

## BANK DEPOSITS IN CITY SECOND

Eugene Ranks Third and Is  
Well Behind Salem in  
Totals for 1929

(Continued from Page 1.)  
Hillsboro 2, \$1,986,764.40; Bend 2, \$1,866,716.59; Lakeview 4, \$1,692,693.42.

Silverton 2, \$1,548,402.56; Newberg 2, \$1,489,461.05; Ontario 2, \$1,489,701.42; Burns 2, \$1,460,585.40; Forest Grove 2, \$1,395,559.97; Gresham 2, \$1,207,487.75; Heppner 2, \$1,126,794.75; St. Helens 2, \$1,117,498.90; Cottage Grove 2, \$963,559.33; Clatskanie 1, \$932,023.89; Woodburn 2, \$905,280.70; Milton 1, \$822,255.13; Coquille 2, \$878,255.13; Myrtle Point 2, \$824,899.99; Lebanon 2, \$824,759.32; Milwaukee 1, \$793,990.23; Prineville 2, \$780,610.64; Junction City 2, \$763,815.42; North Bend 1, \$729,318.66; Oakdale 1, \$718,638.40; Enterprise 2, \$704,540.24; John Day 1, \$681,827.44.

Mount Angel 2, \$639,357.63; Stayton 1, \$656,778.45; Athena 1, \$615,928.55; Toledo 2, \$615,083.53; Beaverton 1, \$602,060.06; Independence 2, \$587,252.56; Condon 1, \$549,414.86; Bandon 1, \$510,631.40.

Total 54 towns: 139 banks, \$230,962,384.61 deposits.  
Ninety-two other towns: 96 banks, \$19,126,301.23 deposits.  
Totals: 233 banks, \$300,083.685.84 deposits.

There has been a decrease of eight in the number of banks, during the year only one of which was a failure, the other being mergers or consolidations. Since the first of this year there have been two other mergers and consolidations, namely in Bend and Grass Valley. As compared to the year 1920 which was the peak year for the number of banks in the state of Oregon, where there were 284 banks, there are now 233 banks or a net decrease of 51. During the past two years and three months there has been a decrease of 21 in the number of banks, 15 of which have been consolidations and mergers.

## CHARTERS MAILED SEVEN 4-H CLUBS

Charters for seven Marion county boys' and girls' 4-H club were mailed yesterday from the office of William W. Fox, county club leader. Fox reports that club work in Marion county is already way ahead of that for last year, with 97 clubs representing 970 members formed since the new club year, which opened November 1, 1929. For the previous club year, the total membership was 819 boys and girls enrolled in 82 clubs and 12 different projects.

Clubs to which charters have just been sent include: Hazel Green Good Eat Club, Mrs. G. G. Looney, leader; Monitor Cookery Club, enevieve Ganiard, leader; Flying Needles Sewing Club, the A. E. Pig Club and Hippity Dub, the Rabbit Club, all of Swigle school, and with Florence Borgman, leader; Brush Creek Grunt Club with Jessie Hartley Doerler, leader; and the American Home Builders' home making club at Woodburn, May Scollard, leader.

Although there are only 30 pupils in the entire school, the children at the Swigle school have organized the three clubs mentioned above. This school made a surprising showing in the club work last year also, Fox states.

## More Donations Are Sent in to Help Charities

Donations reported yesterday from the offices of the Associated Charities in that organization's effort to raise \$1250 to carry forward the work through the winter and spring months, included:

Mrs. Fellers, \$5; Marr grocery, \$5; Mepple grocery \$5; Blatchford, \$1; R. J. Edwards, \$1; Dr. H. J. Cormick, \$5; cash, 50 cents; G. A. G. Moore, \$5; S. A. Whitford, \$1; Director's store, \$5; Mrs. H. Clark, \$1; cash, \$1; Harb. Thompson, \$1; Sophia Angeto, \$1; Dorothy Hall, 50 cents; Mrs. R. Ritter, 50 cents; a friend \$1; Mrs. M. L. Smith, \$1; and Metropolitan Chain store on State

