Drama League To Give Artistic Plays

Because of illness in the cast it has been thought best to postpone the production "The Old Lady Shows Her Medals" which the Salem Drama League had planned to give in connection with a second one act play "A Sunny Morning" as Salem's part in commemoration of national drama week.

In order to duly interpret the spirit of spring and the delightful and sudden advent of warm spring days the play chosen to be produced in the place of "The Old Lady Shows Her Medals" is "A Minuet," a French period costume play of the Revolutionary time.

The cast of players is a marquis played by Norbert Berkley, Jr.; marchioness, Eleanor Henderson; and gaoier, J. Lyman Steed. The whole play is lyric verse, is light and delightfully beautiful, and quite in keeping with the bright and gay spirit of spring.

Both in harmony and in contrast to this play is "A Sunny Morning," which is a Spanish background of the same period as the French play. The contrast will come with the variation in the period costumes and in the "atmosphere" set by the Spanish interpretation in contrast to the French.

Both plays are vivid, gay and beautifully artistic and delicate. Both are one act, and both have small casts, there being only three in the cast of "A Sunny Morning."

The plays will be given sometime within the month, the date soon to be set definitely. Rehearsals under the direction of Mrs. Otto Paulus have been going on for some time and the work is getting well under way.

These two plays should make one of the most artistic and delicate offerings attempted by the drama league so far. And coming in the spring as they do they will fit all the more into the scheme of things.

And, if that doesn't prove that the American public wants Living Orchestra Organists in the Theatre, what would?

Silverton Club Hears Book Lecture

Silverton—"The book page of the Sunday Oregonian is a poor excuse for book criticisms," said Ronald Hubbs of the University of Oregon, in a talk here Saturday night before a special meeting of the Silverton Women's club.

"Book criticisms should not be judged by the reviews in the Oregonian. The reviews are patently written to increase the sale of books," Mr. Hubbs continued.

"They are really just a synopsis of the book itself. Judging by these all books are good. There are no adverse criticisms found here."

Mr. Hubbs gave a particularly interesting talk on the reading and judging of literature. His talk was quite thought-provoking and a lively round-table discussion, directed by the Rev. Thomas Hardie, followed. Mr. Hubbs is the son of Mr. and Mrs. George Hubbs of Silverton.

Preceding Mr. Hubbs' talk, a musical program was given consisting of vocal solos by Mrs. J. C. Currie and Max Scriber accompanied by Mrs. Edson Comstock; and a vocal trio, unaccompanied, by Beatrice Booth, Kathleen Booth, and Miss Percie Miles.

Dr. and Mrs. F. G. Franklin and Dr. and Mrs. Alexander Vasakas returned from a motor trip to Oregon beaches Friday night. For the past year she has been studying under Richard Hagemann and Grabauer Reid at the Chicago Conservatory of Music, and has been taking dramatic art with Pryor.

Two More Victories BY TANLAC OVER "RHEUMATISM" AND STOMACH AILMENTS

Only Medicine That Does What It Claims says Nicholas J. Jansen

Neuritis and Stomach Gas Ended For This Lady

You folks who have tried medicine after medicine without benefit, take heart. Read this letter of Mr. N. J. Jansen and then let your conscience be your guide. "Before starting Tanlac," said Mr. Jansen, "I was very run-down and suffered terrible agony from pains in every bone in my body. My back hurt until I felt it was pulling in two. My appetite was very poor and gas would form on my stomach and I would not eat until I thought I would burst. I couldn't sleep and didn't care whether I worked or not. I tried medicine after medicine and none gave me relief until I started taking Tanlac and this is the only medicine that does what it claims. Now I feel fine in every way. Pains no longer trouble me, my appetite is good, I sleep good and get up in the morning feeling like a new person."

You may think because you have been suffering so long and terribly that nothing will help you now. But you cannot read this letter of Mrs. Margaret Wallace without believing that there is hope for you, too, in Tanlac. "All the good things I could say about Tanlac would not express my true sentiments. For 12 years I suffered stomach troubles worse than anybody it seems to me. Gases filled and smothered me causing a pain around the heart and the pain would extend to my back and shoulders and then turn into neuritis. I suffered awfully. Whatever I ate resulted in heartburn. Tanlac is the only medicine that could cope with such severe troubles as mine. It relieved me fully, my stomach is in best condition in 12 years, no longer causing acid, gases and heartburn."

Other Remedies May Promise But Tanlac Performs! A REAL medicine that backs claims with a guarantee ACCEPT NO SUBSTITUTE AT ALL DRUGGISTS

How Fire Insurance Inspectors Work for You

Frequent, thorough inspections and surveys of insured properties are an indispensable part of the fire insurance business as transacted by the Stock Companies. Hundreds of men are engaged in this work.

Inspections provide the data from which insurance maps are made—rate-makers compute the rate—the agent writes the policy—the underwriter judges the risk, and accepts or rejects it.

Expert Knowledge

The inspector must understand construction, must have a knowledge of the individual hazards of every business, the details of public and private fire protection, the susceptibility to damage of contents and many other matters relating to the character of an insurance risk.

Through his work defects and hazardous conditions are brought to the attention of the property owner. Inspections are the immediate cause of eliminating fire hazards with their attendant reduction in fire waste and the cost of insurance.

Inspections have substantially contributed to the steady decline in the average rate in this country with the result that fire insurance is today one of the cheapest necessities.
