McDonald to Sing—Lyman McDonald will sing tonight at the First Christian church revival service and Dr. M. Howard Fagan, the evangelist, will preach a sermon especially for young people on "Why You Are What You Are." There will be no service Saturday night. Last night Fagan preached to a large audience on "Three Answers to One Question," that question being "What Must I do to be saved?" He answered the question from the case of the Phillipian jeweler, Saul of Tarsus, and the record on the day of Pentecost. Mrs. Earl Peary sang "His Eye is on the Sparrow." Mrs. W. F. Foster was accompanist.

Young people are now registering for the beginning class in shorthand which will be started at the Capital Business College next Monday. Not a week in the year passes that new students are not registered for regular courses, or special subjects.

Released upon Bail—For the second time F. A. Barnes has put up bail to face a hearing on a careless driving charge which was placed against him here in August, 1928. Thursday Barnes was released from the county jail when he posted \$1000 bail. Nearly two years ago he put up \$500 bail but left the state and did not return until this month when he was arrested and brought here to face the old charge. Barnes was arrested in 1928 just after an automobile-stage accident, the cause of the death of Effie Johnson Pugh, leading woman of a stock company which was playing here at that time.

STATE POSTERS ARE DISCUSSED

Method of Advertising Said Extremely Effective One For Oregon

Poster stamps and their effectiveness in advertising Oregon as well as in securing funds for other state promotion were discussed Thursday noon before the Salem Advertising club by K. C. Shelburne, who is in Salem this week representing the state chamber of commerce in its local sales campaign.

Shelburne said that poster stamps had been tested by national concerns and had been proved to be extremely effective in attracting the public's attention. He outlined to the club the methods followed in the sales campaign for the states. Using Dun & Bradstreet figures as a basis for computation each city was given a stamp quota on the basis of the number of mercantile listings. The individual quotas in each community.

Statewide education on the poster stamp campaign has been and is being carried on through the press by posters window-cards, movie trailers and other devices, said Shelburne.

The actual sales are made through a written presentation sent by messenger boy and followed by a telephone call. Seven out of ten merchants approached have bought stamps in similar campaigns in other states, Shelburne said. Costs on the stamps and their sale have been reduced to four cents, leaving 96 cents of every dollar obtained free for state use.

Shelburne said the quota set by his committee of the state chamber using one stamp a day for a business year of 300 days.

The committee announced for the Oregon-Spokane work in the club consists of Edwin Thomas, chairman, Leo Kafoury and Mr. Lineger.

An Ad club committee to plan for Achievement week in Salem, May 25 to May 31, was announced at the meeting. Willard Marshall heads the group and with him is Arthur Rahn and P. C. McDonald.

Scoutmasters to Meet—A round table discussion session for scoutmasters and troop committees of Marion and Polk counties has been called for next Wednesday night at the chamber of commerce beginning at 7:45 o'clock. Service Men Given Every Preference Asserts Chief Of Census in Local Area

Disproving complaints that he failed to appoint war veterans as often as possible in his selection of census enumerators, R. J. Hendricks, supervisor of the second Oregon district, yesterday mailed a letter to Capital Post No. 9, American Legion, pointing out that he had gone out of his way to give veterans positions. Of the 103 positions his office had to give out, 32 were given to veterans.

Hendricks' letter sets forth the case clearly and names also the 32 veterans who are taking the census. The letter in full follows: "The question has been raised as to the treatment of veterans in making appointments in the Second Oregon District as enumerators. I wish to state that we broadcast widely and in most, if not all cases, officially the idea that the law indicated that preference should be given to veterans, and that it would be practice of this office to observe this preference in letter and in spirit.

"We solicited applications in all four counties by veterans. We appointed every veteran who applied and took the tests, with the exception of one, who was unfortunately disqualified by his past record being up to requirements. We had 103 positions to give out in four counties. We gave 32 of them, over 30 per cent, to veterans. The following is a list of them, and their home addresses: Rudolph A. Horn, 2219 N. Liberty st., Salem, Sp. Am. War; Chas. W. Brant, 494 S. Winter Chas. Salem, Sp. Am. War; Paul Liphart, route 9, Salem, W. W.; Clarence W. Holder, route 4, Salem, W. W.; Andrew G. Miller, Aurora, W. W.; David E. McArthur, route 1, Hubbard, Sp. Am. War; Anna M. McGuire, Gervais, widow of W. W.; Chester J. Pugh, route 2, Woodburn, W. W.; William Bliven, 1060 N. 15th, Salem, Dis. W. W.; Ethan J. Allen, Woodburn, Sp. Am.; C. G. Pursley, route 9, Salem, W. W.; Robert W. Wyatt, 1960 S. Church, Salem, W. W.; Roby S. Ratcliffe, 1541 Fairmount Ave., W. W.; Francis J. Welch, 892 Breys Ave., Salem, Sp. Am.; Virgil C. Kruschke, Silverton, W. W.; Arthur Grod, 2235 N. Church st., Salem, Sp. Am.; Robert A. Blevins, route 2, Salem, Sp. Am.; Verne E. Arnold, Salem, W. W.; Bar R. Oliver, route 1, Salem, W. W.; Elmer W. Emmitt, route 2, Salem, Sp. Am.; Wilmer D. Powell, route 3, Dallas, W. W.; H. Jackson Perry, Tillamook, W. W.; Clarence Walbert, Garibaldi, W. W.; Ralph J. Arnold, Tillamook, W. W.; Iram M. Cruik, Tillamook, W. W.; Elvin R. Measor, Beaver, W. W.; Emery O. Jones, Newberg, W. W.; William H. Scheil, Dayton, Sp. Am. War; John M. Panek, route

