

MYSTERY DEEPENS IN CHILD'S CASE

PORTLAND, Ore., April 11. — (AP) — Mystery surrounding the birth and parentage of little Georgiana Jane Schaefer, claimed as their daughter both by Mrs. George F. Schaefer of Portland and Miss Geraldine Watson of Los Angeles, deepened today with the entrance of a third woman into the case.

Dellmore Lessard, attorney for Mrs. Schaefer, declared today that it was not Mrs. Schaefer who took charge of a baby alleged to have been abandoned in a Los Angeles hotel last January by Miss Watson. Lessard said the woman was Mrs. Schaefer's twin sister, Laura Reynolds, an intimate friend of Miss Watson. The attorney declared Miss Reynolds represented herself to Los Angeles authorities as Mrs. George F. Schaefer of Portland, and Miss Watson's aunt.

Meanwhile, Lessard said, he is prepared to resist any effort of Los Angeles officials to gain possession of the infant Mrs. Schaefer calls Georgiana Jane and claims was born in Portland maternity hospital. Lessard admitted blood tests were to have been made here today with a view of establishing whether or not Georgiana Jane is Mrs. Schaefer's child. He said results of the test would be known in two or three days.

The attorney said Mrs. Schaefer does not know the whereabouts of her sister, Miss Reynolds, at present. He said when Mrs. Schaefer last heard from Miss Reynolds she was in Redlands, Cal.

IMMIGRATION CURB IS AGAIN REQUESTED

WASHINGTON, April 11. — (AP) — Immigration restrictions against the Latin American countries and the Philippines were proposed today in both branches of congress as a means of checking what was described as the "deplorable" unemployment situation in the United States.

Opening debate in the senate on his bill to apply the quota laws to all central and southern American nations Senator Harris of Georgia, democrat, said 7,000,000 persons, many of them veterans of the world war, were out of work in this country and that thousands of their jobs had been taken by Latin immigrants, mostly from Mexico.

Rep. Welch of California, republican, testified before the house immigration committee at initial hearings on his bill to place Filipinos under the same restrictions applicable to Chinese and Japanese, that "deplorable" unemployment conditions existed in his state as a result of the

Pending accumulation of income, Mr. Smith had offered to add a cash sum needed for the first year's prizes.

MRS. OESTERREICH REFUSES TO TALK

LOS ANGELES, April 11. — (AP) — Mrs. Walburga Oesterreich, the woman sought in the eight year old mysterious murder of Fred Oesterreich, wealthy Milwaukee, Wis., manufacturer, today made her promised appearance before the district attorney. Official expectations of obtaining sensational evidence from her went to naught. She refused to talk of the murder or of Otto Sanhuber, her alleged little lover and confessed slayer of Oesterreich.

An expected meeting between Sanhuber and "Dolly," as he had called her during the 18 years she hid him in secret compartments in her Milwaukee and Los Angeles homes, also did not materialize. As she left the investigators' office Sanhuber was taken in through another court. The district attorney had planned to bring the two face to face for a grilling. On the woman's plea that she was too distraught over the murder re-inves-

ENDOWMENT FUND IS \$200,000 SHORT

Another plea to raise the balance due on Willamette university's endowment fund was sent out recently in the form of letters to those who have pledged to the fund. The goal of the endowment is \$1,000,000, \$650,000 of which must be raised by the university, while the remaining \$350,000 will come from the general education board of the Rockefeller Foundation.

The administration has been working for seven years in an effort to complete its quota and less than six months remain for the university to profit by the Rockefeller fund. It is understood that no extension of the time will be granted after October 1 of this year.

The drive to put the fund across extends even to the students who may be asked to contribute toward the endowment. It was pointed out that an average gift of \$10 from each student would make a
