There is danger in neglect. Avoid danger, use Schaefer's. It is soothing and antiseptic.

Schaefer's Pile Ointment
is put up in collapsible tubes with nozzle not like that of a syringe. This insures safety, cleanliness and ease in using it, and enables the medicine to reach the seat of the trouble. It cools, soothes and eases the inflammation. Do not put it off until tomorrow, for every day's delay but irritates more and only makes it harder for you finally to get the relief that you hope for.

BUILDING TOTAL IS FOUND HIGH

Last Year's Record Exceeded Report of City Recorder Here Indicates

Without ballyhoo and contrary to dour predictions expressed at the opening of the year, the volume of building construction in Salem is keeping ahead of last year's figures, and it is already certain that the first quarter of the year will surpass the first three months of 1929.

The March total is already \$153,244.45 as compared to \$114,915 for the entire month of March, 1929, which marked the opening of renewed building activity following the slump beginning in the fall of 1928. Adding the March figure so far to the totals for January, \$30,481.25, and February, \$26,929.50, produces a total of \$210,655.20. The figure for the first three months of 1929 was \$193,882.

The record of activity for March has been swelled considerably by the issuance of permits for the Oregon-Washington Water Service company's filtration plant, to cost \$1,655,000, and the Capitol laundry for which a permit showing an estimate of \$20,000.00 was issued to T. A. Windshar this week.

Construction this year will not be augmented by so much state and federal building as in 1929, but number of sizable private projects are in contemplation and there are indications that others still larger are to be announced soon.

DAUGHERTY FREED WHEN BAIL GIVEN

C. E. Daugherty was released under \$25 bail Wednesday, to appear in municipal court this morning at 10 o'clock to answer a charge of reckless driving filed after his automobile figured in a collision with one driven by D. K. Neiderhiser, 255 Superior street, Tuesday night. Mrs. U. F. Neiderhiser of the same address, suffered an injury to her head in the collision, which occurred at Court and High streets.

Oregon Prof. Is Named on Board of Architects

E. F. Laurence, dean of the school of architecture and allied arts at the University of Oregon Wednesday was appointed by Governor Norblad a member of the state board of architect examiners. He will succeed Joseph Jacobberger of Portland, who died a week ago. Mr. Jacobberger's term would have expired May 30, 1934. Mr. Laurence is a member of the American Institute of examiners, and stands high in the architect profession in this state.

Another accident reported to the police Wednesday resulted in injuries to Miss Avis Bradford of Los Angeles and less serious injuries to Velma Bradford. The car in which they were riding, driven by Don Bradford of Los Angeles, collided at Mission and South Liberty streets with one driven by Lee Tittle, 1531 South Commercial.

Fred Thielson, former manager of the Rodgers Paper company, reported that the factory site has been selected for the product and that one large distributing house was ready to contract for the entire output of the mill.

A number of local business and professional men are behind the new enterprise, taking stock in the enterprise, and take only modest salary until such times as large earnings were demonstrated.

West Salem Body Meets This Week

WEST SALEM, March 26.—The Community club met in the church basement Monday evening for its regular monthly business and social meeting. A very interesting evening was enjoyed by all.

The first part of the meeting was taken up with business matters. Some important things were discussed and acted upon.

The program was opened by a very interesting talk by Gov. Norblad. His subject was "Old Oregon History." He also complimented highly the West Salem Community club.

Several other interesting numbers made up an enjoyable program, which was followed by refreshments served by a group of young ladies.

It has been decided to have a meeting of the month of all parents of West Salem at the West Salem school for the purpose of making further preparations in regard to a parent-teacher association.

It was voted by a large majority at the last community meeting to have the regular strawberry festival this year. It was also suggested that they have strawberries there. If it was to be a strawberry festival, Mr. Gerth, president of the club, will appoint committees soon to start preparation for the affair.

The community club has decided to invite the people of Liberty and Sunnyside to West Salem to present their plays in the near future. The West Salem Community club has postponed their play until sometime in the fall, because of illness and other difficulties of the play cast.
