

Monmouth Lions Want Scenic Bit of Timber Preserved

M'NARY ASKED FOR HIS HELP

Marking of Highway to Show Beauty Spots Project Of Service Group

MONMOUTH, March 5 — The Monmouth's Lions club, at the regular Tuesday luncheon, passed a resolution to present acceptance of senate bill No. 3557, by a petition to Senator McNary. This measure concerns a proposal to preserve intact a small tract of land on Salmon river where the virgin timber of Oregon has never been disturbed, and which is desirable to perpetuate as a scenic bit of natural forest.

A committee, headed by J. E. V. Butler, was authorized to confer with a committee from the Corvallis Lions club in regard to the west side highway between Monmouth and Corvallis. It is proposed to place printed information—perhaps in the form of attractive guide-posts—relating to the native shrubs and trees along this section of the highway, so that interested travellers may be legitimately informed thereof. Mr. Peock of Oregon State college will be deferred to in the selection and placing of material.

The Lions of Monmouth are also sponsoring improvement of Helmick park, a state park four miles south of town on the west side highway, and in conference with the park board of control and the state highway commission have met cooperative response toward proposed measures.

Guests of the Lions were the Monmouth high school boys' basketball team. Delmer R. Dewey presided.

"And O'er His Heart A SHADOW FELL,"
(Edgar Allan Poe, 1809-1849)

"Coming events cast their shadows before"

AVOID THAT FUTURE SHADOW*
By refraining from over-indulgence

Men who would keep that trim, proper form, women who prize the modern figure with its subtle, seductive curves—eat healthfully but not immoderately. Banish excessiveness—eliminate abuses. Be moderate—be moderate in all things, even in smoking. When tempted to excess, when your eyes are bigger than your stomach, reach for a Lucky instead. Coming events cast their shadows before. Avoid that future shadow by avoiding over-indulgence if you would maintain that lithe, youthful figure.

Lucky Strike, the finest Cigarette a man ever smoked, made of the finest tobacco—The Cream of the Crop—"IT'S TOASTED." Everyone knows that heat purifies and so "TOASTING" not only removes impurities but adds to the flavor and improves the taste.

"It's toasted"
Your Throat Protection—against irritation—against cough.

*Be Moderate! . . . Don't jeopardize the modern form by drastic diets, harmful reducing girdles, fake reducing tablets or other quack "anti-fat" remedies condemned by the Medical profession! Millions of dollars each year are wasted on these ridiculous and dangerous nostrums. Be Sensible! Be Moderate! We do not represent that smoking Lucky Strike Cigarettes will bring modern figures or cause the reduction of flesh. We do declare that when tempted to do yourself too well, if you will "Reach for a Lucky" instead, you will thus avoid over-indulgence in things that cause excess weight and, by avoiding over-indulgence, maintain a modern, graceful form.
