

STATE OFFICE FINISHED SOON

Structure to Be Completely Filled; Some Departments Crowded

(Continued from Page 1.)

The first floor will be taken up entirely by the motor vehicle license department and the traffic department. Space in the Steiner-Jarman building vacated by the license department will house the printing department's bindery operations.

Accident Commission Has Entire Floor

The second floor will be taken up entirely by the industrial accident commission, which will thus be enabled to give up its present quarters on the third floor of the city hall, where its files have been kept.

The third floor will house the highway department, which will vacate various offices in the city including some in the Oregon building. Space vacated by this department in the capitol building will be used for legislative committee rooms and for office assignment, and the same applies to other space vacated on the third floor of the capitol building.

The fourth floor will be occupied by the military department, which will move from the new Bligh building; the world veterans' state aid commission will move from the First National bank building; and the insurance department and state veterinarian from the capitol.

Engineer's Office To Be on Fifth Floor

The fifth floor will be occupied by the state engineer's office, the corporation commissioner and the public service commission, all moving from the capitol; the vocational education department, from the supreme court building, and the board of higher education, moving from Portland.

The banking department will move from the Ladd and Bush building to the quarters in the capitol now occupied by the corporation commissioner; the tax commission will move from its cramped second floor rooms to the first floor offices now occupied by the state engineer and the insurance department. The tax commission, work of which has greatly expanded, has been forced to use the senate chamber and adjoining committee rooms recently.

Col. Carlie Abrams, purchasing agent, Saturday announced the awarding of the first contract for equipment to be placed in the new building. This equipment will be charged to the departments, not the building. The first contract was for linoleum, awarded to the Artcraft Linoleum and Shade company of Portland. Contracts for a large quantity of office furniture, steel desks, filing cabinets and counters, will be awarded within a few days.

BEARCATS INVITE HUSKIES TO GAME

(Continued from Page 1.)

Most of the Oregon colleges in the Northwest conference have a dearth of material because of the competition of two state schools, but since Keene has been at the head of athletics at Willamette, an increasing number of good athletes has enrolled there.

Throughout these four years Willamette has had good basketball teams, losing only one conference game last year and winning a disputed championship, and finishing runner-up each previous year. Building up a football machine has been a slower process because of the failure of players to remain in school, requiring almost a new beginning each fall until 1929. Even then, although there were nine lettermen in school, there were few experienced reserves.

Ed Cardinal was the only regular on the football team last fall who was also a regular on the basketball team this winter, and he was an all conference man in both sports; end in football and center in basketball. It was his third season as the outstanding center in the conference.

Following are the scores of conference games in the two seasons of no defeats:

- Football: Willamette 2, College of Idaho 0. Willamette 25, Pacific 0. Willamette 52, Linfield 0. Willamette 40, Whitman 13. Total Willamette 159, conference opponents 13.
- Basketball: Willamette 34, Linfield 21. Willamette 56, Linfield 6. Willamette 38, Whitman 31. Willamette 55, Whitman 33. Willamette 48, College of Puget Sound 29. Willamette 74, College of Puget Sound 24. Willamette 74, College of Idaho 24. Willamette 59, College of Idaho 35. Total Willamette 457, conference opponents 246.

San Francisco Launches Drive Upon Gangsters

(AP)—This city today hung out a "keep out" sign directed at Chicago gangsters.

Believing undesirables fleeing the Chicago war on vice would seek refuge in California, Police Chief William J. Quinn announced that "visiting gangsters" would be met at ferries and trains and ejected.

"This is not a spasmodic drive, but a relentless campaign," said Chief Quinn. "San Francisco serves notice that there is no room for Chicago gangsters here."

FIGHTS FOR CHILD

Mrs. Florence Diehl Elsmar, third wife of Ralph Elsmar, former Brooklyn, New York, gas magnate, will become stepmother of Elsmar's son by his second wife if the wealthy man wins his Reno suit for custody of the child. The court battle is now raging. Mrs. Elsmar is seen here with her daughter.

