

CHURCH MAKES REUNION PLAN

40th Anniversary Affair is Set by Presbyterians For This Sunday

WOODBURN, Feb. 27.—After being postponed a considerable length of time on the account of stormy weather, the 40th anniversary celebration of the First Presbyterian church of this city will be held with an all day session at the church Sunday, March 2.

Because of the closeness of the two anniversaries, the Ladies' aid of the church will hold its anniversary celebration at the same time. All of the old members of the church are invited to attend and meet other old timers who will be present for the occasion. The reception committee will consist of the pastor, elders, trustees, heads of organizations and their associates together with some who have been members of the church for a long period.

The day will begin with Sunday school at 10:00 with Rev. Oliver C. Weller, former pastor, in the pulpit. Morning worship at 11:00, a basket dinner at 1:00 and an afternoon program at 2:00. Several former pastors will speak at the afternoon program and there will be special music.

The chairman of the committees in charge of the celebration are music, Fern Wadsworth; decoration, Mrs. O. W. Noyes; table, Mrs. Henry Layman, Mrs. H. Overton; invitations, Mrs. S. W. Maupin; dinner, Ladies' Aid; program, Rev. Henry Hanson.

MOVIE ACTRESS WINS FATHER CHURCH HEAD

One-Time Silverton Girl Awarded \$167,000

SILVERTON, Feb. 26.—It was with considerable interest that Silvertonians learned this week that Justina Hansen, once a famous motion picture actress, was again visiting at Hollywood, California, after a year spent at a New York hospital following serious burns she received on her shoulders and back when a shower bath in a New York hotel scalded her.

Silverton has a particular interest in Miss Hansen because as a child she, with her parents, made Silverton her home. Her grandfather, the Rev. N. Peterson, was pastor of Trinity church for 12 years. It was at the time that he moved to California because of failing health that the Hansens also moved south as Mrs. Hansen wished to be with her aging parents. Miss Hansen still has a number of relatives living here and at Salem.

Following the New York accident, Miss Hansen sued the hotel and after considerable delay the jury awarded her \$167,000. Miss Hansen is at present visiting relatives in southern California. Among these are Mrs. N. Peterson, now 84 years of age. Following her visit, Miss Hansen plans to leave for Vienna, where she will go under the care of surgeons, who have said that they can remove her disfigurements.

HUBBARD LODGE IS IN LIVELY CONTEST

Mrs. Taylor and Mrs. Salls Head Groups Battling For Efficiency

HUBBARD, Feb. 27.—A lively contest to determine which side can win the greatest number of points is being held by the members of Thalia Rebecca lodge.

Captains are Mrs. Cora Taylor and Mrs. Nettie Salls. Points are earned by lodge attendance, visiting the sick, visiting other lodges and efficiency in lodge work. The winning side is to be feted by the opponents.

Mrs. Cora Taylor and members of her side, who visited the Rebecca lodge at Salem Monday evening, were Mrs. May Hampton, Mrs. Susie Ott, Mrs. Ava Malone, Mrs. Winnifred Brown, Mrs. Nina Rice, Mrs. Meta Friend, Mr. and Mrs. John Smolinsky and Mr. and Mrs. P. O. Colvin.

Mrs. Nettie Sall and her members who were also present at the Salem lodge were Mrs. Ellen Carl, Mrs. Wilma Lettler, Mrs. Frances Weaver, and Mrs. Edith Painter.

A total of \$1593.92 has been paid to Statesman subscribers in claims by the North American Accident Insurance Co. THESE CLAIMS WERE paid on the \$1.00 accident policy issued to Statesman subscribers.

'RAH! SPRING'S HERE

First Spring Flowers Picked by Silverton Folk LARKS CAROLING, TOO

By LILLIE L. MAXSEN SILVERTON, Feb. 26.—Spring has arrived at Silverton for sure. Meadowlarks are singing in the morning. High school couples have been seen strolling out country oads after school hours. A group of hiking girls were reported discovered eating noonday lunch under a tree along Paradise Alley. Gardens are being spaded and seeded.

But surest sign of all is the arrival of the neighborhood conversation which begins with "Today I picked my first—"

So far the first has consisted of daffodils, violets, primroses, alyssum saxatile, crocuses, daisies, and the native little flower that is known by any one of a number of names among which are bluebell, sant-and-pepper, and Februarys.

