruel, unnatural sister drive you to suicide. In a very short time you will be sailing along happily and what will matter will not be that you had trouble, but how you took it. We all have to wait till our "breaks" come Josephine, and you will get yours. That's sure.

Sister is the one who is headed for trouble. She can't see things as they are. She's a pessimist. Not a chance! If sister doesn't know that then she's psychotic. If your mother and father are kind, why let sister worry you? Sister is a pill proper. I'd rather be you, Josephine, than be Sister.

Now put on a smile and go out and get a good job. You're looking too hurt and unhappy. That's why you don't "land." Put sister out of your mind or give her the surprise of her life. Good luck, my dear.

"Mary" writes she is bashful, blushes when she meets people, is a failure at her work, can't swim, dance or do anything other young people do and is getting nowhere in the world. She is plain and wants to know what to do.

Mary, your letter shows you believe yourself inferior. That's what is doing it. People are merely accepting you at your own value. Learn to swim. Learn to dance. Mix with people and get over that idea that you are a strange girl. It's all in your head. And don't worry about blushing. Mary, it's such a joy to find a girl who still can blush. You're probably a peach and don't know it. Sell Mary to herself and then you can sell her to other people.

Mrs. T. Bernard Is Club Hostess

Kingwood—Mrs. Theodore Bernard was hostess Tuesday to the members of the Laurel Social Club, George and Mrs. A. L. Applewhite presided at the business session, during which it was decided that the club should meet twice a month during the winter months instead of once a month as formerly. Two new members joined the club at this meeting. They are Mrs. Eugene Krebs and Mrs. Albert Beckman. Members responded to roll call by either a quotation or a current event.

Mrs. Bernard was assisted in serving by Mrs. Applewhite, Mrs. Warren B. Baker will entertain the club January 28, at the home of Mrs. Applewhite.

Members present were Mesdames R. A. Blevins, J. B. Smith, Robert Hall, George and Mrs. A. L. Adams, E. W. Emmett, William L. Adams, E. W. Yantis, A. L. Applewhite, Theodore Bernard, Warren B. Baker, Eugene Krebs and Albert Beckman.

Gervais — Miss Lucy Shafer, missionary and social worker, was greeted by a fair-sized crowd of interested church Tuesday evening. She remained over until Wednesday afternoon and spoke during the luncheon hour at the all day meeting of the missionary society when the high school girls were special guests to hear her. A large number of the girls availed themselves of this opportunity to hear the speaker. In the afternoon the regular society meeting was held and the book Mrs. R. S. Marshall, Mrs. A. R. Siegmund, Mrs. J. S. Harper, Mrs. G. J. Moision, Mrs. Frances Stockton, Mrs. L. E. Cutsforth, Mrs. C. A. Sawyer and Mrs. William Allsup read chapters during the afternoon. The church at Gervais has a large and active society.

Among the many meetings postponed because of the weather is that planned by the Woman's auxiliary of St. Paul's church. It was to have met with Mrs. William Nelmeyer at 835 E. street, but has been postponed until January 24.

Mr. and Mrs. Robert Klempel and their baby, Betty Jean, have left for their home in Aberdeen, Idaho, after spending the past ten days visiting with their relatives and friends in this city. Mrs. Klempel was Dorothy Baumgartner before her marriage.

Stacy friends have received announcement of the marriage of Louene, daughter of Mr. and Mrs. A. L. Thomas to Sidney L. Danks at Los Angeles, January 14. The Thomas family were residents of Stacy for a number of years.

There will be no circle meeting for the Neighbors of Woodcraft this week. Further announcement will be made later.

FOOD PRODUCTS COMPANY MEET

Officers Re-elected by Members of Local Silverton Company

SILVERTON, Jan. 16. — No changes were made in the officials of the Silverton Food Products company at the annual meeting of the stockholders. Officers retained were M. C. Storruete, manager; Morris Ames, president; W. F. Olsen, vice-president and secretary; E. O. Nelson, treasurer; M. C. Storruete, assistant secretary-treasurer.

Reports showed that the pack of small berries did not come up to that of the previous year, but that the cannery processed a large amount of prunes and that there was a big increase in the vegetable pack. The treasurers report showed that approximately \$30,000 had been advanced to growers during the past year. The various pack reports show the following figures: Soft strawberries, 112,244 pounds; Ettersburg, 52,634; loganberries, 67,087; raspberries, 5,237; prunes, 405,248; blackberries, 165,434; beans, 40 tons; carrots, 45 tons.

All pools for the year have been closed with the exception of those outstanding in strawberries and prunes. With the exception of the prunes, the entire pack of the local cannery is sold although some goods are still pending deliveries.

Mr. Ames gave an interesting talk at the stockholders' meeting and urged the growers to analyze their land to see what it was best fitted for. The cannery expects an increase in the strawberry pack this year and officials urged all stockholders to plant more small berries. The prospects for the coming year are very good as the pack in small fruit fell short during 1929.

The Silverton Food Products company has 113 stockholders.

WOMEN TO MEET FOR WORLD PEACE

FRAU DOROTHEE VON VELSEN

MISS RUTH MORGAN

KATHLEEN D. COURTNEY

MRS. TSUNE GAUNTLETT

MME. MARIE LOUISE RUECH

If talk can do it, there will be no more war! Prior to the opening of the conference in London, the annual conference of the Committee on the Cause and Cure of War is to convene in Washington, D. C.