ELECTRIC SCREEN FOR FISH SUCCESS

PORTLAND, Ore. (AP)—An electric fish screen, developed and experimented with for the past 12 months by Shirley Baker and U. B. Gilroy, consulting engineers in the employ of the federal government, is a success as far as developments have progressed to date, according to word received by Hugh C. Mitchell, director of fish culture for the Oregon state fish commission.

At the mouth of an irrigation ditch or a spillway is erected a cable with chains suspended every 15 inches and weighted with sash weights to resist the flow of the current, the report stated. An iron pipe is laid approximately nine feet upstream from the chain electrodes and is insulated from the bottom of the stream by sections of a common clay conduit. In the electrodes, which are held in position by the raft at each end of the cable is introduced a 50 cycle current which follows a direct line from the chains to the pipe at the bottom.

Descending fish, on encountering the area of electrically charged water immediately turn back and follow the main stream instead of following and attempting their way into the forbidden ditch over which is suspended the electrodes.

Some experimentation will be necessary before this stop is satisfactorily completed, the report stated, but all trials so far have met with complete success.

P. T. A. DRAWS BIG CROWD AT HEIGHTS

ORCHARD HEIGHTS, Feb. 22.—A large crowd from this and adjoining neighborhoods enjoyed the 6:30 o'clock supper and program given Thursday evening by the Parent Teacher association.

Following the business session, the following program was given: Community singing, led by J. P. Smart; reading, "Number 5, Colie street," by Perry Reigelman of Salem. Mr. Reigelman responded to an encore with "Me in Jim." Miss Margaret Smart gave as piano numbers, "Humoresque" and "To the Rising Sun." Misses Maxine Olson and Antonia Crawl of Brush College gave, in costume, "The Rag Doll dance." Robert Farmer of Oak Grove gave a musical recitation; Eugene Field's "Little Boy Blue" with Mrs. William Kuowat at the piano. On being encored, Robert

amendment, indicated today he might favor an investigation if the committee named to make it were satisfactorily set up. He did not say what manner of committee he would prefer.

Exact Manner of Inquiry Discussed

While Senator Norris wants a far reaching inquiry with the committee going over the country to examine particular phases, others favoring the investigation would center it directly on prohibition authorities in Washington. Senator Borah, of Idaho, is understood to favor an inquiry which would be directed principally at the enforcement chiefs.

Assailing "politics in prohibition enforcement" Senator Norris proposed today that this be remedied by President Hoover giving a public order to those in charge of prohibition enforcement to disregard "politicians and their recommendations in selecting enforcement officers."

two Portland teams in the first round is unfortunate in a way, it will not be so bad from the standpoint of attendance, as it will swell the Wednesday crowd, usually the smallest of the tournament.

The tournament schedule has been made out in such manner that no team will have to play more than one championship game in a day.

Roy S. Keene and Leslie Sparks of the Willamette university physical education department, who are in charge of local arrangements for the tournament, attended the meeting in Portland. They reported that Portland newspapermen were present at the drawing, preventing any possibility of a question as to its fairness.

The board of control suspended McMinnville high for using an ineligible player, following a protest by Forest Grange.