Mrs. George Elton of the Bethany district takes the prize, however, as she picked an iris on February 20. Mrs. Elton says she does not know just what sort of an iris this is but it greatly resembles the wild ones, more commonly known as "flag." It is purple in color with a yellow stripe down the center of each petal.

DAYTON, Feb. 27.—Dayton is fortunate in securing one of McMinnville's fire trucks. McMinnville has recently purchased a very fine new fire truck and therefore did not need the smaller one. The truck was delivered here yesterday. With the addition of this fire apparatus Dayton's volunteer fire department feel they are well equipped.

Lads and Lads to Pow-Wow Friday

DALLAS, Feb. 27.—The men's brotherhood of the Methodist church will hold a Lad's and Dad's pow-wow in the social hall the evening of Friday commencing with a covered dish supper served at 6:30 p. m. A varied program will follow after which will come the election of new officers for the year.

THREE IMPORTANT FACTORS ENTER INTO THE COST OF YOUR AUTOMOBILE

1. How much it costs to make the car
2. How much extra you pay the dealer
3. How much it costs for operation and up-keep

THE PURCHASE of an automobile involves a considerable amount of money and it should be carefully considered from all angles before a final decision is made.

The value of the car to you depends on the value built into it at the factory, how much extra you pay the dealer for distribution, selling, financing and accessories and what it will cost to operate and maintain the car after purchase. Each of these factors, as it relates to the Ford car, is frankly explained below.

Economy in production

THE FORD CAR is made economically because of the efficiency of Ford production methods. The money saved through this efficiency is put back into the car in improved quality of material and in greater care and accuracy in manufacturing. The constant effort is to eliminate waste and find ways to make each part better and better without increasing cost—frequently at lowered cost.

Because of Ford economies in large production and because the Ford organization operates on a low-profit margin, the price you pay for the car is much less than it would be under any other conditions. Yet it brings you many unusual features of construction and performance.

At least \$75 extra value is represented alone by the Triplex shatter-proof glass windshield, the Rustless Steel, the four Houdaille double-acting hydraulic shock absorbers, and the five steel-spoke wheels. The unusually large number of ball and

roller bearings and the extensive use of fine steel forgings instead of castings or stampings are additional features that reflect the high quality built into every part of the car. Throughout, it is a value far above the price you pay.

Low dealer charges

THE SAME PRINCIPLES of efficiency and economy that characterize the manufacture of the Ford car are applied also to distribution. Obviously it would do the public little good to save in production if these savings were sacrificed later in excessive costs of selling, financing and accessories.

The Ford dealer, therefore, operates on the same low-profit margin as the Ford Motor Company, his discount or commission being the lowest of any automobile dealer. He does a good business because he makes a small profit on many sales instead of a large profit on fewer sales.

NOTE THESE LOW PRICES

- Roadster . . . \$435
- Phaeton . . . \$440
- Coupe . . . \$500
- Two-window Fordor Sedan . . . \$600
- Three-window Fordor Sedan . . . \$625
- Convertible Cabriolet . . . \$645
- Town Sedan . . . \$670

(All prices f. o. b. Detroit)

The lower cost of selling, combined with the low charges for financing and accessories, means a direct saving of at least \$50 to \$75 to every purchaser of a Ford, in addition to the savings made possible by economies in manufacturing. The money you pay for a Ford goes into value in the car. It is not wasted in high dealer charges.

Low up-keep costs

IT IS IMPORTANT to remember that the cost of your automobile is not the first cost only, but the total cost after months and years of service. Here again there is a decided saving when you buy a Ford.

The cost of operation and up-keep is lower because of simplicity of design, the high quality of material, and the reduction of friction and wear through unusual accuracy in manufacturing and assembling. The reliability and longer life of the car contribute to its low depreciation per year of use.

The intelligent, painstaking service rendered by Ford dealers is under close factory supervision and is a factor in the low up-keep cost of the Ford. All labor is billed at a flat rate and replacement parts are always available at low prices through Ford dealers in every section of the United States.

In two, three or five years, depending on how much you drive, the saving in operating and maintaining a new Ford will amount to even more than the saving on the first cost of the car.