1, Amity, W. W.; Soren Sorenson, Amity, W. W.; Paul R. Tharalson, route 3, Yamhill, W. W. Disabled; Leland R. Sackett, Sheridan, W. W.

"Besides this list of 32, we appointed 10 to 12, or possibly 15 wives of veterans, who were not included in the letter of the law. Among the 22 were two, C. C. Pursley and Robert Wyatt, who found they had other work by the time our work opened, and one of them (Mr. Pursley) asked that his wife, who had qualified, be appointed, and we appointed her. In the other case a neighbor who had qualified was appointed.

"We went so far in a number of cases to keep the lists open for at least a week after they were tentatively allocated and should have been closed in order to accommodate late comers who were veterans, thereby very much increasing our office work, and more or less impairing the service.

"I want to say further that in nearly every case there was a local applicant who was better qualified, according to the markings at Washington, for the place than the veterans whom we appointed. Also that we violated the spirit of the law in more than half the cases where we sent veterans from the outside to take the work that should have been given ordinarily to local candidates who were well qualified.

"Another case I think has come to your attention—the one at Independence, E. E. Paddock has been represented as not a resident of Independence. He has been a resident of Independence for the general or more, also a merchant, and holds property there now. He was only temporarily absent. Also he was the only applicant from that city. We attempted to get others to apply, but failed. He was recommended to us by the editor of the newspaper there, and by others as the very best man qualified to do the work, and we appointed him.

"I am quite willing to have these claims further investigated, because of the fact that we went out of our way, and went beyond even the spirit of the law to give work to unemployed veterans.—Very truly, Robert J. Hendricks."

CITY CLEANUP PROGRESSING

Sanitary Inspectors Report Few Obstacles as Work Is Carried Out

County and city sanitary inspectors who are making a thorough clean-up in the city are not finding into many difficulties in their work, according to word received yesterday from the county health office. Disposal of garbage and the law on that point is being made clear in some cases. The survey will be completed by the end of next week.

That families are being quite careful in complying with the garbage regulations, where they are known, is evident from the fact that much more garbage was disposed of at the city incinerator in March than in any previous month. Families numbering 414 made private delivery to the incinerator that month and 517 tons were hauled out in that month.

In order that the law may be still better enforced, the county health officer, calls attention to the essentials of the garbage ordinance. Refuse must be separated into burnable and unburnable material, the cans, granite ware, metal and glass to be placed in a separate container; collectors are not supposed to pick up garbage where it is not separated; householders must provide metal containers with close fitting lid for garbage and these must be emptied at least once a week.

Wet garbage must be drained and wrapped in a paper before it is placed in the can; and private families who bring refuse to the incinerator must do so before 10 o'clock in the morning or 3 o'clock in the afternoon, and especially tin cans for the fire is hottest at this time.

Any outstanding nuisances which are a detriment to health should be reported to the county health office on North High street.

Lightnin' Bill Jones

Remember the line in the lovable play, Lightnin', when Bill Jones received his pension check from the Government? "See all them names on there—Secretary of the Treasury, Secretary of War, and so on? This check ain't any good unless I sign it!" said Bill with an air of importance.

And he was right. Without his little endorsement, the check was a mere scrap of paper.

The little things of life, as you have often heard, are tremendously important. The small advertisements in this paper have messages for you that are just as important as the messages in the larger advertisements. Read the small advertisements as well as the larger ones.

Not only the so-called "want" ads, but the little "display" ads. Read them. Let them guide you to real merchandise values, real savings. Don't overlook them because they are small. Without the tiny detonator, or fuse, the big guns that shoot a distance of miles become merely tons of useless steel.

Be sure to read the small ads as well as the larger ones. They have something important to tell you of which their size is no indication
