1931, instead of in 1942. At present the British battleship fleet contains two more vessels than ours.

"In destroyers and aircraft carriers we suggest equality of tonnage, and in submarines the lowest tonnage possible. As is well known we will gladly agree to the total abolition of submarines. It is possible to obtain the consent of all five powers to such a proposition, and in any event we suggest that operations of submarines be limited to the same rules of international law as surface craft in their operations against merchant ships, so that they cannot attack without providing for the safety of passengers and crews."

"Second, our suggestion to the Japanese delegation would produce an overall relation satisfactory to us and we hope to them. In conformity with our relations in the past, it is not based upon the same ratio in every class of ships."

TOKYO, Feb. 7.—(AP)—(Friday)—An American proposal, described in authoritative quarters as "drastic and far reaching," and covering every category of naval armaments, it was learned today, was received by the Japanese government last night from its delegation at the London naval conference.

CHICAGO KILLINGS BOOSTED TO EIGHT

CHICAGO, Feb. 6.—(AP)—Only one shooting occurred in Chicago today but the killing record of the last week rose to eight with the death of Burnell Benson, 24, shot January 31.

After he was wounded, Benson gave police the name of a man who he said he was his assailant. Authorities were told that Benson had been paying attentions to the alleged slayer's wife.

Andrew Manderino, 39, a baker with a family of five children, was today's shooting victim.—Fired upon as he returned with a friend from work, his wounds are said not to be serious and police are inclined to attribute the attack to personal animity.

Deputy Detective Chief John Egan ordered murder charges placed against Jerry Cotter and George Monk champion in connection with the death of William Healy Wednesday. Joe Spanco was sought for questioning about the slaying of Phillip Marchese Tuesday after the Chicago Police Edward Callopy announced he had traced the gun used in the killing of Spanco. Paul Swain and George Gray were taken into custody as suspects in the shooting, yesterday, of Philip H. Meacher, building superintendent.

Mrs. Sarah Matilda Watts died late Thursday at the family residence five miles south of Salem at the age of 70 years. Funeral services will be held Sunday afternoon at 2 o'clock at the Clough-Taylor chapel, with interment to be made in the Odd Fellows cemetery.

Mrs. A. F. Marcus of Salem and sister of Henry Smart, also of Salem. She was born in Ontario, Canada, but had lived in this section for a number of years. Her husband died here a short time ago. Besides the daughter mentioned, she is survived by four children: Mrs. W. A. McClew, of Eugene, Thomas B. Watts of Tillamook, Ernest F. Watts of Portland and Mrs. J. D. Barnville of El Paso, Texas.

Another show that certainly is getting the laugh is "Hot for Paris." Now it is to be admitted that some of the remarks made and many that are not made but simply "got over" by inference are not the kind to be particularly admired nor cultivated. Well, well, ladies and gentlemen and all, it is my pleasure to remind you that there are two of the finest shows of the year coming to Salem this next week and that is not a borrowed opinion. Being a woman, perhaps Maurice Chevalier had more to do with my opinion than he will with the masculine gender who will look over his style and feel perhaps that they could have done better—but if there is one man in Salem who sees the picture and has a harsh word for it will you promise to let me know? As for you women—I am positive what your verdict will be.

Chevalier is not the whole show but he casts such a shadow that if one is not careful he and his mistake and irresponsible French accent and his sense of humor are all that one recalls. There is plenty of music—and, well, there is a little bit of everything that is needed to produce a splendid evening of amusement.

While speaking of shows that are coming let us not forget that there are some here right now that are worth an eye. Did you see Ina Claire at the Grand? Did you like her voice? Hope you did not miss it for the show was not an ordinary one. Neither is the group of English actors at the Grand today. That play should be a good one.

I can also recommend the Duncan sisters. If you have a grudge against wise cracks and a "hard hitting sister" you may think that you do not like them, but it is my impression that you will laugh if you see and hear them. This is particularly true of Rosetta. No wonder she is funny off the stage—she is just naturally that way. It might be a good idea if Vivian expressed herself a little better. Her speaking voice is not much. By the way "It's a Great Life" is not an intellectual show.

Another show that certainly is getting the laugh is "Hot for Paris." Now it is to be admitted that some of the remarks made and many that are not made but simply "got over" by inference are not the kind to be particularly admired nor cultivated. TENNIS FAVORITE IS ALMOST DEFEATED

By TED VOSBURGH Associated Press Sports Writer NEW YORK, Feb. 6.—(AP)—Twice within a single point of defeat, Gilbert Hall of South Orange, N. J., co-favorite with Frank Hunter for the national indoor tennis championship, gained a hard won place in the semi-final round of the title tournament at the seventh regiment armory today.

Ed Jenkins, a comparatively inexperienced New York youth, ousted the former Canadian indoor champion off guard and had him tottering on the brink of defeat before Hall finally controlled and pulled out the match at 9-11, 13-11, 6-0.

Qualifying to meet Hall in the semi-finals tomorrow, Julius Ellig, Lehigh student who once held the national intercollegiate crown, eliminated the long middlewestern standard-bearer, Harris Coggeshall of Des Moines, 6-1, 6-2. Seligson prevailed principally because of the power and steadiness of his deep court driving game.

"Pape's" acts 3 ways to check a cold

You must do three things to check a cold. Any doctor will tell you that. But you need take only one preparation to do the work.

All symptoms of a cold are banished by Pape's Cold Compound. It reduces inflammation and swelling of the nasal membranes. So breathing becomes easy; discharge stops; the head is cleared. "Pape's" encourages perspiration. So that achy, feverish, weak feeling due to inactive pores is quickly banished. "Pape's" kills cold germs; opens the bowels and removes germs and the acid wastes of colds from your system.

From Barbara Barnes School of Dance, we had to entertain us, Josie Achin and Lorraine O'Brien, who did a Waltz Clog.

We were entertained by "The Mickey Mouse Seven" none other than Roger Miller, Carl Johnson, Ivan Desart, Dick Smith, Jack Dewey, Orville Snyder and William McDowell, from our own club.

Barbara and Betty Crites entertained us with a glee act, which was sure dandy, also of the Club. M M C

This week, recruited from Mrs. Frank Libura's kindergarten, and directed by her, we will have twenty "Kandy Kids" in a musical Melange, what ever that is.

Also number five of Tarsan, Ramon Novarro in "Devil May Care," Fanchon & Marco's "International" idea, and Mickey Mouse in "Plane Crazy" and another of those animal pictures from the Oregon Game Commission. M M C
