Senate-Lobby Investigating Group to Inquire Into Huston's Work

WASHINGTON, Feb. 12-(AP) -Claudius H. Huston, ' airman of the republican national committee, probably will be called before the senate lobby committee during the investigation into t' activities of persons interested in Muscle Shoals legislation.

This was announced today by Chairman Caraway, of the committee, who expressed the opinion that it was "inevitable" that Hu-ston would be asked to testify eracerning the activities of the Tennessee River Improvement association, which has advocate ! the offers of Henry Ford and the American Cyanamid company to acquire the power and nitrate plant at Muscle Shoals.

Huston resigned as president of the association a short time before he became chairman of the republican national committee a few months ago.

Caraway's announcement was made after a letter written by Huston and sent to members of congress last April had been placed in the record of the lobby committee. The letter, issued in the form of a pamphlet, was described as advocating the Cyanamid company bid or something better.

It was placed in the record while the committee was questioning W. G. Waldo, consulting engineer of the Tennessee River Improvement association. He described a trip through the south last fall to enlist aid for the Cyanamid company's proposal or any more advantageus bid which might be made.

The witness said he had talked with county agricultural commissioners and others in North Caroina, South Carolina, Georgia, Senati Mentucky, Tennessee, Mississippi, and Florida and had urged that celegrams be sent to Representatives Quin, of Mississippi, and McSwain, of South Carolina, both democratic members of the house military affairs committee, which handles Muscle Shoals legislation.

In addition, he said, he obtained letters of introduction to Senators George and Harris, of Georgia, both democrats, and also consideration.

Waldo testified that he favored the Wright bill which would turn Muscle Shoals over to the Cyanamid company, but that if a better offer were made it would reepposition to government opera-

### **NEW** BIRTH REPORT IS FILED BY WOMAN SUNKEN SHIP WILL

PORTLAND, Ore., Feb. 12 —
(AP)—A revised birth certificate effered by Mrs. George Schaeffer, in lieu of one she alleged had been signed by Dr. Daniel Meyers, was accepted today by the city health office after Mrs. Schaeffer's attorney told Dr. Carl Able, city health official, that Dr. Meyer's name had been forged to the original certificate.

The new certificate omitted two statements made in the former birth certificate, one of which state that Mrs. Schaeffer's baby had been born in the Portland Maternity hospital and the other that she had been attended by

The case attracted attention first when Schaeffer sought to loinformed through a telephone message that she had given birth to a daughter in a hospital. For mearly a week Schaeffer searched. Finally Mrs. Schaeffer reappeared at her home with the infant. A nurse investigated and said the baby was six weeks old rather than one week. The city health of- the ship but the tons of water fice refused to accept the birth certificate after the hospital and Dr. Meyers denied any connection with the case.

No explanation was offered by Mrs. Shaeffer or her attorney at the conference today.

## Amity Firemen

WASHINGTON, Feb. 11-(AP) - Congressional dissatisfaction with the London naval limitations conference was manifest today among members alinged with both the big and small navy

Senator Borah, republican, Idaho, denounced the American proposal for construction of a new battleship. He is demanding a reduction in navies. He called upon Great Britain to sink its newest battleship, the Rodney, as the alternative to America building an additional battleship to obtain parity in this class of ships.

Meanwhile, the big navy opposition to the London naval propetitions which he intended to gram was further edivenced in present to them when Muscle declaration by Chairman Britten. Shoals legislation comes up for of the house naval affairs committee, condemning the plan requiring America to build new light cruisers which he contends needs.

Both Senator Borah and Representative Britt: n, from opposite the Japanese delegation, tonight viewpoints assailed the London presented to Senator David A. viewpoints, assailed the London policy requiring expansion of the American navy. Britten proposed that England scrap both the Rod-ney and the Nelson, another new battleship, as a means for obtain-

NEW YORK, Feb. 12-(AP)-The North German Lloyd liner Muenchen, wrecked by a fire which swept through her palatial interior after she docked yesterday from Bremen, can be raised from the mud of the Hudson river and refitted, officials of the line believe.

Captain Feedore Drechel, the line's marine superintendent, and the liner's deck and engine crews boarded her today and made a preliminary inspection after firemen had finally extinguished the blaze that caused an estimated cate his wife after having been damage of more than \$3,000.000 and claimed two lives.

The Muenchen's stern is lying on the river bed with only its superstructure showing above the water.

The fire, starting in the number six hold, ate its way forward beyond the midsection of poured into the bulk prevented the flames from reaching the forward holds where cargoes of an explosive nature were stored.

Service in the Hudson tubes, connecting Manhattan and New Jersey, which had been discontinued because the hull of the Mu-enchen lay directly over the tunnels and it was feared might split Elect Officers them open, if a heavy blast ochours before the fire was

Captain Dreschel said he did not believe the series of explosions which ripped up the deck plates and blew open the hatches on the stern had seriously damag-

# PHYSICIANS ASSERT

WASHINGTON, Feb. 12-(AP)—Apparently progressing steadily toward recovery, William Howard Taft was reported in favorable condition today by his attending physicians.

Just a week ago grave fears were entertained that the former chief justice might not survive the several maladies which had attacked him, but ever since that time he has surprised physicians and attendants by the vigorous way in which he has rallied.

Virtually helpless at the time of his return from Sheville, North Carolina, Mr. Taft now can move about without assistance. His physicians still encourage him to remain in bed as much as possible, however, fearing that too great exertion would overtax his heart and bring a recurrence of the serious attack which so nearly conquered him.

Two bulletins issued today by his physicians, Dr. Thomas Claytor and Dr. Francis R. Hagner, described Mr. Taft's condition as "very satisfactory" and apparently "much better." He has overcome his restlessness at night and sleep is proving beneficial. The physicians warned again that their patient was a long way from complete recovery.

#### Amity High Has Changed Schedule

AMITY, Feb. 12 - The time leader, Mrs. Florence Borgman, schedule of the local high school cycles. The boys have a good start and very good grade pigs.
