

MEALS SOUGHT FOR 150 BOYS

Special Feature of Conference Will Be Repeated Here This Year

Wanted—150 Salem business and professional men to take boys to luncheon Saturday.

This call for help has been issued by the Y. M. C. A. officers who are completing arrangements for the Marion-Polk county Older Boys' conference, which opens here Friday night and continues through Saturday.

A year ago when this conference was held each of the youths in attendance was the guest of some local business or professional man for luncheon, and this feature of the conference was the best remembered. Y. officers have discovered in their prospective delegates this year.

The plan is associated with the vocational guidance program, and the hosts are expected to tell the boys of their occupations, and if possible, conduct them through their offices, stores or places of business.

Hosts will meet their guests at the postoffice grounds at 12 o'clock on the postoffice grounds. There is no stipulation as to where they shall be taken for luncheon.

The request for this cooperation has been presented to service clubs in Salem this week. Business men who have not been interviewed by Y. M. C. A. officers for this purpose, may make arrangements to assist by calling the Y.

HOMEGROWN CROPS COMING ON MARKET

California Asparagus Light In Supply; Price Up Two Cents

Homegrown vegetables are increasing in volume, with asparagus and rhubarb from Oregon and nearby Washington points attracting much attention. California asparagus is in lighter supply and advanced about 2c per lb. A profitable season is anticipated by growers and receivers of Northwest asparagus, because of the early season, and probable high quality and yields.

Local outdoor rhubarb at 6-7c per lb. has almost entirely replaced the hothouse offerings of recent weeks.

Celery has reached its highest point in many months, with large sizes moving to retailers at \$5.75-\$6.50 per crate of best celery. Much celery now shows seed-stems, and is discounted accordingly.

Potatoes are strong at all shipping points, and most terminal markets, and higher prices were established. Portland, which has been a higher potato market than most cities, has failed to reflect this advance yet; and trading is dull here, at unchanged levels.

Takima advanced to \$56-\$58.00 per ton for combinations yesterday, while Idaho points advanced to a high of \$3.10 per cwt. of No. 1 Russets.

Spinach supplies are confined almost entirely to local stock, of which supplies are liberal, and prices are low.

KOMO, Seattle, 309.1 meters, 970 kcys.
KEX, Portland, 254.1 meters, 1180 kcys.

The Thursday night performance of Memory Lane, which will be broadcast from NBC's San Francisco studios through station KGW Portland from 9 to 9:30 comes this week from the pen of an Oregon woman, Mrs. G. W. Korinek of Stayton, said an announcement received today from H. C. Connette, NBC continuity writer and author of the Memory Lane series.

Mrs. Korinek's contribution to Memory Lane carries listeners back to the time of neighborhood singings and provides no little comedy in a deftly dramatized attempt on the part of a youth to chew his dad's plug tobacco.

"The continuity as presented by Mrs. Korinek has been changed very slightly for the radio adaptation," Connette pointed out. "We have received many plot suggestions and some dramatic dialogues, but Mrs. Korinek is probably the most complete ever to be submitted."

With Billy Page in the leading role, "Memory Lane" will be broadcast through the NBC system stations Thursday night between 9:00 and 9:30 o'clock.

Fulop Hour Starts Tonight
Tonight from 11 to 12 will be the initial Fulop hour featuring Herman Kenin's band. The hour of music will be broadcast from KGW, KOMO and KHQ, covering the northwest where the Fulop interests are represented with stores including Salem. It will be a regular Thursday night feature.

TUBERCULOSIS NOW FOUGHT BY BOARD

With the national health groups and tuberculosis groups throughout the country joining in an educational campaign during April to protect children from tuberculosis, the Oregon state board of health is lending its effort along the same lines, according to its monthly bulletin.

Seeds of tuberculosis are sown during early years of life, and it is early discovery that is most desirable in the fight against it. The bulletin says: Children in whom tuberculosis threatens to gain a foothold may have symptoms so slight as to be overlooked. But there are certain diagnostic aids, such as the tuberculin test and the x-ray, which greatly aid in diagnosis. All children, particularly those who show signs of early tuberculosis, should:

1. Be kept away from sick people.
 2. Get plenty of sleep.
 3. Have their work, study and play so adapted to their strength as not to weaken their resistance.
- These, and other things which can be done, will be told the public during the campaign by local tuberculosis associations everywhere, and especially that a child who is below par in health should see the doctor regularly. Prevention must begin before the enemy strikes.

HOPEWELL, April 2.—Mr. and Mrs. Howard Stephens and family were dinner guests at the home of Mr. and Mrs. S. Moe of Bellevue Sunday.

Would you like to try this doctor's laxative free of charge?

Every family has occasional need of a laxative, but it should be a family laxative. One that can't form a habit, but can be taken as often as needed. When the breath is bad or tongue is coated. Or appetite fails. Only a doctor knows the right ingredients. Dr. Caldwell discovered the right mixture years ago. Dr. Caldwell's Syrup Pepsin combines harmless herbs and pure senna. It starts muscular action and soon corrects constipation. Gently, but surely, it relieves a bilious or sluggish condition. It is mild. Delicious. Effective. All druggists keep this famous prescription ready, in big bottles. Or write Dr. Caldwell's Syrup Pepsin, Monticello, Ill., for a free trial bottle postpaid.

The directors decided that the entire membership should have the details of the plan presented to them and a special dinner will be held on the evening of April 7 at the Gail Hotel, at which Mr. Foster will go into the matter further.

A special hand bill will be sent to all of the houses giving out reasons for residents to use all care in answering the census questions, what the census means to the community in a business and development program.

A joint meeting will be held with the Kiwanis club, Friday noon, April 11, at which time Harry L. Corbett, of Portland, one of the candidates for governor, will be the speaker.