SIGNALS ARE USED TO HALT SMUGGLERS

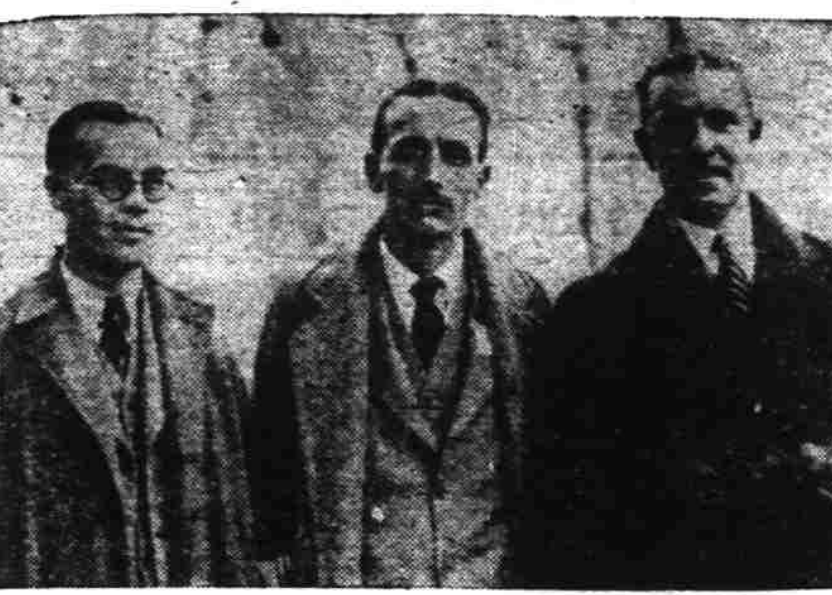

BUFFALO, N. Y., Feb. 22.—(AP)—Commander M. W. Rasmussen, district chief of the coast guard, said today that liquor smugglers on Lake Erie would have no excuse hereafter if greeted by bullets after they refuse to halt on the signals of the coast guard. The entire coast guard fleet of 100 boats is to be equipped with aerial bombs which explode 200 feet in the air and display vari-colored lights which will be visible for two minutes.

Dallas Visitor Delivers Three Speeches in Day

DALLAS, Feb. 22.—Three addresses in one day were delivered in Dallas Friday by E. J. Klemme of Bellingham, Wash., when he was a visitor in the city. Klemme spoke at noon to the Kiwanis club on "The Horrid Boy." In the afternoon he addressed a gathering of mothers and daughters and in the evening he spoke to a group of fathers and sons.

MRS. ALLEN'S HOME OPEN TO HELPERS

Brush College Organization Is Pleased With Afternoon of Contest

BRUSH COLLEGE, Feb. 22.—Mrs. Ralph Allen was hostess to the Brush College Helpers at her home in Salem Thursday, February 20.

Devotionals were led by Mrs. Walter Hatch, followed by a brief business session in charge of Mrs. A. R. Ewing, president of the Helpers. During the social hour Washington guessing games and contests which were arranged by Mrs. C. L. Blodgett and Mrs. Louis Singer provided those present with much enjoyment. Mrs. V. L. Gibson won first prize in the Washington guessing game and Mrs. Walter Hatch won in the plant contest. Mrs. Allen served a delicious lunch suggestive of Washington's birthday.

Mrs. C. L. Blodgett and Mrs. A. E. Uttley assisted in serving lunch. The next meeting will be held at the home of Mrs. Fred Olson, Brush College, Thursday, March 10. Special guests Thursday were: Mrs. Mullen of Willamina and Mrs. Ed McDonald of Salem.

Members present were: Mrs. Mrs. John Schindler, Mrs. Victor Olson, Mrs. Fred Olson, Mrs. A. L. Kinton, Mrs. V. L. Gibson, Mrs. Fred Singer, Mrs. Mike Pocht, Mrs. Louis Singer, Mrs. A. R. Ewing and son Ralph, Mrs.

2 COLLISIONS OFF COAST REPORTED

NEW YORK, Feb. 22.—(AP)—A heavy blanket of fog off the coast caused two ship collisions late today and two of the four craft were forced to turn back to port, damaged.

The more serious collision occurred between the Ward liner, Monterey, bound for Havana, and the Italian freighter Isarco, inbound from Norfolk, Va., about 35 miles south of Sandy Hook, N. J.

The other crash, between the United Fruit company's liner Maya, outbound for Central and South American ports, and an unidentified vessel, occurred at some distance off the coast not yet ascertained.

Both the Monterey and the Maya reported by wireless they were returning to quarantine, in New York harbor, to survey the damage.