## SO THIS IS SALEM

By PAUL C. ADAMS, of the Pacific Homestead

Officials of the Cherry City Mills are reported to be wondering how to get rid of the dynamite that three members of an asserted egg gang crowded around the door of the firm's safe. Just as a suggestion, it might be well to cut out the back of the safe and turn it away from the wall during the day, using the open side for a door; at the close of business the back could be put against the wall, exposing the "juice" filled front to all eggs who came to crack. They would never think of turning the safe around and in case they tried to blow it again, the contents would be there in the morning, also the eggs.

Remarkable discipline and complete training in fire alarm drills probably saved the lives of many children. Portland recently when one of the old wooden fire trap buildings caught fire and burned to the ground. Here in Salem and close by are several human furnaces. We all can imagine what might happen at any of them. Extra care in heating and inspection of furnaces and flues, coupled with rigid training in fire drills may prevent a tragedy, but mother's peace of mind will be easier when the children are in fire-proof, modern buildings.

We sometimes kick about taxes. The improvement of building which costs well up in the thousands is likely to cost us as individuals but a few cents, each year. We are likely to see the whole amount as being our portion, or at least a much larger share of it than we usually pay.

We unconsciously hesitate and pinch a few pennies for something that may save a human life.

But when a human life really is held in the balance, how liberal we all are. Just a few weeks ago two men were lost in the woods near Woodland, Wash. They were missing several days and relief parties were sent out. Men and boys, probably a thousand, gave money and many valuable hours of time in a vain effort to find them. Washington officials supplied food and shelter, radio stations called for volunteer searchers and transportation companies vied with each other to aid. Men went from Salem and other points in the valley, also from Mt. Hood and Hood River and from points in Washington, sacrifices of business and time and effort were not thought of; there were lives to be saved. That the men were not found was the pity of it; that thousands of hours should have been spent; thousands of miles

P.S.—I'll wait one more week, because I don't want to cause you any trouble, but after that, on she goes, see me.

The only other thing that worries me is why do university and high school boys drag their heels when they walk. The pavements about town are beginning to show the wear.

The Cocos Seed, Inc., with headquarters at Coquille, has filed application in the offices of the state engineer for permission to appropriate water from an unnamed spring and unnamed creek for the irrigation of lands in Coos County.

Other applications for water permits filed recently follow:

Ralph Barker, North Bend, water from East and West forks of Norton Creek for domestic and irrigation in Coos county.

A. A. Johnson, Oakland, water from West fork of Illinois river for irrigation of 20 acres.

Now, Hal, I know the check was good cause the bank has sent it back to me marked 'paid,' but Hal, how come, I ain't got nothing to show for it, and traffic cops are beginning to give my car dirty looks, I mean dirtier looks than it has. And say, Hal, I'm going to paste that cancelled check on my windshield where the license sticker you ain't sent should be, and then when all the traffic cops and everybody sees it with your name stamped on the back, then Hal, ain't you going to feel flat, ain't chu, Hal?

Yours truly,

Mr. Hal Hoss,  
State House.

Dear Hal:

Along before Christmas time I saved enough out of what my wife knew I had to send you a check for my auto license. It said something on the application that checks weren't good costing somebody three dollars, but I felt that if you were willing to take a chance on a check for three dollars, so was I, so I sent it.

Well, Hal, I know the check was good cause the bank has sent it back to me marked 'paid,' but Hal, how come, I ain't got nothing to show for it, and traffic cops are beginning to give my car dirty looks, I mean dirtier looks than it has. And say, Hal, I'm going to paste that cancelled check on my windshield where the license sticker you ain't sent should be, and then when all the traffic cops and everybody sees it with your name stamped on the back, then Hal, ain't you going to feel flat, ain't chu, Hal?

Yours truly,

P.S.—I'll wait one more week, because I don't want to cause you any trouble, but after that, on she goes, see me.