Three women of prominence in their respective countries in Europe as well as a fair representation from the Orient, will be present at the meetings to be held at the Hotel Washington from January 17. Each delegate is armed with the good wishes of her countrywomen and the benevolent wishes of her Government, for such an exchange of sentiments and speeches between women of different nationalities can but further the cause of universal understanding which is necessary to assure world peace.

The foreign visitors include Miss Kathleen D. Courtney, who is honorary secretary of the British Women's Peace Crusade; Frau Dorothee von Velsen, one of the best known feminists of Germany; Madame Marie Louise Feuch, who is the French vice-president of the International Federation of University Women. Japan is sending Mrs. Tsune Gauntlett, who has been instrumental in organizing Japan's womanhood into earnest crusaders in the cause of peace. Miss Ruth Morgan, who is the vice-president of the National League of Women Voters, will participate in a forum on peace, to which the visitors will contribute. These women represent the five powers

who will participate in the London parleys. Mrs. Carrie Chapman Catt is to be chairman of the convention, and has announced a comprehensive list of speakers. These will include Gen. Jan Smuts, of South Africa, who was a Boer leader, but who has since been a staunch ally of Britain. He is one of the many distinguished warriors who, after working ardently to banish the horrors of war from the earth, will address the 500 delegates at the banquet to be held at the opening of the conference. Prominent speakers are to review the events previous and subsequent to the signing of the Kellogg pact, and will endeavor to devise means to fill the gaps that are still gaping in the wall of international understanding.

Election of a commanding officer for the 249th Coast artillery to succeed Lieutenant Colonel Duncan Ferguson, Jr., commander of the regiment whose resignation was announced several months ago, will be held at the national guard headquarters here Saturday night. Salem officers in the guard who will have a voice in selecting Ferguson's successor are: Major C. M. Irwin, Captain Arthur Bates, Captain G. H. Garndt and Captain R. L. Wood. Major C. A. W. Dawson of the regular army, will act as instructor for the election.

Oregon Board of Health Issues Warning Against Situation Caused by Cold

With pneumonia rated the most important cause of death in Oregon and the present weather conducive to colds where carelessness prevails, the weekly bulletin of the state board of health is of more than usual interest. "Prevent colds and thereby prevent pneumonia. Go prepared for temperature changes. Protect yourself against cold weather," warns the health body.

The bulletin says: "Deaths for 1928 totaled 630 which was an increase from 517 in 1927. The high incidence of pneumonia in Oregon indicates that measures are needed to prevent this disease. While it is true that there are no specific means for preventing pneumonia there is no other disease which can be as easily prevented by the application of a few common sense measures.

"Pneumonia is a germ infection but it is by no means always the same germ. The existence of organisms giving rise to bronchopneumonia is maintained by transfer from person to person. The respiratory tract is the usual channel of infection. Particles of sputum expelled by coughing, sneezing or talking contaminate the air about an infected individual. The inhalation of material which, through drying, has contaminated the air, is also a source of danger. Transfer may take place by contact with nasal sputum or utensils used by infected individuals. Absolute cleanliness should be secured in the sick room. Fresh air and sunshine limit the danger.

"To prevent droplet infection, particles of sputum expelled during coughing and sneezing should be caught in a paper handkerchief or piece of cloth placed in front of the mouth and the handkerchief or cloth should be burned. Regulations forbidding expectoration should be enforced at all times and in all places.

"Pneumonia usually follows some other condition. Pneumonia

is given an opportunity to develop most often through a neglected cold or through attempts to resume one's usual habits of life too soon, before complete recovery from some other illness. When exercising out of doors be sure that you add additional clothing to put on as soon as you stop. If you get wet and are unable to change clothes, keep exercising until you are able to change. Remove your wraps when you enter a warm room.

"Pure air free from dust and an equal temperature in the house should be maintained. Avoid overcooling. Wash your hands before eating. Do not overwork and fatigue yourself. Eat the proper foods, wear adequate clothing and exercise moderately out of doors. Observe strict cleanliness. Most colds develop from carelessness. Don't be careless. If you should get a cold, don't neglect it as pneumonia is all too often the sequence of a neglected cold."

HAL CAMPBELL ILL. SILVERTON, Jan. 16. — Hal Campbell, well known musical instructor and director at Silverton, is ill with pneumonia. Mr. Campbell is being cared for at the home of Mr. and Mrs. Jay Morley. It is reported that he is getting along as well as can be expected and that no fear is felt in regard to his recovery.

Varicose Veins Rapidly Reduced

Simple Home Treatment That is Giving Amazing Results

If you have varicose veins or bunches you can start today to bring them back to normal size, and if you are wise you will do so.

Just get an original bottle of Moone's Emerald Oil (full strength) at any drug store and apply it night and morning to the enlarged veins. It is very powerful and penetrating and only a little is required.

After a few days' treatment the veins will begin to grow smaller and by regular use will soon reduce to normal.

Moone's Emerald Oil is also a marvelous healing agent. One application for instance stops the itching of eczema and a few applications causes the eruptions to dry up, scale off and completely disappear. It is equally effective in barber's itch, salt rheum, redness and inflammatory skin trouble.

People who want to reduce varicose veins, or get rid of eczema, ulcers, or piles in a few days, should not hesitate to get a bottle at once. It is so powerful that a small bottle lasts a long time. Perry's Drug Store, 165 S. Com'l. St., and leading drug stores sell lots of it.—Adv.
