

Lions Club Plans Annual Easter Egg Hunt Again This Year

THIRD EVENT OF KIND IS SLATED

Schedule Calls for Start to Be Made Later in Day, Announcement

The Lions club Friday decided to hold its third annual Easter egg hunt on Easter Sunday as in the past, rather than on the preceding Saturday as had been suggested, but to hold it later in the day than has been customary, so as to avoid interfering with church services and special programs. It will be held in Willson park.

Funds to finance the affair were raised at Friday's luncheon. Camp Fire girls will again cooperate by wrapping the eggs. Five thousand were provided last year and the number may be increased this Easter.

The committee in charge includes Harry Scott, chairman; Charles Hudkins, Newell Williams, Vernon A. Douglas and George Lewis.

The Lions elected delegates and alternates to the state convention at Bend June 6 and 7, as follows: Delegates, J. E. Fitzgerald, president; A. C. Haag, Harry Scott, Newell Williams and Leland Smith; alternates, Ralph Kletzing, M. Clifford Moynihan, Vernon A. Douglas, Frank Lynch and George Lewis.

SMILING VALLEY IS AWAITING VISITORS

Highway the Salem Bulb company has fine tracts of tulips now in bloom. An additional point of interest for Blossom Day are the grounds of the state hospital where visitors are welcomed.

Biblical Drama Is Presented at Church in Salem

The Biblical drama, "Dinah, Queen of the Berbers," was presented last night at the Jason Lee church and met with such enthusiasm that it will be given at the church again Sunday night at 8 o'clock.

FIRST POLICE AIR PRECINCT IN U. S.

Ruth Elder, noted trans-Atlantic aviatrix, now the wife of Walter Camp, with Major James Fitzmaurice, noted airman and one of the trans-Atlantic crew of the airplane "Bremen" at North Beach, N. Y., breaking christening bottles over the two new amphibian airplanes to officially open the first air precinct in the United States. The air precinct will be equipped and operated just the same as a city station house with a complement of lieutenants, sergeants and patrolmen of the New York Police Department.

HAIN'S SHOP WINS 2 GAMES OUT OF 3

Hain's Body Shop bowlers won two games from the Sunfreze team, now leading the Statesman league, in Friday night's play.

Falops Clothing won three straight from Central Pharmacy, Clatskanie scoring high series, 564. Day and Niles women's team came through with a high 2396 total to win two games from Carson Pharmacy.

AID MEETING HEARS LUTHERAN SPEAKER

WOODBURN, April 11—Rev. Carl Foss of Tacoma representing the Lutheran colleges at Parkland, Washington, addressed the Dorcas Ladies' aid meeting in the Lutheran hall Thursday afternoon.

Mrs. Peter Brackmann presided over the meeting which opened with two hymns, Agnes Juve accompanied, Rev. H. Roger read the scriptures and lead prayer, opening the business session. The society went on record as morally supporting good music week in cooperation with the community program.

The program, following the theme of self-denial, began with a reading, Alice Block playing "The Holy City." Arnes Brockmann gave a reading, followed by a piano solo by Alice Block. Edna Quesseth talked on thoughts of spiritual growth and Mrs. O. Bjornas talked on "The Cross, the Fact and Factors." A quartet number followed by self-denial catechism by Myrtle Ashland and Helen Mattison closed the musical part of the program, the remainder of the time being given over to Rev. Foss' talk.

Hostesses were Mrs. O. Bjornas and Mrs. Tom Haugen.

SPEED TEST ABANDONED

DATTONA BEACH, Fla., April 11—(AP)—Kays Don, British racing champion, has decided to postpone indefinitely his attempt to break the world's automobile speed record of 231 miles an hour, and plans to leave for New York tomorrow afternoon, it was learned here late today.

BLOOD TEST PLAN FLAYED BY EXPERT

(Continued from page 1.)

Los Angeles stenographer. Los Angeles authorities declared Miss Watson's child, abandoned in a Los Angeles hotel room, was taken in charge by a woman who signed her name as Mrs. George F. Schaefer of Portland, Ore., the California officials said the woman who took the infant last January represented herself as an aunt of Miss Watson.

Commenting on the blood test, Dr. Levin said, "any blood test to establish parentage is a negative thing. The matter of blood tests is controversial, but it is generally recognized that no blood test can be declared positive."

Dr. Dillehunt declared "such a test does not mean a thing." Dr. Miller willingly described the experiment. He said he first placed a specimen of Mrs. Schaefer's blood upon a machine he described as a "radiation machine," which resembled a radio receiver. He declared the apparatus indicated a certain rate of vibration for the blood.

"Then," he continued, "placing a specimen of the child's blood on top of the first specimen, I found the vibrations were the same, indicating that the child was Mrs. Schaefer's offspring. The same applied to blood specimens from the child and Mr. Schaefer.

"I would be willing to testify in court that Mr. and Mrs. Schaefer are the child's parents," he concluded. Meanwhile the local police investigation of the case was halted, pending word from Captain Martha Randall, Portland police woman who is in Los Angeles. Captain Randall has been requested to obtain fingerprints of the child born to Miss Watson for comparison with prints of the infant claimed by Mrs. Schaefer. The Delmore Lessard, attorney for the Schaefers, said he would willingly submit Georgiana Jane Schaefer to such a test.

