Too bad Jones had to take that bout and carry the belt away with him, but it won't hurt Anderson's standing with the fans here. He still has the Pacific coast belt which he won from Sampson. What's more, he made a great hit with the fans for his sportsmanship in refusing to take advantage of Jones' injury.

We notice that the teams ar "seeded" in the invitational tour-nament at Silverton. What d'dy know about that? For fou years some of the officials of the state athletic association, as wel as those at Willamette in charg of the state tournament, hav been urging that the champion and runners up of the previous year be seeded; and a doubl quintet of suspicious coaches ha been voting it down each year Now it's going to be tried in th invitational tournament, and w haven't heard any holler yet.

Those coaches seemed to think they'd get a bad break because the presumably strong teams were seeded. They went further than that, and coaches from districts well down the list objected to the system of having district No. 1 pick its place on the bracket first. The idea seemed to be that districts 8, 9, etc., had a poorer chance to pick easy marks!

As a matter of fact, each coach just picks a number out of a hat, and each one has the same chance, no matter when he does the picking. And furthermore, it takes the best team in the tournament to win it, so what's all the fuse about?

But this year there won't be any favorites, so it won't mat-