Portland police women said they were inclined to doubt Mrs. Schaefer's statement yesterday through her attorney that it was her twin sister, Laura Reynolds, who took charge of Miss Watson's infant at Los Angeles.

CAMPAIGN EXPENSE INQUIRY IS DELAYED

WASHINGTON, April 11.—(AP)—The senate's inquiry into the campaign chests of senatorial candidates was delayed today with the announcement by Senator Johnson, republican, California, that his many other duties would forbid his acceptance of the chairmanship of the investigating committee.

Informing of Senator Johnson's decision, vice president were marking the time and some intimated their decision to serve would depend on the selection of a chairman.

Other members appointed to the committee are Senators Goldsborough, Maryland, and Patterson, Missouri, republicans; and Pittman, Nevada, and Wagner, New York, democrats.

Selection of a successor to Johnson is restricted by the limitation in the investigating resolution that no member shall serve on the committee in whole or in part until election will be held this year.

ROBBERS SOUGHT BY PURSUING OFFICERS

PIQUA, Ohio, April 11—(AP)—Posses tonight pushed their search for members of a bandit gang that held up the City National Bank and Trust Co., today, robbed it of approximately \$6,000 in currency and escaped after they had slain one man and wounded three others. Meanwhile the bank announced the offer of \$1,000 reward for the capture of the thieves and Miami county commissioners supplemented this with \$5,000 more.

The robbers, who riddled the downtown section with hundreds of rounds fired from machine guns and rifles, were pursued by a hastily organized posse, headed by Chief of Police Frank Gekle of Piqua, and Sheriff Frank Mathews. They drove north from Piqua on the Dixie highway, riddling the sunlight of gunfire from citizens along their route. The posse followed them as far as Sidney, Ohio, but lost the trail at Fort Laramie when an overheated motor set fire to the sheriff's automobile and destroyed it.

HEART BALM SUIT INVOLVES BIG SUM

SPOKANE, April 11—(AP)—Caroline Richey, suing Lela Richey for \$8,000 for alienation of affections, said Lela lured Lee Richey away with a red lured suit.

Caroline was Lee's first wife. Later he married Lela, Caroline's sister-in-law. Lela was first married to Richard Brown, wealthy Huber, Ore., lumberman, testimony disclosed.

Caroline Richey testified that before Mrs. Lela Brown's husband died, Lela had become interested in Lee Richey.

"She told me she thought Lee was the most wonderful man she had ever seen," Caroline sobbed on the stand. "The day my baby died she came to the hospital to see me—she had a Mae Murray bob and was all dolled up. She expressed no sympathy for me.

JAPANESE FACING HARD TIMES PERIOD

TOKYO, April 11—(AP)—Japan's long period of depression in trade and industry was reflected today in the one-day closing of the Tokyo stock exchange and the strike of 5,000 cotton mill hands in Osaka, Kyoto and Hyogo.

Shares listed on the exchange were said to have declined 30 per cent in value in two years, causing a paper loss of nearly \$4,500,000. The strike of mill employees was precipitated by the announcement of the Kanegafuchi Spinning company that it had cut wages of its 50,000 employees 23 per cent.

Other spinning companies followed the lead of the giant Kanegafuchi company by reducing the wages. Labor leaders are aligning political and other forces to resist wage decreases despite general depression. Among causes assigned for the economic distress in Japan are the lessened American demand for raw silk, Japan's most important export; India's increased tariff on cotton fabrics, the second largest export from Japan; the slump in price of silver bullion which has affected China's market for Japanese goods and the declining specie reserves due to the removal January 11 of Japan's embargo of gold exports.

At the opening of the stock exchange today bears hammered the prices well below yesterday's closing. The directors suspended trading one hour to clear the confusion, but when a selling stampede was threatened they closed for the day at 1 p. m.

Manipulation by political opposition leaders was blamed by the Hamaguchi cabinet members for the condition of the market. Serious social troubles are predicted by some observers to grow from the economic depression and strikes. Attempts are being made by proletarian political parties to make capital of the situation, and the Japanese federation of labor

FIVE POWER PACT PARTLY AGREED ON

(Continued from Page 1.)
terday, was credited with opening the plan for a five-power pact which France and Italy could sign in part. As a result, the Americans were showered with congratulations today at Stimson's big garden party, given at Stanmore.

British Naval Chief Tells His Viewpoint
Meanwhile the first lord of the British admiralty, A. V. Alexander, delivered at Sheffield an important address interpreting the results of the conference for Great Britain. He declared that as a result of the three-power agreement Great Britain would receive at least between 60,000,000 pounds and 70,000,000 pounds (about \$300,000,000 and \$350,000,000).

He added that the treaty would mark a valuable development in cementing British friendship with the United States, "friendship which of itself alone must have profound effect upon the peace of the world." He also paid tribute to the good will and friendship shown by the Japanese delegation and gave recognition to its contribution in settling naval problems.
